

Dr. Pierce's Favorite Prescription

the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.

PRESENT OREGON BUILDING TO THE STATE UNIVERSITY

Such Is Plan Proposed—Seattle Exhibit May Be Saved

Seattle, Wash., July 19.—Practically the entire exhibit of the state of Oregon at the A.-Y.-P. exposition, with whole sections of the interior decorations of the building, will be removed to Salem, Or., and made a permanent part of the Oregon state fair, according to plans discussed by the Oregon state commissioners during the visit of Governor Benson to the exposition.

Governor Benson went home today and will probably suggest to the next Oregon legislature the idea of taking the Seattle display to Salem. The cost has been figured about \$10,000, and for this expense two-thirds of the \$100,000 display in the Oregon building could be preserved.

The elaborate decorations and panorama worked in Oregon grain, the handsome wood panelings and other decorative features of the interior of the Oregon buildings will be removed intact, if the plan is carried out.

It is believed at the close of the exposition the Oregon building will be presented to the State University.

Do You Get Up With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Home, Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Your table linen has lost its lustre; do you know why?

Is it not because you have allowed your laundry to wash it with ordinary laundry soaps, which, being overstrong in alkali, "cut" the fabric and make linen look like cotton?

Use Ivory Soap and your linen troubles will cease.

No "free" alkali in it; no coloring matter; nothing but soap, soap that is 99 1/2% per cent pure.

Ivory Soap 99 1/2% Per Cent. Pure.

WHY DON'T FARMERS GROW EGGS AS WELL AS WHEAT OR FRUIT?

Something is the matter with Oregon hens. This year they appear to be on a strike, though a scarcity of eggs is a thing common to all years. Eugene is importing eggs—plain, every day eggs of the hen variety, and is paying good money for them to the East. The price is now 30 cents per dozen.

Oregon dealers can't understand the conditions in this state. Chickens pay well here, for Easterners ship great quantities of poultry products west every year. The question that bothers these dealers is why don't Oregon farmers and ranchers raise chickens as well as fruit, wheat and hay? Can a farmer answer?

ROOTS, HERBS AND BARKS. You can no doubt recall the collection of roots, herbs and barks your grandmother made every fall for the family medicine chest.

It is interesting to note that the most successful remedy for female ills had its origin more than 30 years ago in one of these home medicine chests, and Lydia E. Pinkham's Vegetable Compound is made today in immense quantities from those same roots and herbs with extreme accuracy, care and cleanliness.
