SLAYER OF SULLIVAN DIES IN JAIL

Salem, July 5.—William Herve, who shot and killed Bill Sullivan at Gates, in this county, about six weeks ago in a sensational revolver duel, and who was being held here awaiting the action of the grand jury, which meets tomorrow, will never be tried. He died at the Salem hospital yesterday morning at 9:30 o'clock.
An operation had been performed upon him last Tuesday by Dr. W. H. Byrd, of this city, and Dr. Geo. H. Wilson, of Portland, consulting physician. At the time little hope was held out by the physicians for his recovery. The cause of his death was a gangrenous affection that had set in as a result of wounds received in the duel from the shots fired by the pistol in the hands of his opponent, Sullivan.

REBELS CAPTURE CAPITAL OF SHAH

Constantinople, July 5.—Late reports received here tonight from Teheran say that the rebel army, which has been besieging the city, has captured the town, and that the shah, in disguise, has fled from the palace.
If the reports are true, it is believed there will be a great massacre of foreigners in Teheran, as the rebels have been very bitter against all outsiders since the Russian Cossacks went there recently.

A falling tiny nerve—no larger than the finest silken thread—takes from the heart its impulse, its power, its regularity. The stomach also has its hidden, or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing stomach, heart or kidneys. His prescription—Dr. Shoop's Restorative—is direct straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become fully convinced of its wonderful merit. Anyway, don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by all dealers.
