BAD BLOOD**

blood is responsible for most of our ailments, and when from any becomes infected with impurities, humors or poisons, trouble in some sure to follow. Muddy, sallow complexions, eruptions, pimples, etc., at the blood is infected with unhealthy humors which have changed a pure, fresh stream to a sour, acrid fluid, which forces out its through the pores and glands of the skin. A very common evil-bad blood is sores and ulcers, which break out on the flesh, often very insignificant bruise, or even scratch or abrasion. If the blood the place would heal at once; but being infected with impurities re discharged into the wound, irritation and inflammation are set fibres and tissues are broken, and the sore continues until the purified of the cause. S. S. S. is Nature's blood-purifier and tonic, tirely from roots, herbs and barks. It goes down into the circula-removes every particle of impurity, humor or poison, restores lost and steadily tones up the entire system. S. S. COLUMBIA BEATEN, 6 TO 4

Hurd Is Wild, But Batters Cannot Hit His Balls

The University of Oregon baseball team defeated the Columbia University nine of Portland yesterday 6 to 4. Captain Lee Hurd was wild or the game would have been a shut-out, for once with the bases full he passed a man, and again he filled the bases and a two-base hit brought in three runs. The Columbia players, however, had difficulty in finding Hurd, and are credited with five hits, while Oregon made eight.

Dudley Clarke played third base and Newland, an entirely new man, second base without an error and made two hits.

ACADEMICS ARE READY

Eugene High Is After Places With Good Men

The Hill Military Academy team are all here for the academic track meet tomorrow. Varsity students believe the freshmen to be the strongest men on the field, with Hill as a second. But local supporters of the Eugene high believe several of her men will get good counting places.

Graham, captain, McGuire, Prehn, Hill, Burns, Myers and Coach Veatch, of the Hill squad, were here yesterday. Graham went on to Portland to select several more men for his team. Those who remained at Eugene are training on Kincaid field.

Cottage Grove will play Wilbur on Sunday. Wilbur is a little Douglas county town with a fast ball team.

Eddie O'Connell and Joe LaSalle will meet in a finish bout at Salem tonight. The preliminary bout will be Abernathy and Arndt, of Portland.

**VARSITY STUDENTS
WILL HAVE BUSY
LIFE NEXT WEEK**

The University students will have the busiest week of the whole year during the next seven days. Besides keeping up his regular college work there will be the whole Junior week program with visitors from all over the state to entertain. On Friday morning there will be the regular work of University day on the campus. Sidewalks will be built, the roof of the grandstand painted, and other improvements made. A roll of the freshmen will be called, and public announcement was made at the student body meeting yesterday that the usual penalty would be inflicted if they were not present.

At noon there will be a dinner served by the co-eds of the University in the dormitory. In the afternoon there will be the triangular meet with Idaho and Washington. In the evening the Junior exhibitions will close the day.

Two games of baseball will be played with Oregon Agricultural College on Saturday, one in the morning and the other in the afternoon. The Junior week end and University programs will be closed with the Junior ball Saturday evening.

Gas reduced from \$1.75 to \$1.50 per 1000 feet.

HELP ! HELP ! HELP !

I expect to make \$100,000 on an investment of \$10,000, and in order to get the money SOON for this investment, will sacrifice on the following properties:

340 ACRES, 1 1/2 miles from Creswell. All level plow land except 20 acres virgin timber. Will produce 75 bushels of oats or 3 tons hay to the acre. With a small cash payment any good farmer can meet deferred payments out of the crops from the land. Price per acre \$30.00

13.17 ACRES orchard land with 200 growing cherry trees, 3 1/2 miles north of Eugene, near famous Harlow cherry orchard. Price \$1500

10 ACRES adjoining Dr. McCornack orchard; gilt edge fruit land and fine location for a home, only short walk from new \$20,000 school now building. You can make the price of this land out of two crops of strawberries on the land itself. Price \$3000

130 ACRES within the corporate limits of Florence, dry and level. Price per acre for the whole, \$35; or in 10 acre tracts at, per acre \$40.00

Lots in Miller's addition to Florence, \$150 to \$250 each. Lots in the original plat of Florence \$200 to \$500

120 ACRES in Glenada, lying between the church and public school. Splendid marine view and spring brook through the tract. Per acre \$50

96 ACRES at Acme; 41 acres meadow and balance rolling hill land; creamery and 2 stores, 2 merchant mills and shiplanding near. Good dairy proposition. Price \$2000

MILL SITE on ship channel near Florence and 18,000,000 feet tributary timber. Price \$18,000

CHOICE BUILDING SITES in my home tract near Hendricks' Park, with or without spring water. Building restrictions insure big values. Overlook city and river, near car line. Prices on application.

All the above property is owned within the family, so I do not need to consult any one about prices, terms or commissions.

I want money and NOW is the time to get a bargain from me. I sold acreage near Eugene at \$49 per acre that is now worth \$1000 per acre. I sold the ground where the new Sanford building is now going up for \$1700. I sold a lot in Florence for \$35 that is now worth \$1500, and thought at the time I was getting good prices.

In 1891 the yearly production of gold for the whole world was only \$130,650,000, and the coinage of silver was then but \$177,325,000 yearly for the whole earth. Since that date these have gradually increased until last year the production of gold was \$434,872,000 and in 1907 the coinage of silver was \$239,173,000. This steady increase in the production of the great medium of exchange is said to be due to the introduction of improved machinery in mining, and there is every reason to believe this increase will continue indefinitely at about the same ratio, with the result that money will continue to grow cheaper while real estate will continue to increase in value. The United States is getting more than her proportion of this new money and Oregon, through her immigration and increasing commerce, is getting a greater proportion than any other state. The mathematical conclusion follows that Oregon real estate will increase in proportion to this increasing inflow of money. The next three years will be "boomers." BUY NOW.

Satisfaction Always Desired

And Satisfaction is what we give our customers. Take for instance, we advertise to do first-class upholstery, drapery work, make and refit all of carpets with or without borders and guarantee our work. We employ these men and they have made good in the big city stores---compare this with methods of smaller firms who represent they

are employed expert upholsterers, etc., but who farm the work out to "fly by night" concerns. When we contract to do a piece of work it will be exactly as represented. If our contract calls for hair, leather or any other goods, it will be as represented. We do not substitute imitation leather for genuine leather, or moss for hair.
