

Fortune Telling

Does not take into consideration the one essential to woman's happiness—womanly health. The woman who neglects her health is neglecting the very foundation of all good fortune. For without health love loses its lustre and gold is but dross. Womanly health when lost or impaired may generally be regained by the use of Dr. Pierce's Favorite Prescription.

This Prescription has, for over 40 years, been curing delicate, weak, pain-wracked women, by the hundreds of thousands and this too in the privacy of their homes without their having to submit to indelicate questionings and offensively repugnant examinations.

Sick women are invited to consult Dr. Pierce by letter free. All correspondence held as sacredly confidential. Address World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y. Dr. Pierce's GREAT FAMILY DOCTOR BOOK, The People's Common Sense Medical Adviser, newly revised up-to-date edition—1000 pages, answers in plain English boxes of delicate questions which every woman, single or married, ought to know about. Sent free, in plain wrapper to any address on receipt of 21 one-cent stamps to cover mailing only, or in cloth binding for 31 stamps.

THESE COLD NIGHTS HAVE NOT SPOILED THE CROPS

of plums and the Trowbridge is now at its best and the price is only \$250. It has been advertised as a leader and sold for very much more. If I had been charging from \$350 up for them and then changed to another leader because some one had shown they could be sold for \$250, would you think I was overcharging for the new leader and all others that I asked a good price for? A few more left at \$250, guaranteed absolutely new and as good as any. F. A. RANKIN.

ADVERTISEMENTS FOR PROPOSALS FOR FURNISHING POLES FOR TRANSMISSION LINE.

REAL ESTATE BARGAINS!

I expect to make \$100,000 on an investment of \$10,000, and in order to get the SOON for this investment, will sacrifice on the following properties:

- 340 ACRES, 1 1/2 miles from Creswell. All level plow land except 20 acres virgin timber. Will produce 75 bushels of oats or 3 tons hay to the acre. With a small cash payment any good farmer can meet deferred payments out of the crops from the land. Price per acre 30.00
- 13.17 ACRES orchard land with 200 growing cherry trees, 3 1/2 miles north of Eugene, near famous Harlow cherry orchard. Price \$1500
- 10 ACRES adjoining Dr. McCornack orchard; gilt edge fruit land and fine location for a home, only short walk from new \$20,000 school now building. You can make the price of this land out of two crops of strawberries on the land itself. Price \$300
- 130 ACRES within the corporate limits of Florence, dry and level. Price per acre for the whole, \$35; or in 10 acre tracts at, per acre \$40.00
- Lots in Miller's addition to Florence, \$150 to \$250 each. Lots in the original plat of Florence \$200 to \$500
- 120 ACRES in Glenada, lying between the church and public school. Splendid marine view and spring brook through the tract. Per acre \$50
- 96 ACRES at Acme; 41 acres meadow and balance rolling hill land; creamery and 2 stores, 2 merchant mills and shiplanding near. Good dairy proposition. Price \$2000
- MILL SITE on ship channel near Florence and 18,000,000 feet tributary timber. Price \$18,000
- CHOICE BUILDING SITES in my home tract near Hendricks' Park, with or without spring water. Building restrictions insure big values. Overlook city and river, near car line. Prices on application.

All the above property is owned within the family, so I do not need to consult any one about prices, terms or commissions.

I want money and NOW is the time to get a bargain from me. I sold acreage near Eugene at \$49 per acre that is now worth \$1000 per acre. I sold the ground where the new Sanford building is now going up for \$1700. I sold a lot in Florence for \$35 that is now worth \$1500, and thought at the time I was getting good prices.

In 1891 the yearly production of gold for the whole world was only \$130,650,000, and the silver was then but \$177,325,000 yearly for the whole earth. Since that date these have gradually increased until last year the production of gold was \$434,872,000 and in 1907 the coinage of silver was \$100,000,000. This steady increase in the production of the great medium of exchange is said to be due to the production of improved machinery in mining, and there is every reason to believe this increase will continue indefinitely at about the same ratio, with the result that money will continue to grow cheaper and real estate will continue to increase in value. The United States is getting more than her proportion of this new money and Oregon, through her immigration and increasing commerce, is getting a greater portion than any other state. The mathematical conclusion follows that Oregon real estate will increase in proportion to this increasing inflow of money. The next three years will be "boomers." BUY!
