## CALHOUN'S SECOND CASE SET FOR TRIAL MONDAY

Same Evidence That Sent Abe Ruef Up for Fourteen Years.

San Francisco, June 21.—At the request of the attorneys for Patrick Calhoun, president of the United Railroads, whose first trial ended yesterday against him, the second case has been set for trial Monday. The indictment selected is the one alleging an offer to bribe former Supervisor John J. Furey, and is similar to the one on which Abraham Ruef was sentenced to fourteen years in the penitentiary. The defense will probably move to set aside the indictment on the ground that Heney is disqualified, because he retains an appointment as assistant to the attorney general of the United States.

## PORTLAND MAN KILLSEMPLOYE IN JEALOUSY

Attention to Wife, Who Sues for Divorce, is Motive Behind Deed.

Portland, June 21.—Richard T. Dickerson, a grade and stone contractor, today fired five bullets into the body of Henry Garrett, one of his employes, because he suspected the latter of having brought about an estrangement between himself and wife, who left him three weeks ago and went to live with her parents preparatory to sueing for a divorce. They were divorced once before, but remarried early this year.

Dickerson met Garrett in front of his barn today and chided him for having been with Mrs. Dickerson yesterday. Garrett laughed at Dickerson, who became enraged, drew a revolver from which he fired five shots into Garrett's body. Dickerson telephoned the authorities and drove into town and surrendered to the sheriff.

Mrs. Antoinette Stiles, of Portland, is the new grand matron of the Eastern Star of Oregon.

The police are positive he is the man wanted. He came here from New York with Chung Sin, his friend.

**Chinaman Made Threats.**

New York, June 21.—The fact that Leon called at the Sigel home Tuesday, June 8th, the day before Miss Sigel's disappearance, and threatened to kill Chung Sin unless Elsie "stopped going with him," was made known today by Paul Sigel, father of the murdered girl. The father also said that he believed Elsie was induced to visit Leon's room under representation that Leon was ill.

**Witness Captured.**

## LYNCHERS' CELLS ARE TURNED INTO DRAWING ROOMS

Nine Southerners in Jail are Popular Idols of Sympathizers.

Houston, Texas, June 21.—Nine men alleged to have been implicated in the lynching of Jim Hodge, a negro, charged with attempted criminal assault, in Tyler, Texas, on May 1, last, were called to answer to the grand jury which convened in Smith county today.

It is charged that the men were the ringleaders of the mob that effected a forcible entrance into the county jail and carried the negro to the court house yard, where he was hanged. Miss Winnie Harmon, the young woman whom Hodge was charged with having attempted to criminally assault, had failed to identify him as the guilty man, but feeling was so high that the angry crowd disregarded all the appeals of the officers and the cooler heads among them.

Six of the alleged lynchers have been confined in jail at Tyler, where they have been popular idols of their sympathizers. Their cells have been transformed into small drawing rooms, and among their frequent visitors have been Miss Winnie Harmon and her father, M. J. Harmon. The Rangers have guarded the jail where the men have been confined to foil an attempt to bring about their release by force.

At the preliminary hearing before Judge R. W. Simpson, the judge severely scored the lynchers, stating that he would "gladly make any sacrifice if it would recall the flagrant and uncalled for violation of the law in Tyler on May 1, when the law was trampled upon and brought into disrepute by the very class of people who need the law for the protection of their wives and property more than any other class. If the administration of the law in Smith county does not suit the wealthy they can go to other parts. But when you and I disregard the law and bring it into disrepute, we do an irreparable injury to ourselves and our posterity, and I give notice now that any crowd, who by mob violence overrides the law while I am judge of this district, may expect me to do my whole duty in seeing that they are brought to justice. I am satisfied that many were implicated in this unfortunate affair besides those arraigned here, and it is to be regretted that all alike could not have been brought to justice."

## TWENTIETH ANNIVERSARY OF CONGREGATIONAL CHURCH THIS WEEK

The First Congregational church of Eugene will celebrate the twentieth anniversary of its organization on Thursday and Friday evenings of this week. Several former ministers of the church and prominent leaders of the denomination in the state will be in the city to participate in the event, including Rev. P. S. Knight, of Salem, and Rev. E. L. Bates and Supt. A. J. Folsom, of Forest Grove.

The exercises will consist of an historical service on Thursday evening, when Mrs. C. W. Wester will read the story of the twenty years of the church's work and Rev. Mr. Bates, its first regular pastor, will make an address on the life and work of Prof. Thos. Condon, who in so large a sense was the founder of the church. Friday evening will be given to a reception and fellowship meeting. Representatives of the other churches and religious or educational interests of the city will make brief addresses.

On Saturday the friends of the church will join in a picnic at the home of Mr. Bowers at Oak Hill, six miles west of town, together with the people of that neighborhood and of Llewellyn Central. An anniversary sermon will be preached on Sunday morning, June 27, and on that evening Rev. A. J. Folsom will speak. Mr. Folsom will speak also at Central and Oak Hill on Sunday morning and afternoon. Probably services will be held at Oak Hill on Saturday evening, June 26.

## SPOKANE NEWSBOYS' CARD READ IN SENATE

Washington, June 21.—Probably for the first time in the senate's history a communication from a newsboy was read in open session today. It was signed by Arthur Prague, manager of the Spokane Newsboys' Association, who expressed regret at the death of Rev. Edward Everett Hale. Senator Piles, of Washington, asked that the communication, which was written on a postal card, be read, insuring its publication in the Congressional Record.

Nearly every through freight train going north these days carries several car loads of combined harvesters for Eastern Oregon and Washington. They are manufactured in California and are being used very extensively in the Inland Empire grain belt, fast superceding the steam thresher.
