### TWO MEN WITH TWO AXES KILL A LARGE BEAR

George Willoughby and Elmer Lee Fight Hard Battle on Brumbaugh Creek

(Special Correspondence.) On Wednesday, March 31, George Willoughby and Elmer Lee, Booth-Kelly Company timber cruisers, while in the woods about four miles west of J. D. Palmer's ranch on Brumbaugh creek, found a hollow log which seemed to be inhabited. On looking in they found Mr. Bruin at home. Willoughby wanted to leave him alone, but Lee wanted to kill him.

Upon careful examination the entrance was found to be large, so Mr. Bruin could get out easily, so Willoughby watched the bear while Lee cut some logs from a fallen tree, and placing them in such a way as to partially fill the entrance, he drove some stakes to hold them there and partially fill two smaller side openings.

Two axes, the only weapons at hand, weighing but one pound each and carried in their belts, were made ready for use. Mr. Lee opened the fight by jabbing Bruin in the eye with the compass staff. When a rush was made for the main entrance, where the bear received a blow from the ax. This only angered him and he ran his big feet out through the bark and slivers in a way that made his opponents feel anxious. He would gnash his teeth and stir up such a dust they could not see him, and thus the battle went on until Bruin threw himself on his back, biting and clawing at the small openings, thrusting his head out far enough that Mr. Lee was able to deal him a blow between the ear and eye, sinking the ax to the handle. Bruin turned, pulling the ax from Lee's hand and landing it in the nest behind the bear, thus leaving them with but one ax and the compass staff to fight the bear with.

Willoughby then proposed giving up the battle, but Lee had to have his ax, and the only way to get it was to kill Mr. Bear, so the fight continued, Bruin getting more enraged at every turn.

Finally he started out and Lee, seeing the advantage, let him come until he was well out of the tree, and then called to his partner, who was instantly on the spot, and dealt him a blow full in the face, which ended the conflict. The bear proved to be one of the largest the two men had ever seen.

### HENRY LONG WAS PIONEER OF '52

A dispatch from Cottage Grove says of Henry Long, who killed himself there Wednesday:

Mr. Long was a pioneer of '52. His parents started across the plains to Oregon with a train, but his father took cholera and died where the roads separated for California and Oregon. His mother, in doctoring a sick horse, took a severe cold, resulting in her sudden death, leaving four small children, the youngest only three weeks old. A Mr. Ward took the boy and another family the eldest boy, but the two other little boys were left by the campfire to starve. After three days' travel the train met James Howard, then of Eugene, and on learning of the two deserted children, finding them almost starved, gnawing some hard biscuits. He carried them on horseback to the train, and on to Oregon. Mr. Howard himself raised Henry and Charles was taken into the family of Elijah Mays, of Eugene.

Henry Long leaves a widow and one brother, George, of Cottage Grove. No arrangements have been made for the funeral.

### WHEEZER OR SNEEZER?

Have You Heard of Hyomei for Catarrh, Asthma or Hay Fever.

If you wheeze or sneeze, hawk or spit, snuffle or blow, something is the matter with the membrane of your respiratory tract, and you need Hyomei.

And you need Hyomei because it will cure you of any catarrhal or inflammatory condition that exists. It isn't a stomach medicine or a laxative, or a cathartic, but a very pleasant healing, antiseptic balsam, from the eucalyptus forests of Australia. You breathe this balsamic air through a small, hard rubber inhaler, and it reaches every nook, corner and crevice of the membrane, and promptly kills the catarrh germs.

The use of Hyomei cured Mr. Cutler of catarrh in 1904. He has strongly endorsed the use of Hyomei in many instances, and we are glad to go on record regarding this marvelous catarrh cure, and endorsing its use.—Mrs. A. Cutler, 201 Post Ave., Battle Creek, Mich., Oct. 12, 1908.

Episcopal, Catholic and Some Protestant Churches Hold Services

Good Friday, the anniversary of Christ's crucifixion, one of the most solemn days in the church, is being observed by Christian congregations in all parts of the world today. The ceremonies in the Catholic and Episcopal churches are being observed with all the solemn rites reserved for this sacred day. In many of the Protestant churches the anniversary will be commemorated with prayer services and readings from the Scriptures dealing with Christ's last hours.

Business Suspended in New York New York, April 1.—Good Friday was marked this year in the manner traditional in New York, by a practical suspension of all business in the financial district and by elaborate services in many of the churches. The six exchanges of the city—New York stock, Consolidated stock, cotton, coffee, produce and metal—are closed for the rest of the week, to reopen Monday.

Good Friday in Chicago Chicago, April 1.—Chicago observed Good Friday with the closing of the exchanges and banks and with services in the Catholic churches and in numerous Protestant churches.

Kryptok lenses are bifocal glasses without the objectionable appearance and qualities commonly associated with bifocal lenses.

Kryptoks are made to fit near and far vision requirements of any individual. They are by far the most serviceable and the only perfect bifocal lenses.

### The sad story of MY FATHER'S GREAT SUFFERING FROM CANCER.

Read the following and be convinced WE CAN CURE YOU.

Forty-five years ago my father, who was himself a doctor, had a vicious cancer that was eating away his life. Father fortunately discovered the great remedy that cured him. This was over forty years ago, and he has never suffered a day since.

This same discovery has now cured thousands who were threatened with operation and death. And to prove that this is the truth we will give their sworn statement if you will write us. Doctors, Lawyers, Mechanics, Financiers, Laboring Men, Bankers and all classes recommended this glorious life saving discovery and we want the whole world to benefit by it.
