ICE COLD SODA

COLD IN THE NECK.

comes from "cold draughts going down the throat." But if the draughts be our matchless ice cream soda, we fancy the drinkers won't mind it much. There is a fine and richly delicious flavor about our ice cream soda that appeals to the cultivated taste. We have it in a variety of popular flavors and our prices are most reasonable.

NEWS FROM LOWER SIUSLAW COUNTRY

N. L. Fitzhenry of Deerhorn on the McKenzie spent several days in Florence the latter part of last week. The Coquille was brought down from Aene yesterday lumber laden and ready for the sea trip.

The Oregon & California Co.'s mill started up yesterday after a few days shut down.

The West Coast Telephone Co. laid their cable across the river yesterday from the lower end of the mill wharf to strike the bank on the Glenada side a short distance above Colter's wharf.

Sunday morning Lennie, the youngest son of R. P. Bernhardt, had his left eye quite badly injured by the explosion of a firecracker. He was brought to Florence and Dr. Edwards was called to attend to the wound. He found the eyeball severely burned by the powder. The boy is getting along nicely and the doctor thinks the sight will not be permanently injured.

Last Friday O. L. Hanson and family of Hecla started for Florence to attend the festival, but before they got out of the light-house reserve their team ran away. Mr. and Mrs. Hanson were thrown out and the horses went on with the children in the wagon. They soon came to a fork in the road and each horse pulling opposite ways they soon brought up against a log and stopped suddenly. The wagon was considerably damaged. Mr. and Mrs. Hanson and one of the children were hurt but not very seriously.—Florence West.

FINE FOUNTAIN

LEBANON PAPER MILL'S CLOSE CALL

The big Lebanon mill, valued at \$100,000 did not burn, but it had an escape that will long be remembered.

Fire started in the immense pile of wood, which was 800 feet long, 150 feet wide and 50 high and got a big start, burning towards the mill.

The Albany fire department with an engine and two hose carts went to the assistance, in charge of Engineer Hand, on a special train and did splendid service. Five streams were secured for the conflagration. There was plenty of water, but it seemed to have little effect. Later a special arrived from Salem, with an engine and two lines of hose, and as many as nine streams were played on the blaze, including several from the paper mill's own fighting outfit.

A crowd of men were paid 50 cents an hour and a hole ten feet wide was dug through the big pile, cutting off two-thirds of the pile in safety, leaving about a third to burn. As many as four hundred men were working, carrying wood, during the entire night.

It was estimated that 4,500 cords of wood was burned, worth \$4.50 a cord, and the long carrier, costing \$5,000 was ruined. The total loss is approximately \$28,000.—Albany Democrat.

The want ads. probably have a few messages for you to-day. Some of them, perhaps, will not "wait" either.

Make a good article; keep on making it good.

Tell people how good it is; keep on telling them.

And they will buy it; and keep on buying it.

Ivory Soap is a case in point.

From the beginning, the idea has been to make it so good that people who bought it once would continue to buy it. They do.
