LOOKING DOWN YUKON AVENUE.

One of the most traveled highways of the Alaska-Yukon-Pacific Exposition will be the street to which has been given the name of Yukon Avenue. Yukon Avenue makes its way across the exposition grounds from west to east, and the ends are represented by Klondike Circle near the entrance, and Nome Circle on which fronts the classic Forestry building. It crosses the cascades on oriental bridges of handsome design, and from its central part the buildings of Hawaii and Alaska, backed by the enormous federal structure, are directly to the north. Just to the west of Klondike Circle the Pay Streak winds in a general direction from north to south, and at the eastern end the land gives way precipitously to the shores of Lake Washington. It is on this beautiful shore of the lake the natural amphitheatre is located, and nature has so quaintly formed this delightful spot, that small effort has been required of man to transform it into as perfect an exhibition place as is possible.

OUT EIGHT MINUTES; MEDLIN IS FREE

Burns, Or., April 12.—The jury in the case of the State vs. John C. Medlin for the killing of L. P. Ramos, after taking the first ballot, returned a verdict of "not guilty" within eight minutes after the case had been submitted to them. The killing occurred last summer. At the time some thought that it was the beginning of serious trouble on the sheep range in the Stein mountain country. Ramos was the aggressor, and the killing was done in self-defense.

WILLAMETTE HOTEL AT SALEM IS SOLD

Salem, Or., April 12.—The sale of the Willamette hotel today to a company of local men undoubtedly means that Salem will have two good hotels instead of one. The Willamette was sold to a stock company composed of Tom Kay, Dr. W. H. Byrd, J. A. Wilson, Joseph Baumgartner, Ray Farmer, C. L. McNary, Stensloff Bros., and Catlin & Linn. The price paid was \$37,500.

JOSEPH SCAIEFE WINS ORATORICAL CONTEST

In the contest last evening at the M. E. church Joseph Scaiefe won the oratorical medal. The singers, not considered fairly matched, did not contest, but kindly consented to sing. Connie Wiscarson, Marion Gilstran, and Georgine Ransome all have beautiful voices and sing very sweetly. There are victories to win that are worth more than silver medals. The girls all won. The judges were Mrs. H. T. Sutton, Mrs. G. M. Fraser, and Mrs. S. D. Allen, chairman.

HOW OFTEN WE HEAR THE REMARK

"I would just as soon keep the old-fashioned Plymouth Rock or Black Langshan, but my wife likes the Casa Granda Leghorns." There is something about this stately and handsome bird that appeals with irresistible force to women.

Probably the fowls you are keeping now stop laying during the winter months when eggs are the highest. If so, try "Casa Granda Leghorns" and we do not think you will be bothered that way. Catalogue free, write today.

The Kryptok lens is the most justly celebrated optical delicacy of today. Kryptok lenses are bifocal glasses without the objectionable appearance and qualities commonly associated with bifocal lenses.

Kryptoks are light, solid lenses, with perfectly even, unbroken surfaces. They are absolutely indestructible except by breakage, and present no sharp lines or obstructions to sight and destructive to the nerves.

Kryptoks are made to fit near and far vision requirements of any individual. They are by far the most serviceable and the only perfect bifocal lenses.

Dr. Franc Luella Hard has been given the agency for these desirable lenses and will be glad to explain and show them to any one. The people are cordially invited to call at her office and inspect them.
