THE INVITATION

The hills invite you way off, 'neath a living sky of blue. And it's time to take a day off in the daisies and the dew.

EUGENE'S GREATEST OPPORTUNITY

The Guard thinks the most important matter before the people of Eugene and Lane county at the present time is the building of a railroad to the Siuslaw. It means the development of a large agricultural, fruit and dairying country, and the opening up of the finest timber belt in Lane county, which for years to come would mean tens of thousands of dollars in business annually for Eugene.

A definite plan to build the road, and one which is perfectly feasible, has been worked out. It is simply that the people take sufficient stock to make it possible to do enough work to make it a basis for a bond issue, and with the money thus derived complete the road to the sea.

The Guard does not care whether the route selected leads through Elmira or Smithfield—what we want above all things is the railroad. Let us get together on this main point and leave the location to be settled by the report of the engineers as to the most inexpensive as well as the most feasible route between Eugene and the Lake creek country.

J. Ham Lewis, whose whiskers gave him fame—maybe it's notoriety—wants to get back in congress, and has chosen a Chicago district in which to make the attempt. Whatever may be said of Ham as a lawmaker, he is a wonder as a "copy" maker, and can count on being rooted for by the newspaper boys of Washington.

Chinese merchants in New York have complained to their legation in Washington that they have been boycotted since the murder of Elsie Siegel, though it is not apparent what they expect can be done for them. Nobody has to patronize any merchant.

Here's proof that one Democrat does not believe in hogging the pie. He has resigned as postmaster at Limesdale, Ind., after holding the job 32 years. And he is likely to be succeeded by a Democrat, as the town has no Republican.

Every man with an income less than would be taxed thinks he would gladly pay an income tax if he had the income, but most of them wouldn't all the same. The glad income tax payer is a very rare bird.

A Mississippi sheriff accepted the word of a local bad man, wanted for a string of murders, that he could not be taken alive, and proceeded to take him dead, after using him as a target for a few seconds.

Maybe the people—the plain bunch, "even as you and I"—have a little surprise up their sleeves for those who think the income tax constitutional amendment will fail to be ratified by the states.

Did we hear Captain Congressman Hobson chuckle over the rumor that the Japanese ambassador is to be recalled by his government because he has been too complacent with ours?

SALEM MAYOR OFFERS TO BUY GAS PLANT

Salem, July 12.—Mayor Rodgers caused a mild sensation at the council meeting last night when he offered to take over the gas plant of the Portland Railway, Light and Power Company and pay the company 50 cents per 1000 feet of gas.

EXCAVATING AND GRADING

I am in the field for excavating your basements and furnishing you with gravel for your foundation and sand for your plastering. Will also grade and prepare your lawns to suit your taste at reasonable figures.

NO WONDER SHE'S CROSS.

The woman who has a thousand petty cares and annoyances while she suffers with headache or sideache must not be blamed if she cannot always be angelically amiable. What she needs is thoughtfulness from her family and such a simple and natural remedy as Lane's Family Medicine, the "herb" tea that makes weak women strong and well.

RIGOROUS BLUE LAWS PRESENTED TO COUNCIL

(Continued from page one)

Seventh street, and the graveling of University avenue from Thirteenth to Eighteenth street. The council accepted the report.

Down With The Files. "Mrs. Dwyer and the Booth-Kelly Company's retail yard have been ordered to connect with the sewer," said Councilman Williams in the health report. He also brought up the danger from files breeding in the street sweepings.

"The files go from the sweepings to our kitchens and are deleterious to the health of the city," said he. "Another kick was made against the skating rink. Somebody said water is standing, but Ed Prasher says there is a spring under there."

The report was accepted. The council ordered the skating rink spring investigated.

Restaurant Recommendations. Williams added to his report that restaurants should be ordered to put liquid slops in galvanized cans with tops. Mayor Matlock said that formaldehyde kept down the flies. The city attorney will look up an ordinance.

Street Bids. The bids for crushed rock on Thirteenth from Lawrence and Jefferson and Tenth from Monroe to Van Buren and on Twentieth from University to Agate were referred to the street committee and the city surveyor. The specifications were not definite enough.

The council accepted contracts with E. T. Juddins for the grading of Twentieth street at 2 1/2c per cubic yard; with A. C. Mathews on Thirteenth street from Lawrence to Jefferson at 18c, and with E. F. Juddins on Tenth from Monroe to Van Buren at 21c a cubic yard.

