

S.S.S. REMOVES BLOOD HUMORS

Every pore and gland of the skin is employed in the necessary work of preserving its smooth, even texture, softening and cleansing it, and regulating the temperature of our bodies. This is done by an evaporation through each tiny outlet, which goes on continually day and night. When the blood becomes infected with humors and acids a certain percentage of these impurities also pass off with the natural evaporation, and their sour, fiery nature irritates and inflames the skin, and dries up its natural oils, causing pimples, boils, pustules or some itching rash, or hard, scaly skin affection. S.S.S. cures skin troubles of every kind by neutralizing the acids and removing the humors from the blood. S.S.S. cools the acid-heated circulation, builds it up to its normal strength and thickness, multiplies its nutritious, red corpuscles, and enriches it in every way. Then the skin, instead of being irritated and diseased by the exuding acid matter, is nourished, soothed and softened by this cooling, healthy stream of blood. S.S.S., the greatest of blood purifiers, expels all foreign matter and surely cures Eczema, Acne, Tetter, Salt Rheum and all other diseases and affections of the skin. It removes pimples, blackheads, and other unsightly blemishes from the skin and assists in restoring a good complexion. Book on Skin Diseases and any medical advice desired free to all who write.

CIRCUS PARADE WILL BE HORSE FAIR

A street parade which will be a veritable horse fair, is promised by the great Sell-Floto Shows which exhibit at Eugene on May 29.

The pageant will leave the grounds promptly at ten o'clock on the day of the show and follow a line of march to be announced later. First will come the World Famous Armour Grays, the \$25,000 prize winners.

The band wagons, floats and other paraphernalia will be drawn by 400 well groomed, well matched dapple gray horses. The stock is all in the pink of condition. The racers are of undisputed lineage, the steeds attached to the Roman chariots are particularly beautiful, the Rhoda Royal high school horses are the greatest equines on earth, and half a hundred Shetland ponies will delight the children.

When the show comes to this city the work of unloading will be well under way with the rising of the sun and there is little chance of the street display being late in leaving the grounds. Already choice locations for witnessing this display are in demand, and the chances are that the streets along which the parade will go, will be lined with admiring thousands, cheering the handsomest parade ever seen with a circus and the Great Armour \$25,000 Prize Team will be an unusual feature to view.

WALTERTVILLE ITEMS.

(Special Correspondence.)
Walterville, May 14.—C. Inman has moved into Mr. Post's house on the hill. This is much more convenient for Mr. Inman, as he is now near his work at the sawmill.

Hale Jennings and family are living in the Joe O'Dell house in Walterville. Hal is working on the ditch.

Ed Cooper has moved nearer the sawmill and Mr. Post has made a lodging house of the house occupied by Mr. Cooper.

Mrs. Carpenter who lives three miles south of Eugene is visiting Mr. and Mrs. J. B. McNutt. The Carpenter and McNutt families were old friends in Nebraska.

Mrs. Brownson is taking care of her niece, Mrs. A. S. Pillette at Vida. Mrs. Pillette has a fine new little girl.

Mrs. Bertha Lewis and daughter, Callie have gone to Eagleville, Cal., for the summer.

Mr. and Mrs. Fayette Thomson are at Mrs. Brownson's where they have charge of the affairs during their daughter's absence.

Mr. Shrode of Fairmount preached at Walterville Sunday evening.

Clothes kept clean and pressed give better service. For expert work phone The Pantorium, Black 1421. Cockerline & Wetherbee building. We clean, press and repair four suits a month for members of the University club at \$1.50.

MRS. E. R. SLOAN.

Mrs. E. R. Sloan of Lost Valley passed away late Friday evening at the Summit Hotel in this city after a few weeks' illness. She was brought to this city in order to be near medical aid but in spite of all that loving care could do for her she passed quietly and peacefully away from the scenes of mortality into the presence of her Savior.

Lulu Hull was born in Northwood, Worth county, Iowa, on October 11, 1878, and died April 29, 1909, at the age of 30 years, 8 months and 19 days. She came to Oregon with her grandparents, Mr. and Mrs. Blighton, in 1888, settling at Eugene. She was married there October 4, 1897, to E. R. Sloan. They came at once to this county, settling in Lost Valley where she had resided until the time of her death. She leaves to mourn her loss, a husband, four children, Lela, aged 16, Lois, aged 8, Muriel, aged 6, and John, aged 5, two sisters, Mrs. Emma Gilbert of Eugene and Mrs. Mary McKinnon of Hopkins Station, Mich., and father and stepmother at Hopkins Station. As a loving wife and mother her home was all in all to her, and she lived her every life guided by the teachings of her Savior. She occupied a place in home life that can never be filled, but the bereaved ones are comforted with the thought that she rests in peace with her Maker. The funeral services were held at the Summit Hotel at 11 o'clock Sunday morning. Rev. T. S. Winey, pastor of the Congregational church, delivered the sermon taking as his theme, "The Nobility of Mothers," after which the remains were tenderly laid to rest in the Mount Moriah cemetery.

REAL ESTATE BARGAINS

I expect to make \$100,000 on an investment of \$10,000, and in order to get SOON for this investment, will sacrifice on the following properties:

340 ACRES, 1 1/2 miles from Creswell. All level plow land except 20 acres timber. Will produce 75 bushels of oats or 3 tons hay to the acre. Small cash payment any good farmer can meet deferred payments out crops from the land. Price per acre

13.17 ACRES orchard land with 200 growing cherry trees, 3 1/2 miles from Eugene, near famous Harlow cherry orchard. Price

10 ACRES adjoining Dr. McCornack orchard; gilt edge fruit land and fine location for a home, only short walk from new \$20,000 school now building. You can make the price of this land out of two crops of strawberries on land itself. Price

130 ACRES within the corporate limits of Florence, dry and level. Price per acre for the whole, \$35; or in 10 acre tracts at, per acre

Lots in Miller's addition to Florence, \$150 to \$250 each. Lots in the plat of Florence

120 ACRES in Glenada, lying between the church and public school. Spacious marine view and spring brook through the tract. Per acre

96 ACRES at Acme; 41 acres meadow and balance rolling hill land; creek and 2 stores, 2 merchant mills and shiplanding near. Good dairy property. Price

MILL SITE on ship channel near Florence and 18,000,000 feet tributary to Willamette. Price

CHOICE BUILDING SITES in my home tract near Hendricks' Park, with or without spring water. Building restrictions insure big values. Overlook river, near car line. Prices on application.

All the above property is owned within the family, so I do not need to consult one about prices, terms or commissions.

I want money and NOW is the time to get a bargain from me. I sold acreage Eugene at \$49 per acre that is now worth \$1000 per acre. I sold the place where the new Sanford building is now going up for \$1700. I sold a Florence for \$35 that is now worth \$1500, and thought at the time I was getting good prices.

In 1891 the yearly production of gold for the whole world was only \$130,650,000, and the silver was then but \$177,325,000 yearly for the whole earth. Since that date these have gradually increased until last year the production of gold was \$434,872,000 and in 1907 the output of silver was \$177,325,000. This steady increase in the production of the great medium of exchange is said to be due to the production of improved machinery in mining, and there is every reason to believe this increase will continue indefinitely at about the same ratio, with the result that money will continue to grow in value. The United States is getting more than her proportion of this new money and Oregon, through her immigration and increasing commerce, is getting a proportion more than any other state. The mathematical conclusion follows that Oregon real estate will increase in value. The next three years will be "boomers."
