HOT FIGHT IN PROSPECT IN PRESBYTERIAN ASSEMBLY

Denver, May 21.—The beginning
of what bids fair to become one of
the hot fights of the general assem-
bly of the Presbyterian church, that
of the adoption of the report of the
executive committee, took place to-
day. The report of the committee
of the executive committee, sub-
mitted and permission given for
its consideration at a later time.
A few minutes after the report and
the report of the committee on ad-
ministration agencies had been sub-
mitted, retiring Moderator B. P.
Fullerton, who is ex-officio chair-
man, mitted a special report providing
for the discharge of the finance com-
mittee and to apportion that part of
the budget for benevolent and mis-
sionary boards. This request occasioned
several sharp encounters over the
adoption of the special report before
the regular report had been acted
upon. Fullerton receded from his
position and agreed to have the
printed report in the hands of the
assembly that it might be read by
the commissioners before being
made subject of discussion. This
further clashes for the time being
