JUST THE SAME

World is just as good an' true
 As what it ever was, I guess—
 Eyes are just as deep an' blue
 An' just as full of tenderness,
 As enny eyes that ever shun
 Since shinin' eyes an' love begun.

Life is just as hullible, too;
 You'll find a just as ready hand
 When Ol' Trouble wallops you,
 T' lift y' up an' help ye stand;
 There's just as many words o' cheer
 An' sympathy as ever here.

Ever' thing is just the same
 In spite of faultin' and complaint—
 Just as many folks that aim
 To argify an' say it ain't,
 An' claim the world has changed a lot—
 Yit they're livin' proof it's not.

—Buffalo News.

ENLIST IN EUGENE'S CAUSE

There will be a conference this evening of all the subscribers to stock in the Eugene and Siuslaw railroad, and all other friends of the movement. Every one of them should make it a point to be present and participate in this popular effort which has for its ultimate object the making of a greater Eugene. The proposed road will greatly extend the city's trade area, besides exerting a potent influence upon the campaign for the development of our natural resources which is being so energetically advocated all over Western Oregon. The timber and fruit and dairying industries of the Siuslaw are in their infancy and await only the coming of a railroad to increase their importance many fold. If that inevitable railroad builds out from Eugene instead of Corvallis or some other interior town, the wealth of that region will for years to come contribute to the prosperity and growth of this city's business interests and industries. Such a road will bring others in town, notably the Natron extension and the several electric lines now extending over the Willamette valley, because the population and business centered here will then command what we are now forced to beg and plead for at the hands of the corporations.

Eugene is able to build this road, with the help of interested country districts, if the people all get behind the present movement and help to push it along. Attend the meeting tonight and volunteer your services, not for a day or a week, but for the campaign. The "Eugene way" should mean, must mean, a highway of steel to the Pacific ocean.

A newcomer recently from an Eastern industrial centre said: "There are lots of people who use the word manufacturer only when describing some big industry. Now the truth is that every place where men are employed is a factory. A bakeshop is a factory; so is a tailor shop, and likewise a watchmaker's place, or a florist's, or a blacksmith's. A butcher, a printer or an optician is just as much a manufacturer as a maker of elevators or anchors, and in the same way one might go through all the minor activities of the city. All these deserve the support of our home people."

BIRTHDAY OF FAMOUS WOMAN

Bow, New Hampshire, was the place, and July 16, 1821, the date of the birth of a girl infant who was destined to become one of the most remarkable women of her age. Christian Scientists will know that this statement refers to Mary Baker Glover Eddy, and those not of the elect will yet be forced to admit that a woman who has built up such an international organization of devoted followers must be possessed of uncommon ability.

Mrs. Baker, who is 88 years of age today, is said by her intimates to be in good health and spirits, and to have lost none of her intellectual ability. This statement, however, must be taken on faith, as the great leader of the Christian Science church is now almost a recluse, and steadfastly refuses all interviewers. Recently a number of newspaper reporters were permitted to see her at a distance, but no conversation with the aged woman was allowed. There have been numerous reports of late that Mrs. Eddy is physically and mentally ill, and it has even been hinted that she is dead, but these rumors meet with indignant denials from Christian Science headquarters.

At the Eddy home today there will be no congratulatory telegrams and messages received, as would have probably been the case if any other personage except a Christian Scientist, of such prominence as Mrs. Eddy, had reached such an advanced age.

The reason of the non-observance of her birthday is because of the belief of the Christian Scientists that such days should be thought of as little as possible.

Mrs. Eddy was connected with the Congregational church until 1866, when she discovered what are known as the principles of Christian Science. She began teaching her discovery the following year and in 1879 the mother church was established in Boston. In 1881 she was ordained to the ministry. "The Christian Science Journal," the official organ of the cult, was started by her in 1883. The church now publishes a daily paper in Boston, which has an international circulation. "Science and

Health," the Bible of the Christian Scientists, is Mrs. Eddy's most ambitious literary work.

There are now nearly 5000 practitioners of Christian Science healing, and congregations all over the United States, Canada, Mexico and Europe.

A Mexican oil company with a petty capital of \$25,000,000 has been formed for the avowed purpose of fighting the Standard Oil Company in Mexico and in this country. The finish of that "greaser" bunch can soon be seen with the naked eye.

Want to sell any toes, at \$416.67 each? That's the price set by a Virginia jury, and O. K.'d by the supreme court of that state. A street car company had to pay for six at that rate.

From the editorial tone of some of the big dailies, we suspect that certain corporation magnates think certain senators were in too big a hurry to O. K. that corporation tax.

A weekly lecture upon the subject of morality and right living ought to be sufficient to hold this country level until the African hunt is finished.

Should all the digging for alleged buried treasure be put in on a farm, under proper direction, it would be much more profitable for the diggers.

MARRIED

In Portland, July 15, 1909, Seel R. Bogue and Miss Augusta E. Wicks, both of Lane county, County Judge Lionel R. Webster officiating.

John E. Jacobson, of Springfield, and Miss Sadie R. Davis, of Lebanon, were united in marriage Wednesday at Albany by Rev. Geselbracht. They will make their home in Springfield, the groom being the S. P. agent at that place.

Any lady can get a silvered "No-Drip" coffee strainer by writing Dr. Shoop, Racine, Wis. Send no money. Simply ask for the "No-Drip" coupon privilege, giving your name and address. Dr. Shoop will also send free his new and interesting little book describing Dr. Shoop's Health Coffee. Health Coffee is such a close imitation of real coffee, that it requires an expert to tell the difference. And neither is there a grain of real coffee in it. Made from pure toasted grains, malt and nuts, its flavor and taste is exceedingly gratifying. No tedious boiling either. "Made in a minute," says Dr. Shoop. Write today for the book and "No-Drip" Coupon. All grocers.

You can find what you want at The Progress, 45 West Eighth street. j16

Attempting to stop her husband's runaway team of horses, Mrs. John Proschern, Sr., aged about 50 years, was knocked down, run over and fatally injured at the family home at Melrose, six miles west of Roseburg, Wednesday.

DeWitt's Kidney and Bladder Pills will instantly allay all troubles of the Kidney and Bladder, and will stop the pain caused by these disordered organs. Sold by all druggists.

Over \$21,000 was paid out at the last session of the Marion county court for the development of road roads. This is twice as much as has been disbursed in a single month before in the whole history of the county.

Folger's Golden Gate Coffee

The aroma-tight can protects it against impurities and deterioration—never sold in bulk.

Your grocer will grind it—better if ground at home—net too fine.

WAGON UMBRELLAS

Still another shipment of those fine umbrellas, adapted for either rain or sunshine, have just arrived. Those having spoken for one and others desiring one can now be supplied. THE STEVENS & HULIN PIANO HOUSE, Commercial Club Block.
