ENCAMPMENT OF O. N. G. AT CLACKAMAS

To Be Held On State's New Rifle Range Next July

Portland, April 6.—Plans were made and dates fixed for the annual camps of instruction and the state rifle competition at a meeting of the new general staff of the Oregon National Guard, held yesterday at the headquarters of Adjutant-General W. E. Finzer. Here is the schedule of events as fixed by the staff:

Field exercises, Third Infantry, to extend eight days from July 12.

Field exercises, Fourth Infantry, to extend eight days from July 24.

Field exercises and target practice, Light Battery A, to extend eight days from August 7.

Annual small arms competition, to begin July 20, and continue until completed.

Coast Artillery instruction of first company of Coast Artillery at regular garrison about mouth of Columbia river. Date not fixed.

The infantry camps will be at the ne wrifle range near Clackamas station on the Southern Pacific, 12 miles south of Portland. The field battery will go to Seaside. The rifle competition will be held on the new Clackamas range.

First Meeting of General Staff

It was the first meeting of the general staff, the new organization which, in accordance with the amended military code of the state as passed by the last legislature, fixes the military policy of the state. The session opened at 10:30 a. m. and continued all day. General Finzer, as the senior officer of the state service, presided. Captain Loren A. Bowen, Third Infantry, was designated as permanent secretary. The other members of the staff present were Colonel Charles E. McDonell, of Portland; Colonel George O. Yoran, of Eugene; Captain Samuel White, of Baker City, and Captain Hiram U. Welch, of Portland.

The most important matter passed upon was the annual camp of instruction. Field maneuvers at American Lake are held every other year, and as the program there was carried out last summer, it was necessary for the staff to arrange a suitable instruction program for the present season.

An invitation was read from the exposition officials at Seattle urging the attendance of the Oregon Guardsmen there The idea prevailed, however, that the Guard must confine itself to the serious business of perfecting its efficiency for war service and that pleasure junkets are not to be thought of. Besides the funds would not admit of the Seattle expedition even if the serious program of instruction should be taken up by the troops at that point.

RELIEVES ALL DYSPEPSIA IN FIVE MINUTES

FREE YOURSELF FROM ALL STOMACH BY TAKING A LITTLE DIAPEPSIN, WHICH DIGESTS YOUR MEALS AND PREVENTS FERMENTATION WHICH CAUSES GAS AND OTHER MISERIES.

As there is often some one in your family who suffers an attack of indigestion or some form of Stomach trouble, why don't you keep a case of Diapepsin in the house handy

The harmless blessing will digest anything you can eat without the slightest discomfort, and regulate a sour Stomach five minutes after.

Tell your pharmacist to let you read the formula plainly printed on these 50-cent cases of Pape's Diapepsin, then you will readily see why they cure indigestion, Sour Stomach, Heartburn and prevent at once such miseries as Belching of Gas, Eructations of sour undigested food, Nausea, Headache, Dizziness, Constipation and other stomach disorders.

Some folks have tried relief from indigestion with the common everyday cures advertised that they have about made up their minds that they have something else wrong, or believe theirs is a case of Nervousness, Gastritis, Catarrh of the Stomach or Cancer.

This is a serious mistake. Your real trouble is, what you eat does not digest; instead, it ferments and sours, turns to acid, Gas and Stomach poison, which will putrefy in the entire digestive tract and intestines, and besides, poison the breath with nauseous odors.

A hearty appetite, with thorough digestion, and without the slightest discomfort or misery of the Stomach is waiting for you as soon as you decide to try Pape's Diapepsin.

One candy-like Triangule, taken after eating, will promptly digest your food, the same as a strong, healthy stomach would do it.

MYSTERIOUS SUICIDE AT YONCALLA

Roseburg, April 6.—A coroner's inquest was held today at Yoncalla over the boly of a well-dressed transient found Saturday in a cow corral near the railroad with an empty vial by his side which had contained carbolic acid. To prevent identification he had ripped the maker's label off his coat and scratched his address off a postal card bearing the postmark Indianapolis. He had pawned his watch in Portland and the ticket bears the name of Larson, but it is believed to be an assumed one. He told hobo companions he was a stenographer from Seattle and was trying to get to San Francisco. He had only three cents in his pocket. He was apparently about 25 years old. The body was sent to Roseburg. He was about 5 feet 6 inches tall, and of sandy complexion.

WHAT IS IT?

The Kryptok lens is the most justly celebrated optical specialty of today.

Kryptok lenses are bifocal glasses without the objectionable appearance and qualities commonly associated with bifocal lenses.

Kryptoks are light, solid lenses, with perfectly even, unbroken surfaces. They are absolutely indestructible except by breakage, and present no hard "lines" obstructive to sight and destructive to the nerves.

Kryptoks are made to fit near and far vision requirements of any individual. They are by far the most serviceable and the only perfect bifocal lenses.

Dr. Franc Lucille Hard has been given the agency for these desirable lenses and will be glad to explain and show them to any one. The people are cordially invited to call at her office and inspect them.

BIDS WANTED FOR LOGGING CONTRACT