Superintendent Shewry of the Warren Construction Company reported that 11,478 cubic feet had been taken from the quarry on the west side of the Butte.

Councilmen Berger, Gilbert, Garrett, Heller, Roach, Williams were present at the regular meeting last night. The council will meet again Wednesday night.

ROOTS, HERBS AND BARKS.

You can no doubt recall the collection of roots, herbs and barks your grandmother made every fall for the family medicine chest.

It is interesting to note that the most successful remedy for female ills had its origin more than 30 years ago in one of those home medicine chests, and Lydia E. Pinkham's Vegetable Compound is made today in immense quantities from those same roots and herbs with extreme accuracy, care and cleanliness.

Two Million Bottles. of Perry Davis' Painkiller sold every year. Think of it! And every bottle is lessening suffering and helping some human being to health and happiness! This wonderful household remedy stops the pain of sprains, burns or bruises. It relieves rheumatism or neuralgia. It cures colds, cramps, colic, diarrhoea. There ought to be a bottle on your shelves just now, ready for the first sign of trouble. The new size bottle is 35 cents and there is also the 50-cent size. Be sure your druggist gives you Perry Davis'.

There are 6972 children of school age in Lin county, according to the annual report of County School Superintendent W. L. Jackson, completed last night. Of this number 3524 are boys and 3448 girls. The total enumeration is a gain of 404 over the total number of school children in the county in 1908.

WILLIAMS' CARBOLIC SALVE WITH ARNICA and WITCH HAZEL

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, tetter, chapped hands, and all skin eruptions. Guaranteed to give satisfaction or money refunded. Sold by 1125 Drug Company.

A falling tiny nerve—no larger than the finest silken thread—taker from the Heart its impulse, its power, its regularity. The stomach also has its hidden, or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing stomach, heart or kidneys. His prescription—Dr. Shoop's Restorative—is direct straight for the cause of these ailments—those weak and faltering inside nerves. This, no doubt clear, explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who last the Restorative even for a few days soon become fully convinced of its wonderful merit. Anyway, don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by all dealers.

SPRINGFIELD TO DEMAND PURE WATER SUPPLY

Council Orders City Attorney to Investigate Procedure of Franchise Forfeiture

The council of Springfield last night ordered their city attorney, S. P. Ness, of Eugene, to investigate preliminary steps preceding a suit to compel the Willamette Valley Co. to forfeit their water franchise. The order to the city attorney is the first step in an endeavor to get pure water. The member of the Springfield council claim that when the Willamette Valley Company was given a franchise, the company promised to furnish pure water. Instead the council and citizens of Springfield claim, the water service is poor, and that the quality is worse than the service.

In an interview this morning Dr. Pollard and Dr. Barr, the physicians of Springfield, who have analyzed much water in the community, made the statement that the city water was bad, and all that had saved the city from being unhealthful has been good wells. As wells in thickly settled communities are not considered safe, and as several in Springfield now show signs of drainage water, the members of the council of Springfield feel that some action must be taken to give the people better water.

Mayor M. M. Peery stated this morning: "Insurance rates in Springfield are at the unprotected rates, so poor is the fire protection. The Booth-Kelly sawmill has to maintain a pump and now the insurance company has asked for a second."

The present supply of the Willamette valley Company is the mill race. Some Springfield citizens allege that this source is impure, asserting that there have been dead cows and horses in the race.

The council also discussed the proposition for a street car franchise, but took no action.

J. J. Brown was chosen to collect the city road tax. The next meeting will be held Monday night.

The members of the city council are John Kestley, A. J. Machen, Harry M. Stewart, G. W. Perkins, Mayor Peery and Recorder L. M. Beebe. Councilman Perkins was absent from the meeting last night.

TOMSETH PREDICTS RUSH IN SPRINGFIELD MILL

Superintendent John Tomseth, of the Booth-Kelly sawmill, expects that the plant will be rushed in about two weeks. "Orders from the East are now coming to the West in great numbers," he said this morning, "and we shall have to work on full capacity soon."

In discussing second growth and how long timber will last, he said that he has noticed in Oregon that young timber springs up quickly. This is especially so where the land has recently been burned. It is his theory that the heat of a forest fire pops open the cones, and scatters the seed over the ground, giving starts for the young timber.

PLUNGE BATH FOR SPRINGFIELD PERHAPS

A swimming pool and a gymnasium is proposed by Rev. E. J. Emmons for Springfield. The minister has under consideration the plan to build a two-story building, and to rent the lower floor to a firm of barbers. Upstairs the swimming tank and other apparatus will be placed. The plan will furnish an excellent amusement for the Springfield youth, and should receive encouragement.

