ECZEMA LODGES IN THE SKIN.

Not a Blood Disease—Cured by Oil of Wintergreen Compound.

For many years eczema was supposed to be a blood disease and was erroneously treated as such, but now the best authorities agree that eczema is only a skin disease and must be cured through the skin. The eminent skin specialist, Dr. D. D. Dennis, first discovered the eczema germ and his discovery was quickly taken up in both Germany and France.

To kill the eczema germ and at the same time heal the skin, Dr. Dennis compounded oil of wintergreen thymol, glycerine, etc. The remedy is a liquid, not a mere salve, hence it sinks right into the pores of the skin. Washing with this oil of wintergreen compound seems to take the itch away at once; soon the scales drop away and the disease disappears. The Linn Drug Co., The prescription has now been so long in use to have proven its absolute merit and we do not hesitate to express our confidence in Dr. D. D. Dennis' prescription used with Dr. D. D. Soap.

PLAYS AND PLAYERS

Al Fields and Dave Lewis have joined hands and are working together as a team.

Miss Emma Littlefield, "The Talk of New York" company, is Mrs. Victor Moore in private life.

Joseph Coyne, who is playing in "The Merry Widow" in London, will remain abroad under contract for several years.

Miss Kate McLaurin has replaced Miss Beatrice Prentice in the cast supporting Robert Edison in "The Call of the North."

Nellie Beaumont, late of the "In New York" company that broke up recently in Philadelphia, will appear in vaudeville in a stage act.

A dramatization by Rupert Crossley, of William Bartlett Rapnolds' short story, "The Promise of Overseas" is to be given a trial for a short while.

Charles E. Blaney has acquired the rights of "The Terror," a play of modern life by Amelia Weed Holbrook, and will produce it in the first-class houses next season.

Miss Gertrude Hoffman is to be star in a new musical comedy next season under the management of Morris Gest. Max Hoffman, Miss Hoffman's husband, is to write the music.

Al Woods, the well known manager, and Augustus Thomas, have effected a partnership and will produce "In Missouri" in London at an early date. Mr. Thomas will stage the piece.

For at least four weeks this season Mrs. Lee Carter will head a stock company in St. Louis, appearing in four of her most popular plays. She will be supported by a strong company.

Katherine Grey has been engaged by Wagenhals & Kemper for the lead role in Max Foster's play, "The Whirlpool," which will be produced for the first time in Washington this month.

The Talkington-Wilson combination has a play safely locked up in the Lieber & Co. safe, called "Foreign Exchange." It is intended as the medium for Miss Percy Haswell and H. B. Warner.

The new comedy by Paul Armstrong and Rex Beach, which is to be produced in the Belasco theatre, New York, on April 12, will be called "Going Some." Instead of "Mr. Speed," as originally announced.

Anna Marbie, who wrote "In Old Edam," the little Dutch skit in which Mary Marbie and Sam Chip made such a success, will produce a new sketch, entitled "Maggie Riley," beginning its tour in one of the Brooklyn theatres.

Edna Wallace Hopper has been studying law and expects soon to receive her degree from a prominent Eastern university. She says she decided on this step because of the fact that she has been having some law suits of her own.

One of Charles Frohman's early London productions will be a adaptation of De Fiers and Caillavet's "L'Ange du Buridan" (Buridan's Donkey). The piece is said to be one of the most laughable comedies presented on the British stage for a long time. The "donkey" of the play is the elder Buridan's son, a young man who constantly finds himself in distressing predicaments.

A POSITIVE CURE FOR INDIGESTION.

If you have indigestion, your food ferments in the stomach and bowels. It does more, it decays, and the nutritious matter which should go to make new blood decays in it, and it leads to an impoverished condition of the blood, to nervousness, biliousness, constipation, sick headache, bad breath which disgusts your friends, and other disagreeable and unpleasant conditions.

And all this trouble is caused by the food that doesn't digest, by ferments and oftentimes rots in the stomach.

And fermentation is caused by the stomach not being strong enough and energetic enough to thoroughly mix food with the digestive juices.

MI-O-NA is responsible for tens of thousands of cures. In fact, it is such a positive cure for indigestion and all stomach troubles that it is guaranteed by Hull's Drug Store to cure or money back. The price of a large box of Mi-o-na tablets is 50 cents, and they are sure to promptly relieve the worst case of indigestion or gastritis. Try them.

EASTER LILIES.

The lilies that I sent her life
Above her pure and gentle heart,
And yet I dare not think at all
Have in her prayers the smallest part.

But on this resurrection day,
When all earth breathes of love and spring,
I cast my doubts and fears away;
My heart is hushed—everything.

Swat Over Niagara

This terrible calamity often happens because a careless boatman ignores the river's warnings—growing ripples and faster current. Nature's warnings are kind. That dull ache or pain in the back warns you that the kidneys need attention if you would escape fatal maladies—dropsy, diabetes or Bright's disease. Take Electric Bitters at once and the back-ache fly and all your best feelings return. "After long suffering from weak kidneys and lame back, one \$1 bottle wholly cured me," writes J. R. Lee at W. A. Rykendale's drug store. Blankenship, of Belk, Tenn. Only 50c at W. A. Rykendale's.

WORD TO THE WISE.

WHAT IS IT?

The Kryptok lens is the most justly celebrated optical specialty of today. Kryptok lenses are bifocal glasses without the objectionable appearance and qualities commonly associated with bifocal lenses.

Kryptoks are light, solid lenses, with perfectly even, unbroken surfaces. They are absolutely indestructible except by breakage, and present no hard "lines" obstructive to sight and destructive to the nerves.

Kryptoks are made to fit near and far vision requirements of any individual. They are by far the most serviceable and the only perfect bifocal lenses.

Dr. Francis Lucille Hard has been given the agency for these desirable lenses and will be glad to explain and show them to any one. The people are cordially invited to call at her office and inspect them.

The sad story of MY FATHER'S GREAT SUFFERING FROM CANCER

Read the following and be convinced WE CAN CURE YOU.

Many are the fathers, who have been afflicted with cancer, and who have suffered a long and painful life. The best physicians in America could do nothing for them. After nine long years of suffering, and after his father had totally given up hope, and his face (as shown in his picture here) was a picture of despair, he was cured by the great remedy that cured him. This was over forty years ago, and he has never suffered a day since.

This same discovery has cured thousands who were in the track of death. And to prove that it is the truth, we will give their own statement if you will write us. Doctors, Lawyers, Mechanical, Ministers, Laboring men, Bankers and all classes recommend this glorious life saving discovery and we want the whole world to benefit by it.

We positively guarantee our statements, a perfect satisfaction and honest service—or money refunded. It will cost you nothing to learn the truth about this wonderful cure. Write us at once. We will send you a full and complete description of the disease, and you can then a Christian act of kindness by sending us your address so we can write them, and they can be saved in their own home. This is an idle talk, we mean just what we say. We can cure others, and can cure you. For years we have cured others, and can cure you. Today's delay is dangerous. Illustrations: Booklet, FREE. Write us today. 424 State St., EAST ST. 10, MILWAUKEE, WIS.

HOW OFTEN WE HEAR THE FINIK

"I would just as soon keep the old fashioned Plymouth Rock or Black Langshir, but my wife likes the Casa Granda Leghorns." There is something about this stately and handsome bird that appeals with irresistible force to women. Probably the fowls you are keeping now stop laying during the winter months when eggs are the highest. If so, try "Casa Granda Leghorns" and we do not think you will be bothered that way.
