

BUSINESS CHANGE AT

COTTAGE GROVE

Veatch & Lawson Dissolve Partnership — Other News Items

Veatch & Lawson are no more. It now reads Walker & King. The popular furniture firm made this change in proprietors this week, though the deal is not entirely consummated, as all of the stock has not yet been taken. Mr. Lawson will pull out of the business, and while he does not know for certain what he will do, he will probably remain in settling the book accounts of the old firm. Mr. Veatch has reserved the undertaking, piano and sewing machine departments. He will shortly have a chapel erected in a suitable location for his undertaking supplies and business, and will probably secure a business location for pianos and sewing machines. J. B. Simeral, who has been with the old firm for some time, is out of a job by the change, which does not affect him much, as there is plenty of opportunity to get back in the harness again.

Howard Beagle is erecting a neat building on the corner of his residence lot on Fourth street to be used as a workshop or factory for the manufacture of one of the very best washing machines on the market, for which he has the patent right for this state. He will put in the necessary machinery with which to manufacture these machines, at first, of course, on a limited scale.

O. M. Kem, one of the proprietors of the Cottage Grove electric light and power plant, who recently purchased a beautiful, six-two-acre tract on Wall street, between the Comer and Reese residence properties, has awarded a contract for a commodious, modern one and a half story cottage home, 30x42 feet in dimensions, not including the porches. The contract for the foundation and carpenter work was awarded to Will Hart; the plumbing to Dave Allison and the painting to R. W. Waters. Charles Cochran, wife and baby contemplate moving to Creswell in a short time, so that Mr. Cochran may give more attention to his real estate business at that place. He will make some disposition of his interest in the Bazaar here.

Captain Bert Lawson says he has sold out his business in order to devote more time to his campaign for councilman, and if elected will probably run just as sprightly to keep out of reach of his city constituents.

Andrew Nelson, went to Eugene Thursday, and after a few days' visit with his parents will go on a trip through Eastern Oregon, Idaho and Nevada to look over some of the propositions for the installation of electric power plants.

Rev. Henry L. Nave, D. D., for nearly two years pastor of the Presbyterian church of this city, has accepted the position of field representative for Albany College, and his work here closes next Sunday, the new work beginning April 1. The doctor will travel all over Oregon, preaching Christian education, and securing students for the college at Albany. A successor has not as yet been chosen.

Captain Johnson was a Portland visitor this week, attending the United States district court in the matter of the Philip Hohl bankruptcy proceedings. Mr. Hohl's liabilities are now \$3500, with only a few book accounts that can be realized upon. The financial trouble was caused by a strike in a mill in which he was connected about three years ago.

Harry Weber was transacting business at Eugene Thursday and invested in one of McClanahan's incubators and brooders. Mr. Weber will handle Barred Rocks on quite an extensive scale. Leader and Western Oregon.

COTTAGE GROVE CLUB

MAKES PROTEST

Cottage Grove, March 20.—In protest against the reported movement to remove the Vancouver military headquarters to Seattle, the Cottage Grove Commercial Club has passed the following resolutions, copies of which have been forwarded to congress:

Whereas, This Commercial Club has been advised that a movement is on foot to move the present military headquarters of the Department of the Columbia from Vancouver, Wash., to Seattle, Wash., and

Whereas, It seems to be the opinion of military officers that such a move would be prejudicial to the good of the militia, and that no benefit would result from said move except the upbuilding to Seattle; and

Whereas, Vancouver, Wash., or Portland, Or., are the most centrally located points for the direction of operations for the states comprising said department, now.

Therefore, This club, in session assembled, urges you to use your influence to prevent the moving of the headquarters as contemplated; or, in case they are to be moved, that they be changed to Portland.

COMMERCIAL CLUB OF COTTAGE GROVE.
H. O. Thompson, President.
F. H. Rosenberg, Secretary.

PILES CURED IN 6 TO 14 DAYS.

ENGINEERS TO MEET

AT SAN ANTONIO

Preparations Are Being Made For Great Convention • Next Week

San Antonio, Texas, March 22.—The biennial convention and reunion of the Grand International Division, Brotherhood of Locomotive Engineers, and of the Ladies' Auxiliary, will be held in this city during the first three days of next week. More than 2000 visitors from all parts of the United States, Canada and Mexico are expected and the local members of the brotherhood are making elaborate plans for their reception and entertainment. The convention headquarters will be at the Menger hotel.

Welcoming addresses by Governor Campbell, Mayor Callaghan and others will occupy the initial session. Business sessions will be held morning and afternoon of the second day, with a reception and ball in the evening. The latter will constitute one of the principal features of the entertainment program. The concluding business session will be held on Wednesday morning, and a trolley ride about the city and suburbs is planned for the afternoon. Following the close of the convention many of the delegates will take a trip to Mexico.

The grand officials of the brotherhood who are expected to attend the convention are: Grand Chief Engineer Warren S. Stone, Cleveland, O.; Assistant Grand Engineers H. E. Willis, Fred A. Burgess and E. Corrig, of Cleveland, O., and the president of the insurance department, W. E. Dutch, of Cleveland, O.

