MANY DELEGATES TO STATE GRANGE

Resolutions Passed and Various Legislative Matters Endorsed.

McMinnville, Or., May 13.—Today the Oregon State Grange reached the highest point in attendance, the visitors numbering fully 500. The session was a busy one from morning until midnight, the forenoon being devoted to legislation and memorial services in honor of deceased members of the State Grange during the past year. The afternoon was taken up with reports of standing committees and the evening with degree work.

When the report of the committee on good of the order was read the matter of publishing the Pacific Grange Bulletin jointly by the State Granges of Oregon and Washington provoked considerable discussion. Many were dissatisfied with the present arrangement, but it was decided to continue the publication jointly for another year.

Bank Guarantee Favored.
The Oklahoma bank guarantee bill was the subject of a warm debate. The executive committee was authorized to submit the bill to the initiative at the next general election, with some modification applicable to such a law in the State of Oregon.

Three important committees were appointed to make reports at the next session of the following matters:

Conservation of water—C. D. Huffman, H. B. Alderson, W. J. Edwards, Mrs. Minnie McClosky, Mrs. Maggie Birtner.
Conservation of forestry—A. T. Shoemaker, J. D. Clutwood, E. L. Clyde, Mrs. Sarah Merchant, Mrs. Jane Armstrong.

Denatured alcohol C. E. Sence, T. H. Davis, J. Henry.
Free River Demanded.
A memorial will be presented to the Oregon Congressional delegation asking that the Willamette river be made free from all tolls forever. This means the purchase of the canal and locks at Oregon City by the General government.

A resolution was unanimously adopted without a debate opposing a state and calling on subordinate Granges and other organized bodies to assist in retaining the present constitution, subject only to the initiative in making changes.

A resolution providing that laws be passed for maintenance of only one normal school in the state of Oregon was read and referred to a committee. It will come up before the close of the session and will probably be adopted. It provides for adequate state aid, but does not designate any particular locality for such an institution.

Johnson Road Bill Indorsed.
The committee on good roads submitted a report endorsing the Johnson good roads bill as revised by the joint committee of the last legislature. It will be taken up by the Granges and their indorsement will undoubtedly follow.

The committee on assessment and taxation in a voluminous report, made the statement that the farmer pays more than his just share of all taxes because his property is visible, and favored an amendment to the state constitution permitting property to be classified so as to retain uniformity in each class, all public utilities, corporations and privileges to pay their full share. The committee recommended the election of a tax commission and urged a campaign of education in all subordinate Granges.

When the committee on education came in with its report and made recommendations as to the course to be pursued in our rural schools, there was a general discussion of the subject. State Superintendent of Schools, J. H. Ackerman, made the principal address and outlined what he considered the needs of country in solving the problem now already solved by the schools.

CATARRH MICROBES.

A Dead Microbe is the Best Microbe—Hyomel Kills Them All.

Hyomel (pronounced High-o-mel) is a killer of catarrh germs, because when you breathe it in its antiseptic and germicide properties reach every nook and crevice of the mucous membrane, from the mouth and nose deep into the lungs.

Hyomel brings the Australian forests of pine and eucalyptus to your home. It is made of the active principles extracted from these trees.

No man who lives in or near these forests suffers from catarrh. No one who breathes in Hyomel, the real forest air of Australia, will have catarrh for long after the treatment starts.

If you want to cure catarrh, croup, bronchitis, coughs, colds, asthma, hay fever, or relieve consumption, try Hyomel, the common-sense cure, the cure that reaches the spot.

A complete Hyomel outfit, including a hard rubber inhaler, costs only \$1.00 and extra bottles of Hyomel if afterwards needed, cost but 50 cents. Guaranteed to cure or money back. Sold by leading druggists everywhere. Sold and guaranteed by the Hull Drug Co.

MI-ONA Cures Indigestion

It relieves stomach misery, sour stomach, belching, and cures all stomach diseases or money back. Large box of tablets 50 cents. Druggists in all towns.

PATENT CASE

AROUSES INTEREST

Electric Lighting Litigation Involving Tungsten Filaments.

Washington, D.C. May 14.—What promises to become a celebrated case in patent law was aired in the district supreme court today, when Commissioner of Patents Moore was cited to appear and show cause why he should not be enjoined from striking from the patent office files Tungsten filaments for use in incandescent lighting.

The complainant in the case is John G. Heany, an inventor of York, Pa., who was acquitted here just last on a charge of conspiracy to defraud the government by alterations and destruction of patent office records. Heany claims to have invented the Tungsten filaments and says invalidation of his patents by Commissioner Moore would cost him a large amount of money. The commissioner has directed Heany, the Heany Company and Heany Lamp Company to show cause why their application should not be stricken from the files. Heany claims that his acquittal in the criminal court showed that he had no connection with the alterations or falsifications involved. He contends that the commissioner of patents is without authority to entertain the charges as some of them form the basis of the indictments under which he was tried and acquitted.

BUY GOOD LOTS ON EASY TERMS

of plums and the Trowbridge is now at its best and the price is only \$250. It has been advertised as a leader and sold for very much more. If I had been charging from \$350 up for them and then changed to another leader because some one had shown they could be sold for \$250, would you think I was overcharging for the new leader and all others that I asked a good price for? A few more left at \$250, guaranteed absolutely new and as good as any. F. A. RANKIN.
