PRESIDENT TAFT TO FEAST AT NATIONAL TURNFEST

Cincinnati, June 19.—Cincinnati is preparing to entertain the greatest assemblage of visitors it has had in years during the thirtieth National Turnfest, which commenced today with the arrival of several thousand visitors and will continue nine days. President Taft is expected to return to his home city while the festival is in progress and will be made a Turner on sight.

The Turner organization has been in existence over fifty years. At first it was the custom to hold the Turnfest every year, and finally it was held every four years, like the Olympic games. Of late years, however, it has been an annual event. It is the first time in twenty years that Cincinnati has had the Turner hosts within the corporate boundaries, and the preparations for the event have been on an elaborate scale. At the present time 238 societies are represented, comprising over 200 cities, with 60,000 members.

The Turners started with the idea of the necessity of inculcating in the minds of the public, especially school children, the benefits of physical culture, particularly outdoor recreation of all kinds. The organization also favored playgrounds of all kinds, and indorse all forms of exercise that will increase the physical and mental status of all races.

One of the principal conditions of a National Turnfest is that a regular military camp must be provided with all sanitary precautions endorsed by the armies of the world. Two thousand five hundred active Turners will be in the tent city on the Carthage fair grounds during the progress of the national turnfest. Besides this there will be thousands of other visitors, and the precautions taken for the health and comfort of the visitors will be of the latest improved standards.

By unanimous vote both branches of congress, through the instrumentality of Representatives Longworth and Goebel, allowed the use of army tents for the Turnfest. These tents will be equipped with new cots, bed clothing, and, for those who desire them, there are wooden floors.

The commissary department will have the task of feeding 4,000 visitors three times a day. This will require the best of management but it wil lbe done in fitting style.

The parade of the Turners will be one of the biggest features and will be one of the greatest pageants ever seen in Cincinnati. Many prominent army and navy officers and gymnastic professors will be in attendance. The parade will have civic, military, float, mass flag and school children features that will make it an event of more than ordinary interest. The public will be given a visible demonstration of the benefits of physical development.

Another equally interesting feature will be the decoration of the city. The entire line of march will be festooned. Over twenty city blocks will wave welcome to the Turners. Fourth street, from Central avenue to Main street, will be a mass of fluttering colors. Vine street will be decorated from Fourth street to the Zoo.

The total cost of the entertainment to be furnished the Turners will reach $50,000. None is in it for selfish motives, as it will be conducted for the "glory and honor of Cincinnati."

DR. CLEMINSON, CHICAGO MAN CHARGED WITH WIFE MURDER.

No similar case since the trial of Leutgert has stirred Chicago to such an extent as that of Dr. Haldane Cleminson, the young physician accused of poisoning his wife. The first report to the police was that Mrs. Cleminson had been chloroformed by burglars, and for a time no suspicion pointed to the husband. It was learned, however, that the relations of the physician and his wife had not been entirely amicable, and when Dr. Cleminson was closely questioned he told conflicting stories. He admitted that he had invented the burglar story and advanced the theory that Mrs. Cleminson had either accidentally or intentionally taken an overdose of some poisonous drug. Upon this admission and the investigation of the coroner he was arrested.

CUTICURA REMEDIES ENTIRELY CURED HER

"About two years ago I contracted eczema and suffered intensely for about ten months. At times I thought I would scratch myself to pieces. My face and arms were covered with large red patches, so that I was ashamed to go out. I was advised to go to a doctor who was a specialist in skin diseases, but I received very little relief. I tried every known remedy, with the same results. I thought I would never get better until a friend of mine told me to try the Cuticura Remedies. So I tried them as the last resource, and I am very glad that I did, for after four or five applications of Cuticura Ointment I was relieved of my unbearable itching. I used two sets of the Cuticura Remedies (Soap, Ointment and Pills), and I am completely cured. I always recommend Cuticura to any one that is suffering and in every case it seems to cure. Miss Barbara Kral, 629 Mt. Pleasant Ave., Highlandtown, Md., Jan. 9, '08."
