Bathe daily! It is the finest kind of health-insurance; and the cheapest.

All you need is—a bath tub, water, a cake of Ivory Soap and a coarse towel.

Ivory Soap is far and away the best bath soap there is. It floats. It lathers freely. And a cake of it is so large that it covers a lot of surface, quickly and thoroughly.

Ivory Soap . . . It Floats.

SAWMILLS TO FORM A SALES AGENCY

Leading Lumberman Plan to Eliminate Middlemen and Reduce Expenses

Portland, June 30.—Leading lumbermen of Portland and the Willamette valley are planning to organize a joint selling agency, which will materially reduce the expenses of marketing their product and at the same time will eliminate a large number of middlemen. It is anticipated that a dozen or more mills will enter into this agreement, there being plants with a combined daily output of something like 2,000,000 feet which are in favor of so doing. It is pointed out that the expense to each individual mill of keeping a sales representative in the different Eastern and California territories has been greater than the business of the past year of two would justify. The unusual inactivity in the lumber market, due to tariff agitation, has compelled the mill operators to devise various schemes for retrenchment, and this is one of the most important and likely to be the first put into effect.

A strong factor that has been making itself felt in the local territory, and which is going much to hasten the consummation of the co-operative plan, is the constantly increasing competition from other producing sections. Rigid economy in marketing methods as well as economy in manufacturing is therefore imperative.

Representatives of Oregon mills have been in conference with the officials of the group of 11 Southwestern Washington mills which have banded together with headquarters at Centralia, with a view of establishing a joint selling agency. This has been worked satisfactorily over there, and it is stated that it is not so much a matter of maintaining prices—although this element enters somewhat—as it is of cutting down expenses to meet the competition from yellow pine and other woods more advantageously situated from a shipping standpoint. The local agency will probably not be established before the fall market begins to pick up and business gets brisker in the consuming territories of the East and Middle West.

JURY IN LUPTON

CASE DISAGREES

After having been out over ten hours, the jury in the case of the State vs. C. S. Lupton, keeper of the "Coney Island" resort between Eugene and Springfield, charged with violation of the local option law, reported to the court that it had failed to agree upon a verdict and Judge Harris discharged them. A new trial will be had. The jury consisted of the following: J. M. Smigley, T. J. Blakely, Wm. Bainbridge, Jos. M. England, C. E. Buss, John Spores, Wm. H. Elliott, Grant Hendricks, F. E. Makenson, J. E. Lee, J. R. Purkerson, Alfred Doolittle.

WANTS TO KEEP BICYCLES OFF WALKS

Editor Guard:—Why should Eugene be behind other cities in giving her officers a square deal? (Quotation from H. E. Slatery's communication in Guard of June 28). Why should Eugene be behind other cities in giving her citizens and visitors a square deal? Why should bicycle riders be allowed to ride on the sidewalks in the city of Eugene and crowd the women and children off into the streets? Isn't it a shame and an insult to do so? Is it right? And is it not the duty of the officers of the city to put a stop to it? It is a dangerous practice and also does great damage to the sidewalks. No other city of any importance allows it to be done, and why should Eugene? Is it the Eugene way? If so, the sooner we mend our ways the better for all, and the safety of both the bicycle rider and the people who use the walks to walk on. Mr. Mayor and council, what are you going to do about it?

Respectfully,
O. K. BULLARD.

Gas reduced from \$1.75 to \$1.50 per 1000 feet.
