C. P. HOUSTON TO FIGHT RECALL CASE IN COURT

Alleges the Election Saturday Was Illegal and Void

C. P. Houston, former mayor of Junction, filed a complaint in the circuit court to restrain F. A. Saylor, the recall mayor of Junction City, Lee M. Clark, the recorder, E. M. Jackson, Forest Miller, J. W. Kirk, J. E. Millhorn and W. F. Nielson, councilmen, from seizing the office which Houston now holds. The plaintiff alleges that the act to seize the office is illegal.
The election for the recall on April 9 is alleged to be void and illegal, as there was no legal authority for it. The complaint concludes that F. A. Saylor has no legal right to the office. The papers also add that Houston is still in possession of the office.
When in Eugene last week Houston, in an interview, said that he thought the attempt to get him out of office was partly due to spite work. He said that he refused to permit a number of people to fence up the city domain, and for that reason had incurred enmity. The election was held last Saturday and F. A. Saylor was elected by a large majority.

JUDGE HARRIS WILL DECIDE THE POWER CASE

The injunction case against the city, known as the Smeede case, will be decided tomorrow afternoon at 2 o'clock. Judge L. T. Harris made the announcement today.
This is the suit brought to test the right of the city to proceed with the installation of a power plant on the McKenzie and the decision will be awaited with interest.

COLORED LIGHTS ON WILLAMETTE STREET TONIGHT

The Willamette Valley Co. is changing its power station from their Willamette street building to the gas plant, and for that reason the arc lights will be out of commission tonight. In order, therefore, to light the business section tonight, the colored lights strung across the street will be turned on.

SUBSCRIBERS' NAMES TO BE PUBLISHED IN NEWSPAPERS

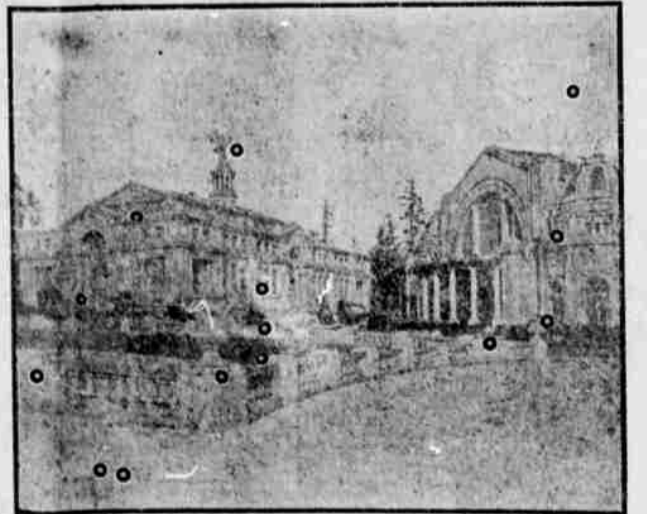

The board of governors of the Commercial club met last night and decided to publish a list of the subscribers to the fund in the Eugene papers, as well as in the Nobody's magazine. The board also decided to order membership labels to be put in the places of business. Any subscriber, not on the list which will be advertised, nor receiving a label, are requested to see Dr. L. L. Whitson, or Manager Hartog.
At the expense of the promotion department of the Commercial club, two large cigar signs on barns behind the park at the depot are being painted over with green paint. The colors were too gaudy to fit with the green parks, and the owners gladly acceded to the request of Manager Hartog.

J. W. BAKER FILES DIVORCE SUIT ON GROUND OF CRUELTY

J. W. Baker has filed suit against his wife, Mary Baker, for divorce, on the grounds of cruel and inhuman treatment. The manner of inflicting the pain was by cold and indifferent treatment and keeping company with another man. The name of the co-respondent is not mentioned, however. It is not known how long the two have been in Oregon. They were married in Kansas December 6, 1886, and have lived together ever since.

HIGH SCHOOL TO HOLD CARNIVAL

There will be a "carnival" at the high school building Friday evening, the proceeds to go for the benefit of the track teams. The carnival will be similar to the "county fair" held a few weeks ago, and promises to be just as great a success.

A PORTION OF THE CASCADE COURT.

The Palace of Oriental Exhibits for one of the twelve mammoth display buildings first completed by the Alaska-Yukon-Pacific Exposition. Its lines are in pleasing contrast to the Agricultural and Manufacturers buildings, with which they are grouped, and the position overlooks the beautiful formal gardens and water display of the Cascades and Geyser Basin.
The exhibit placed within the walls of the Oriental building constitutes one of the most gorgeous displays of Far Eastern art and manufactured articles ever shipped from the Orient, and is bewildering in beauty and extent. Not a country of Asia is without representation, and treasures of old and modern art, never before permitted to leave the lands in which they were created, will be seen for the first time in the land of the Occident. The matter of arrangement of the Oriental exhibit has been placed in the hands of the most competent and artistic men at command and its display will be worthy of the magnificent collection.
About the Oriental building are gathered the great buildings housing the United States exhibit and the Alaska, Hawaiian and Philippine displays. One of the largest bandstands is within close distance, and from its doors the most noted musical organizations of the world will be heard daily.

VESTRYMEN OF EPISCOPAL CHURCH ELECTED AT MEETING

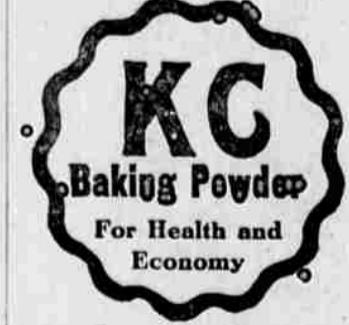

The annual parish meeting of St. Mary's Episcopal church was held last night in the parish house at 7:30 p. m. There was a good attendance of the members of the parish.
Dr. York, the church treasurer, read his annual report. Mrs. Blugham gold of the work of St. Mary's Guild. Morris J. Duryea spoke of the needs of the Sunday school and the Rev. P. K. Hammond, the rector, reviewed the work and financial condition of the parish, and spoke of the future needs.
Nine vestrymen were then elected: Professor B. J. Hawthorne, George F. Crow, H. B. Thompson, Dr. Leonard Dr. Wall, Frank Page, C. S. Freeland, R. J. Duryea, Geo. McMoran. Professor Hawthorne was re-elected senior warden and George F. Crow junior warden. Dr. Leonard clerk, and Frank Page treasurer for the ensuing year.
Dr. York's report for the past year showed an encouraging state of affairs and the parish enters upon a new year with increased enthusiasm. After the business was disposed of refreshments were served to those present and a good social time was enjoyed.

Mining Company IS INCORPORATED

The President Mining Co. was formally incorporated in Eugene today, with a capital stock of \$500,000, in shares of \$1 each.
The board of directors and officers of the company are as follows: A. P. Churchill, president; Henry Fischer, vice president; Carl Fischer, treasurer; A. F. Campbell, secretary and counsel, and J. S. Churchill. The principal place of business is Eugene, Oregon.
The property of the company comprises eleven claims in the Bohemia mining district, situated near the old Musick mine, and considerable prospecting work has been done upon it, indicating that it is exceptionally valuable. Two fissure veins of base ore have been traced for 9000 feet, and another vein of free milling rock, three and a half feet wide, is three thousand feet in length. Quartz from the later vein has been assayed at \$52.46 to the ton, all but 89 cents in silver, being free milling gold.
The new company will prosecute development work vigorously and if the free milling vein shows up as well in depth as it is expected, will install a mill this year.