Among the officers of the Ladies' Auxiliary who will attend are: Grand President Mrs. W. A. Murdock, of Chicago; Grand Vice President Mrs. Casswell, of Columbus, Ohio; Second Grand Vice President Mrs. W. D. Oland, of Denison, Texas, and Grand Guide Mrs. Harry Murray, of San Luis Potosi, Mexico.

GOVERNOR HADLEY

MAY GET JUDGESHIP

Jefferson City, Mo., March 20.—It is rumored here that Governor Hadley will soon resign and accept an appointment to the United States bench in the Northwest.

The reason for his resigning, the rumors say, is that the climate here does not agree with him and he wishes to take up his residence in a place more fitted to the improvement of his health.

It is reported that President Taft is pleased with the idea of Governor Hadley going on the federal bench, and is ready to give him an opportunity. Hadley is a Yale man.

Fulton and Pruitt
Washington, March 20.—Senator Heyburn of Idaho interviewed President Taft today for the purpose of recommending the appointment of General Warren Pruitt, of Moscow, Idaho, for the new fourth district judgeship in Alaska. The senator also urged the appointment of ex-Senator Fulton to the new judgeship in Oregon.

MAKE THIS BE THE LAST DAY OF SUFFERING

COTTAGE GROVE CLUB

MAKES PROTEST

Free Yourself Now from Dread Indigestion and Stomach Trouble by Taking a Little Diapiesin Which Cures Before You Realize It.

Miserable indeed is the man or woman whose digestive system is unworking—who goes to the table and cannot eat or what little is eaten seems to fill them and lays like a lump of lead on the stomach, refusing to digest.

If you, dear reader, suffer this way and will put on your wraps now and get from your pharmacist a 50-cent case of Pope's Diapiesin, after eating one 22-grain Triangule after your next meal you will appreciate in five minutes, how long you suffered unnecessarily.

There will be no more indigestion—no misery in the stomach—no sour risings or belching of gas, no heartburn, flatulency or eructations of undigested food and acid or feeling of nausea, fullness, headache or other symptoms of a weakened stomach.

Stomach trouble and indigestion vanish like snow before the blazing sun.

When Diapiesin works your stomach rests—gets itself in order. Diapiesin purifies and sweetens a sour stomach and freshens the intestines without the use of laxatives, and what is more it increases the gastric juices. This is what your stomach is begging for—more and better digestive juices. This is what makes you hungry and want to eat, and you can rest assured what you then eat will be taken care of properly and not left in the stomach to ferment and turn to gas and acid, and poison the system with noxious odors.

Get a 50-cent case from your drugstore now—yoursight to have Diapiesin about your person always. Should one of your family eat something which does not agree with him or which does not agree with him or for a sick stomach or exuberant gas, one Triangule will always give immediate relief.

Electric light and gas bills are now due. Payable at the office of the Willamette Valley Company, 644 Willamette street.

We Manufacture Mattresses also Make Them As Good As New

Mattress Sale and Information

Hosier Kitchen Cabinets White Sewing Machines Buck's Stoves and Ranges

Season Tickets, remaining three numbers, \$1.75. Single Admissions \$1.00
Children under 16 half price. Tickets on sale at Linn's Drug Store Monday

In the foregoing pages my friends and the press have had much to say about me, but this page has very kindly been reserved for me to express a few heartfelt throbs of gushing thoughtlessness and things.

I am accused of being a humorist, also an artist. I suppose I must plead guilty to both charges, but though my humor is contagious it is quite harmless and some even consider it very agreeable. Any in the audience who happen to catch it, generally break out with the snickers the same day, unless they happen to be English—then they are not affected. Sometimes, until weeks afterwards.

I carry with me, my "entire company," consisting of one large bundle, two grips and an umbrella—all stars. I am the leading lady, also the villain and the tenor robusto, also the basso profundo, property-man, Marks, Little Eva, Topsy and the ferocious blood hounds—in fact, I am the whole business.

I draw pictures and crowded houses. Where a piano is on the stage, I also play a few pounds and some choice cuts of classic music—schertzos, collar-buttons, etc., and where it is safe, I sometimes sing a few songs, written especially for me, by a lead pencil: where there is no piano, why I sing and act just as foolish, so the audience gets its money's worth anyhow.

I would offer a few suggestions for the comfort of the audience, as well as for my own convenience. None but the patent, noiseless babies should be allowed in the audience, and ladies in the audience should have their hats trimmed with lawn-mowers. Hammocks should be hung under the gallery, in order that sparking and love-making may be suspended during the performance. My name will be conspicuously displayed on the bill-board, before I come to town and possibly on the board-bill after I have left.

Men are requested not to go out between acts nor come in between drinks. Science tells us that genius is a disease, but do not fear an epidemic as a result of my visit to the town.

Yours without a snicker
A. Packard

P.S. The picture on the front of this circular is supposed to look like me, but it doesn't. To get a first class picture of myself for publication, I thought I would sketch myself in the looking glass—here is the sketch—A.P.

P.S. 2. The strain was too much for the glass—it broke. A.P.

P.S. 3. The likeness is not so bad; I'm broke too. A.P.

P.S. 4. You can't judge a person by his looks anyway. Good looks are about as much evidence of brains as crimps are of a head of hair. A.P.

P.S. 5. Keep cheerful. A.P.

MY PICTURE
