TO AVOID FOREST FIRES

The Oregon state board of forestry has sent many notices which should be read by all. These notices at this time of the year are especially pertinent. The following is one of the notices that have been widely distributed:

"Would you set fire to any man's house in your town?"
"If you saw his house afire would you pass it by without doing anything?"

"Do you realize that timber is quite as valuable to the owner—and much more so to the community and to you? He can build a new house, but not a new forest. As for your interests think over the following facts:

"Oregon has 350 billion feet of standing timber, even now worth \$457,000,000 as a resource.

"If manufactured and sold, even at present lumber prices, it will bring \$5,000,000,000 into the state for labor and supplies.

"Oregon now sells \$20,000,000 worth of lumber a year. Of this \$14,000,000 is received by employees, who put it in local circulation."

"In other words you, whatever your business, share it.

"About a billion feet is destroyed by fire in Oregon annually, which, if manufactured, would bring in \$13,000,000.

"On every thousand feet burned the stumpage owner may lose \$2.00, but the community loses \$8.00 in wages.

"Timber pays taxes to your county. If it burns, your property has to pay the difference.

"Help keep down forest fires and you'll make more money. So will your children.

"Don't toss away burning matches or tobacco.

"Don't make camp fires in leaves, rotten wood or against logs, where it may spread, or where you cannot be sure it is out.

"Never leave a fire until it is out.

"Don't burn your slashings in the dry season without a permit.

"Put out any fire you find if you can. If you can't, notify a fire warden, some other public officer, or the land owner.

"Remember, it's the little fire you can put out which may later become the big one.

"If you do not know the fire laws send for a copy. Help enforce them."

E. H. Harriman is reported to be staying in Badgastein, Austria, with a poor appetite, and we are informed by cable that the cooks and stewards are falling all over themselves in an effort to correct that evil. It would be a great thing for a poor man to have an opportunity to eat the delicacies which Mr. Harriman refuses under these conditions.

Seattle has between 600 and 700 miles of paved streets and expects to reach the 1000-mile mark as quickly as the paving companies can do the work. It is this spirit of enterprise that has made Seattle the largest city in the Northwest.

Now it is reliably reported that the reform (?) state printer, Duniway, will only net \$70,000 during his term of office. If he should decide to be a little more drastic in his program of retrenchment his profits might reach the \$100,000 mark.

Washington editors, members of the state press association, have passed a resolution favoring a school of journalism at the state university. One has only to glance through the Seattle newspapers to realize the need for such an institution.

President Taft, as a wielder of the big stick, promises to be about as successful as his predecessor in achieving actual results. What this means depends upon how you view the achievements of the Roosevelt administration.

All the romance was knocked out of that Massachusetts honeymoon balloon trip by the knowledge that the bride had contracted to write it up.

It must be a slow sort of a neighborhood that cannot report a mysterious airship making night voyages over it.

It would not be a bad investment for Eugene to do still more paving.

DIED

Near Deadwood's Ferry, northeast of Eugene, July 22, 1909, Miss Frances Gornacke, daughter of Mr. and Mrs. Thomas Gornacke aged 20 years. The funeral service will be held at the Catholic church at 10 a. m. Saturday, with interment in the Catholic cemetery. Besides her parents she leaves a number of brothers and sisters.

R. RAE.

The Springfield Restaurant. If you want something good to eat, try the lunch counter first.

SCHOOL SUPERINTENDENT FILES ANNUAL REPORT

County School Superintendent Dillard has sent his annual report to the state school superintendent. Matters of interest are gleaned from the report as follows:

There are 9793 children of school age in Lane county, of whom 5019 are male and 4774 are females.

The total number of teachers who were employed in the county during the year was 340, of whom 68 were males and 272 were females. The average salary paid to male teachers was \$53 per month and to females the sum of \$43 per month.

The estimated value of school-houses and grounds is \$270,014.39, and the furniture and apparatus is worth \$35,823.85. Insurance on the buildings and furniture is carried to a value of \$116,785.

In 83 districts the average tax levy was 4 mills. There are 181 districts in the county, but many of them do not levy a special tax, depending upon the county and school money for all school expenses.

The total amount expended in the county for school purposes last year was \$197,523.06, of which \$14,713.67 was received as state money and about \$57,000 was raised by taxation.

SUNDAY SCHOOL INSTITUTE MONDAY, JULY 26TH

Rev. Charles A. Phipps, state secretary of Sunday school work for Oregon, will be in Eugene Monday, July 26, and he will be pleased to meet the Sunday school workers of the city at the Presbyterian church on Monday afternoon at 3 o'clock and evening at 8 o'clock. His themes will be "More and Better Teachers," "Teacher Training" and "Primary Work." A cordial invitation is extended to all who are interested in Sunday school work to be present at this institute.

SOLD BY DRUGGISTS

Some Day You'll Be Old

Some Day that salary of yours will stop.
Some Day that business of yours will cease to pay.
Some Day that income will diminish or disappear.
Some Day you will not be able to work as well as now.
Some Day you will be old.
Some Day, yes, surely some day wouldn't it be nice to have

a little five or ten-acre tract of land with a little cottage set in among the trees and surrounding all this, a pretty little garden and a fine orchard, the trees of which were heavy with luscious fruit

Some Day don't you want a home like this in a country where there are no extremes of heat or cold, nor destructive storms; where your neighbors are the good, honest, substantial folk you and I like to have for friends, where within twelve miles is the state university in one of the finest cities in Oregon and your own land situated in or near the fine hustling little town of Creswell, where are good churches good schools, good business houses, good people and no saloons? Creswell, Lane county, in the famous Willamette Valley of Oregon, is the place.

Five Acres will give you a living; Ten Acres will make you independent for the rest of your life.

No Irrigation Needed Here. Nature's Own Sunshine and Abundant Moisture Brings the Fruit
