JAPANESE SEND GOLD OUT OF THREE CITIES

Washington, March 20.—The Japanese in San Francisco, Seattle and Honolulu are drawing \$10,000,000 in gold every year out of the stacks of money in those three cities and shipping it to Japan. In ten years it is estimated by treasury officials that \$100,000,000 in gold has been permanently added to Japan's bank reserves, all drawn from San Francisco, Seattle and Honolulu.

This constant drain of gold from the United States to Japan represents the savings of the subjects of the mikado who are residing temporarily on the Pacific slope and in Hawaii.

The Japanese in America do not become citizens of the United States. They come here to earn money, and having earned it send it back to Japan for investment there.

PRAIRIE CITY BANK FORCED TO CLOSE

Baker City, Or., March 20.—The Stockmen's & Traders' Bank at Prairie City failed to open its doors for business today, officers of the bank stating that there is not sufficient cash on hand to meet the demands and they were forced to suspend. The state bank examiner has been notified.

Little surprise at the failure is expressed by the people of Prairie City for it has been known for some time heavy strain, and a great many depositors withdrew their funds before the crash came.

COUNTY DIVISION MATTER WILL BE PUT BEFORE THE PEOPLE

Cottage Grove Citizens Getting Information As to Forest Reserve Boundaries

A meeting of the Cottage Grove Commercial Club legislative committee was held in the club rooms Wednesday, at which meeting Forest Supervisor S. C. Hartman, of Roseburg, was present by special invitation, with whom the committee was desirous of conferring and taking up the matter of the permanent establishment of the proposed Nesmith county boundary lines through the forest reserve in the eastern part of Lane and Douglas counties, and is understood the Commercial Club committee received all the information desired on this subject from Mr. Hartman, preparatory to drafting their initiative petitions for the purpose of submitting the proposed creation of Nesmith county from a portion of southern Lane and northern Douglas, to a vote of the people at the general election in 1910. This new county proposition is to be put before the people in a clear and concise manner, with just as good, if not better, prospects for success than was afforded Hood River at the last general election. It is a just and worthy cause and will succeed.—Leader.

HOME TELEPHONE WINS IN MEDFORD

By a vote of 322 to 125 in the election held Friday the Citizens' Telephone Company won the fight for its franchise. The vote was a light one as compared with the last city election, at which 926 votes were cast. The fight for the franchise was characterized by hard fighting through the press by both the Citizens' Telephone Company and the Pacific Telephone & Telegraph Company, but the public seemed to take absolutely no interest in the campaign.—Medford Mail.

WHAT IS SUCCESS?

Success in piano selling is to be able to supply the highest grade of instrument for the least possible price. Stevens & Hulin claim to have reached that distinction and point with pride to the several hundred enthusiastic patrons of the house as testimonial in this direction.

The presence in their line of the world-famed Chickering and Weber pianos is positive evidence of business integrity—and the prestige thereby gained can not be commanded—cannot be purchased—it must be deserved.

The large number of sales made by this house—even during the so-called dull season—is evidence that the people of Eugene appreciate square dealing and the disposition of the management to make good in every particular.

Satisfaction is guaranteed in every instrument sold by this house. STEVENS & HULIN, Commercial Club Block, Eugene, Oregon.
