NEWS OF BUSY SPRINGFIELD

THREE MILES OF NEW SEWER FOR SPRINGFIELD

The Springfield council met last night and ordered specifications advertised for three miles of extension of the sewer system which has been under contemplation. In addition the big main that empties into the eddy of the Willamette will be run to the main channel of the stream.

The council also refused to rescind the ordinance prescribing the limits in which wooden buildings may be built. On this point a hard fight had been made by a number of interested property owners.

Condemnation proceedings were also ordered for the construction of a sewer through the Pengra property.

NEW BRICK BUILDING ON MAIN STREET

R. Sutton, formerly a school teacher in Springfield, is measuring off the lot to erect a one-story building 10x120. The building will be a decided addition to the east end of Main street.

MANY ACCIDENTS IN AND AROUND TOWN

Sunday Johnny Wright, a man of 74 years, and Mrs. Wright, were thrown from their buggy just out of town and badly bruised. The old people were on their way to see their daughter at Blue River, who is very ill. The seat of the buggy fell off at a turn of the road and the old people followed it.

Sunday Miss McCumber, of Jasper, and a young man named Mitchell, were also badly hurt in a run-

BALL TEAM TO JUNCTION NEXT SUNDAY

The Springfield ball team will play Junction next Sunday in the north lane city. While Springfield hopes to beat the Junction City team it is generally considered they are well matched.

GOINGS AND COMINGS

Mrs. J. R. Barr is visiting at Dundee, near Portland.
Rev. A. C. Preston, of the Methodist church in Marcola, was in Springfield yesterday. He went up the river near Jasper, where a new church will be built this summer.
Junia Kirkland is visiting her father. She has been at Dr. Pratt's.

The Booth-Kelly Company brought three boats from Coberg today to use as models in the construction of others. They are at least 24-foot skiffs.

Wm. Christie, of Wendling, was in Springfield recently.

Dr. J. H. Barr returned from a short trip to Salem yesterday.

Mrs. Frank Carmon went to Roseburg today to visit friends for ten days.

J. J. Bryan, owner of the Electric theatre, is considering the erection of a new building for his theatre.

M. C. Pratt, who runs the one-horse stage between the car and Springfield, starts to work at 6 a. m. and quits at 12 o'clock midnight. He uses two horses and sometimes three. "I carry fifty or sixty passengers a day," he said this morning.

Until further notice headquarters for the Oregonian will be in Scott's stationery store. All orders will receive prompt attention.

IS BURNED TIMBER OF COMMERCIAL USE?

Government Making Tests at Portland to Get Conclusions

Guard Special Service.
Washington, July 20.—How long will timber remain commercially valuable after it has been swept over by a forest fire? Timber land owners, as well as the federal government, are much interested in obtaining this information, and the government has just begun an investigation of a large number of fire areas in Oregon and Washington in order to determine, if possible, the length of time which will elapse after a forest fire before the timber deteriorates to such a condition as to decrease its commercial value.

In this connection the forest service has also undertaken an investigation to determine the relative strength of green and fire-killed timber. The material which is to be tested is being sawed in the mill of the Eastern and Western Lumber Company, of Portland, Oregon, where it will be surfaced to exact sizes and then transported to Seattle, where tests will be made in connection with the forest service exhibition at the A. Y. P. exposition.

The fire-killed trees which are to yield material for these tests were selected by representatives of the forest service on the holdings of the Clarke County Timber Company, of Portland, Oregon, near Yacolt, Wash.

This timber was burned over seven years ago and represents fairly well the average of burned timber found in the Pacific Northwest. The logs, which vary from three to four feet in diameter, were sawed into thirty-two foot lengths. These are being manufactured into sixteen-foot floor joists and bridge stringers.

FIRE IN DENTAL OFFICE DOES \$25 OR \$30 DAMAGE

Blaze of Mysterious Origin Calls Out Department This Afternoon

Fire in the dental office of Dr. R. L. Willoughby in the Coleman block this afternoon about 12:45 o'clock did about \$25 or \$30 damage to materials and fixtures before it was extinguished. Persons on the street saw a big volume of smoke issuing from the window of the office and turned in an alarm. The fire department was on hand quickly, but the blaze was extinguished with water from a bucket in the office. Dr. Willoughby was in the rear of the building when the fire was discovered, and he does not know how it started. He thinks, though, that some one stepped into the office, struck a match for some purpose and laid it down on the work bench, the flame lighting the combustible materials.

In sickness, if a certain hidden nerve goes wrong, then the organs that this nerve controls will also surely fail. It may be a stomach nerve, or it may have given strength and support to the heart or kidneys. It was Dr. Shoop that first pointed to this vital truth. Dr. Shoop's Restorative was not made to dose the stomach nor to temporarily stimulate the heart or kidneys. That old-fashioned method is all wrong. Dr. Shoop's Restorative goes directly to those failing inside nerves. The remarkable success of this prescription demonstrates the wisdom of treating the actual cause of these failing organs. And it is indeed easy to prove. A simple five or ten days test will surely tell. Try it once and see. Sold by all dealers.

THREE MORE BLOCKS TO BE PAVED

(Continued from page 1.)
too short and the street railway runs too near the curb line and is liable to cause trouble. The city engineer stood for the present curb he had established, and the question was left with the street committee with power to act.

Councilman Henderson was allowed \$2 per day besides his expenses for his trip to Portland for his nine-day absence looking after the construction of new wood stove pipe.

Garrett presented a proposition from some one to give \$500 for a ten-foot strip off the fire engine lot on East Eleventh and it was carried over until the next meeting for further details.

Council adjourned to meet again on next Monday night.
