

**STOMACH LIVER LUNGS**

Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

*The strong man has a strong stomach. Take the above recommended "Discovery" and you may have a strong stomach and a strong body.*

**GETS RELIGION AND COMES BACK TO PAY HIS DEBTS**

W. C. Gay left today for Oregon to visit his mother. He has been employed as cook at the Stocks, and is a remarkable character. He was at one time a saloon-keeper in Oregon, but local opinion killed his business, and he left the state, leaving behind a lot of dissatisfied creditors. He visited every state in the union and spent all his money. He took up cooking and came to the Stocks about nine months ago. During the Holy meetings the past winter he took a stand for righteousness under the standard of Christianity. Since then he has realized on some minor stocks, and he decided to return to his home at Eugene, Oregon, to square himself with the world. White Hill (Ill.) Republican.

**JUNIOR WEEK END COMMITTEES APPOINTED**

Student Body President Thomas R. Townsend has appointed the committees in charge of Junior day, which is the opening day of the festive Junior week end. The afternoon will be devoted to the triangular track meet this year and the Junior oratoricals will furnish the evening program for Junior day.

**WOMEN GET LESS THAN HALF NEEDED**

Three hundred and fifty-seven dollars and five cents was gathered in by the women of the Women's Auxiliary of the Commercial Club yesterday, and eighty-two dollars and forty cents were given to them in promises, to erect an electric fountain at the depot park. This sum is a little less than half that needed to erect the fountain.

The next meeting of the auxiliary will be held tomorrow night, when plans for raising the rest of the money will be discussed.

**TRAMP SAYS HE IS FINLANDER**

The tramp struck by a freight train at Junction yesterday regained consciousness last night and gave his name as Poleau. He said in broken English that he is from Finland, but no first name was given. The injuries are not as bad as at first thought, and he is improving rapidly.

**GOLDEN OPPORTUNITY**

You can make a clear profit of \$1500 per month or over if you lease and operate this mill. This is a sawmill property, located right in the city. Now examine these figures—take them to any good sawmill man for verification, and you will be convinced of this rare opportunity. The mill is located at the river bridge in Eugene. Logs cost \$5 to \$6 per 1000; lumber averages \$13.33 per 1000. Common grade, \$1.50; finishing grades, \$30.

Cost of sawing, \$2 per 1000; cost of logs, \$5.50 per 1000; total cost logs, sawing and selling, \$7.50 per 1000; over-run-over log scale, 25 per cent \$1.37; take this from \$7.50, leaving you \$5.63, the total cost of your lumber right here in the best market in the state. Now logs will saw 1-3 clear, and it is worth \$17 green and rough, \$25 to \$30 dried and planed. But take the lumber rough. The coupon is worth \$11.50, clear \$17, making an average of \$3.33. The profit will be \$7.50 per 1000 and on a cut of 20,000 feet per day, which the mill will do if pushed. This will show a profit of \$1404 per month of 26 working days. You can't beat this proposition in Oregon. I will give you a very reasonable lease on this property. See M. S. Barker, 333 Pearl street, Eugene, Or.