SPRINGFIELD HAY MARKET IS UNSETTLED

Hay is selling in Springfield at all kinds of prices. Some has gone as low as \$11, while other hay has brought several additional dollars a ton. The situation, however, is unsettled, and no definite values have been set.

Springfield Locals. Saturday night a committee will give a pleasant social in the opera house. All are invited to attend the dance. The hop will be a delayed Fourth of July celebration.

J. C. Clark, of the real estate firm of Clarke & Washburne, has returned from a trip to Klamath Falls.

Dr. Barr took his partner, Dr. Pollard, to Camp Creek a few days ago, and in a dark stretch of woods ran off the road, tipping over and breaking not a bone, but the new hat of Dr. Pollard.

Born—To Mr. and Mrs. W. L. Hite, July 9, 1909, a daughter; weight, 8 pounds. This is the third child.

T. L. Lambeth, the general manager of the Willamette Valley Company, of Eugene, was at Springfield this morning, superintending the installation of the new electric generator and other machinery.

James McBride, the freighter, who arrived at Eugene, Walterville and Springfield, was in town this morning. He says that J. M. Rennie, for whom he hauls, sets at least six wagons on loads of store goods a week at Walterville.

The hours of the freight depot are 8 to 11:30 a. m. and 1 to 5:30 p. m.

A man thought to be John Olson, employed at the government workings near Linnton, though not positively identified, was killed last evening about 6:30 o'clock by the west bound train of the Astoria & Columbia railroad, one mile west of Linnton.

DIED

In Portland, Friday, July 9, 1909, of paresis, Conrad Zwickel, father of Mrs. W. F. Osburn, of Eugene, aged 77 years.

He was a native of Nuremberg, Germany, and came to the United States about 35 years ago. He was all his life engaged in the machine and iron business, to which he contributed many valuable inventions. He retired from active business seven years ago. He leaves three daughters to mourn his loss: Mrs. W. F. Osburn, of Eugene; Mrs. R. E. Pitteku, of Portland; and Mrs. E. R. Bondurant, at whose home he resided at the time of his death, his wife having preceded him many years before. Funeral services were held at his late residence in Portland Sunday afternoon, and the remains consigned to the crematory, according to the wish of the deceased.

SAVE THE HAIR.

We have discovered, and manufacture a hair preparation, that will remove every particle of dandruff, and stop the hair from falling out in a weeks time. The first application relieves itching of the scalp. It is perfectly harmless to the most delicate scalp and leaves the hair glossy and healthy. Price 50cts. RED CROSS DRUG CO.

WAGON UMBRELLAS

DON'T BE MISLED.

Many a life has been cut short by a cough that was not believed to be serious. Many a backache and sideache follows a coughing spell. Many a night is passed in restlessness caused by coughing. Many a cough "cure" that never cures is tried. Do not be misled. If you cough, take the old reliable Kemp's Balsam, the best cough cure. At druggists' and dealers', 25c.

Lebanon is getting to be a highly moral city. There was but one moving-picture show in the town, and the council refused to continue the license on account of objectional pictures which the proprietor, A. O. Sturm, had allowed to be shown.

W. R. C. ATTENTION

The annual picnic of J. W. Geary Corps will be on Thursday, July 15, at Midway Park, end of car line, at 10 o'clock a. m. Ignore all obstacles and prepare for a good old-fashioned July time. Each member is earnestly solicited to be present on that eventful day. COMMITTEE, July 12th, 1909.

Vagaries of a Cold.

You can never be quite sure where a cold is going to hit you. In the fall and winter it may settle in the bowels, producing severe pain. In the summer it may give you colic with diarrhoea or summer complaint. Do not be alarmed nor torment yourself with fears of appendicitis or inflammation of the bowels. At the first sign of the pain or cramp take Perry Davis' Painkiller in warm, sweetened water and relief will come at once. There is but one Painkiller, Perry Davis'. It is now put up in a large 35c size as well as the regular 50c size.

Sunday was a great advertisement to the excursionists of Newport's fine weather. Only a little over a hundred came from the Valley, but they were well repaid for their trip. The bathing was excellent and the crowd on the beach was the largest this season.

You should get DeWitt's Kidney and Bladder Pills right away when you experience the least sign of kidney or bladder complaint. Send your name to E. C. DeWitt & Co., Chicago, for free trial box. Sold by all druggists.
