Do You Get Up With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Home, 231 West 14th Street, Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

NEW ENGLAND WOMAN FACES TRIAL FOR DOUBLE MURDER

Boston, Mass., March 27.—Not since Jane Toppan was convicted more than a decade ago of the wholesale poisoning of her friends and relatives has this section of New England been so stirred over a poison mystery as it has been this week by the developments in the case of Mrs. Mary Kellehor, the Somerville woman who has been indicted on the charge of murdering four members of her family. As in the case of the Toppan woman, Mrs. Kellehor is alleged to have killed her victims by administering arsenic in their food. The persons alleged to have been killed by Mrs. Kellehor are: Annie T. Kellehor, aged 31, a sister of Mrs. Kellehor's husband, who died March 1, 1906; Mary Kellehor, 3 years old, daughter of Mrs. Kellehor, who died November 12, 1906; William Kellehor, 10 years old, son of Mrs. Kellehor, who died January 14, 1908; and Katherine Kellehor, 12 years old, eldest child of Mrs. Kellehor, who died July 23, 1908. The case of Mrs. Kellehor first came under public notice last December when she was arrested on a charge of setting fire to the house of Prof. A. J. Lowell, of Harvard, by whom she was employed as a domestic. The bodies of the four persons who are alleged to have been victims of poison were buried in an Arlington cemetery, and remained there until after suspicion was aroused by Dr. M. W. White of Somerville, who called the attention of the police to the successive deaths in the Kellehor household. An investigation was ordered and the bodies were disinterred. Traces of arsenic are said to have been found in all of the bodies. The police also found that life insurance had been paid to Mrs. Kellehor after the death of each member of the family. It is understood that the case of the state is based on the claim that Mrs. Kellehor was the person who had exclusive opportunity to administer the poison, and that she was the only person to benefit in a pecuniary sense from the death of those who had died. It is the claim of the police that during the brief illness of each one Mrs. Kellehor employed no nurse and had only occasional assistance from friends and neighbors. Since her confinement in jail Mrs. Kellehor has been under observation for the purpose of determining her mental capacity. Before the inquiry into the supposed homicides was started two physicians were appointed to study Mrs. Kellehor. They have had a number of interviews with her but she has baffled them by her dextrous wit. Reports of the activity of the police in the investigation of the deaths of her children came to Mrs. Kellehor's ears about two months ago. The prisoner is said to have become very nervous and excited. The physicians who had been observing her noted so serious a nervous weakening that they advised the sheriff to give her employment in the sewing room. If she were not employed the doctors said a collapse was inevitable. But despite repeated questioning the woman has made no admissions as to the deaths of her children. the title to the play will be "The Right to Happiness."

PLAYS AND PLAYERS

Alice Fisher is to appear in vaudeville in a condensed version of "Captain Jack."
"Paid in Full" is to be given a production in Holland during the month of May.
Charles Frohman has engaged Leo Mars for the role of the French marquis in "The Dollar Princess."
Miss Florence Roberts is ill in Kansas City. She is said to be on the verge of a nervous breakdown.
Henry B. Harris has accepted a new comedy written by Nello Chambers. It is described as dealing with American life.
Le Bargy, the French actor, is to play the leading part in Rostad's "Chanteleer," which was originally designed for the late Coquelin.
Flora Zabelle has been engaged for Bettina, and Estelle Westworth will sing Flammetta in the revival of the "Mascot" in New York next month.
Miss Percy Haswell, now playing with Otis Skinner, is to have the leading part in a new play by Booth Tarkington, entitled "Foreign Exchange."
The Shuberts have recently acquired through Sanger & Jordan the American rights to "The Belle of Brittany," which is now running in London with great success.
Miss Henrietta Crossman will fill an engagement in Chicago in April, presenting a new play, entitled "Sham." It is described as a witty satire on New York's smart set.
When Rosenthal sails to London to test the British sense of humor with "The Chorus Lady," Margaret Robe will be a member of the company. Miss Robe has not appeared upon the stage for several years.
Klaw & Erlanger have recently obtained from Channing Pollock the rights for a new play, which is to be completed for an early production next season. It is understood that

EMERGENCY HOSPITAL IN A HOTEL.
The Waldorf-Astoria hotel, in New York, is the first hotel in America to install an emergency hospital under its roof. This picture shows the neat and well equipped room which has been set apart for the care of persons who may happen to be injured in the big hostelry. It has a surgical chair, operating table and all the appliances necessary to giving first aid to injured persons.

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases. Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as to what you feel, to World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

MUNICIPAL OWNERSHIP PLATFORM

To the Voters of Eugene:—
This is our declaration—For the enforcement of law and order, and a progressive administration, we stand upon our record of the past two years.
We pledge ourselves to complete the McKenzie power plant at the earliest possible time, in order that the city may have and own the power necessary and adequate for pumping water.
We have already taken steps to secure wells of pure water for our water system. It will be our aim and object to accomplish this purpose, without delay.
We propose to continue the extension of the water mains throughout the city until every householder can be supplied with water.
We are decidedly in favor of municipal ownership of lights, when authorized by the people.
It will be our policy in the future, as it has been in the past, to administer the city government in the interest of all the people, without fear or favor, and free from the dictation of corporation interests.
