

Pure Blood

Is certain if you take Hood's Sarsaparilla. This great medicine cures those eruptions, pimples and boils that appear at all seasons; cures scrofula sores, salt rheum or eczema; adapts itself equally well to, and also cures, dyspepsia and all stomach troubles; cures rheumatism and catarrh; cures nervous troubles, debility and that tired feeling.

Sarsaparilla—For those who prefer medicine in tablet form, Hood's Sarsaparilla is now put up in chocolate tablets called Sarsaparilla as well as in the usual liquid form. Sarsaparilla has identically the same curative properties as the liquid form, besides accuracy of dose, convenience, economy, no loss by evaporation, breakage, or leakage. Druggists or promptly mail. C. I. Hood Co., Lowell, Mass.

Mrs. C. K. Tyler, Burlington, Vt., says: "The cure of a large farm, so much to do and so little health to do it with, caused almost a complete breakdown; blood poor and thin; no strength, little sleep. Hood's Sarsaparilla gave appetite, natural sleep, perfect health, strength to do all my work."

MATCHED FOR TUESDAY

Urlacher and LaSalle Will Meet Here At Even Odds

Joe Urlacher and Joe LaSalle have been matched for next Tuesday night in the theater. Urlacher comes from Rochester, New York, and was to wrestle O'Connell in Portland, but arrived too late. Friday he will return from Medford, where he now is. Joe LaSalle goes to Corvallis Friday to wrestle Frank Vance, instructor of the University of Washington. In an exhibition of scientific wrestling, Vance is said to be a heavier man than LaSalle, but otherwise they are supposed to be well matched.

GOOD CATCHES OF TROUT

Small Streams Are Chock Full of Little Ones, Which Bite Freely

Several good strings of fish have been caught since the first of April in the smaller streams of Lane county, but the large fish in the rivers have not yet begun to bite well. A few have been caught with bait, however, and with warm weather the big ones will soon be taking the fly. W. J. Hill has returned from a trip

up the McKenzie. At Blue River the men were catching white fish, in plentiful numbers. These are a sort of graylings, and are said to be good eating.

One man last week caught about 125 fish in Brandy creek, across the river from Walterville. Most of them were very small.

TOWN MEN START PRACTICE

McCormick and Smith Rivals of Varsity Players—Track Tryouts

Sid Smith and Manager McCormick had half a dozen men out last night training with the University squad. McCormick held down first base and Smith played on second, both accepting everything that came in their direction. The other men were in poorer shape and their showing was not so good.

Ormond Bean, manager of the baseball and track team, has arranged for a track tryout for a preliminary to the game Saturday with Albany college. Four or five events will be pulled off. The winners will go to the Columbia meet in Portland on April 17.

The baseball games at the University this year will be held on Kinsaid field. This is much more convenient for the public and students. Special ground rules will have to be made for the right field is shortened by the bleachers and the fence.

Weston Still Coming.

Wooster, O., April 6.—Edward Payson Weston, who is walking to the Pacific coast, arrived here tonight from Canton, having covered 28 miles today. The roads were heavy and there was a steady rain. He expects to leave tomorrow for Ashland.

Pacific Coast Dog Shows.

Vancouver, B. C., April 7.—The Pacific coast circuit for dog shows was inaugurated today with the opening of the annual exhibition of the Vancouver Kennel Club. The show in this city will be followed by similar exhibitions in Victoria, Seattle, Tacoma, Portland and San Francisco.

Brownsville Wins.

The Brownsville high school baseball team defeated the Halsey team Saturday by the score of 9 to 8. The game was close and exciting throughout.

WHEEZER OR SNEEZER?

Have You Heard of Hyomel for Catarrh, Asthma or Hay Fever.

If you wheeze or sneeze, hawk or spit, snuffle or blow, something is the matter with the membrane of your respiratory tract, and you need Hyomel.

And you need Hyomel because it will cure you of any catarrhal or inflammatory condition that exists. It isn't a stomach medicine or spray, or douche, but a very pleasant healing, antiseptic balsam, from the scrubby forests of Australia. You breathe this balsamic air through a small, hard rubber inhaler, and it reaches every nook, corner and crevice of the membrane, and promptly kills the catarrh germs.

The use of Hyomel cured Mr. Cutler of catarrh in 1894. He has strongly endorsed the use of Hyomel in many instances, and we are glad to go on record regarding this marvelous catarrh cure, and endorsing its use.—Mrs. A. Cutler, 201 Post Street, Battle Creek, Mich., Oct. 12, 1898.

PLEASANT HILL ITEMS

(Special Correspondence.) Pleasant Hill, April 6.—The annual Pleasant Hill picnic will be held on the second Saturday in June under the auspices of the local grange. A program will be published later.

Miss Lela Parks is teaching the Enterprise school.

Miss Grace Innis is teaching a class in vocal music at the Edenville schoolhouse on Saturday evenings.

Mrs. C. C. Mulkey and daughter left last week for their new home at Monmouth.

Professor Baughman came in from Springfield Saturday to attend the funeral of the late P. N. Shelley.

Sam Spicer, of Marcola, was in the neighborhood Sunday.

P. N. Laird is in Eugene taking treatment of a bad case of sciatic rheumatism.

Robert Drury returned Saturday from a two months' visit to Kilton Springs.

Mrs. Elnor Shelley left Sunday for her home in Portland.

Four funerals within two weeks remind us that the pioneers of '52 and '53 are fast passing away, but their influence for good will long be felt in the community where they almost continuously resided for fifty-seven years.
