BIG BOTTLING PLANT
FOR CALAPOOYA SPRINGS
CO. AT COTTAGE GROVE

Directors Meet in Eugene Today and Decide Upon Purchase of a Lot

At a meeting of the trustees of the Calapooya Springs Company, held today at the office of the company in this city, final steps were taken for the purchase of a site for the new bottling plant which is to be built at Cottage Grove.
The company has purchased a piece of ground 155x155 feet lying between the Southern Pacific and Oregon & Southeastern railroad tracks, opposite the Southern Pacific depot at Cottage Grove. The location is an especially advantageous one, as it will afford good switching facilities, and an excellent opportunity to advertise the Springs and water to passengers on the incoming and outgoing trains. It is understood that the company will imitate Shasta Springs by erecting an artistic fountain in front of their building, and that arrangements have been made for all passengers trains to stop long enough to give passengers the opportunity to sample Calapooya water.
The new bottling plant will be up to date in every particular, equipped with the latest machinery for bottling and labeling and corking, and will include a complete laboratory for manufacturing and bottling. Calapooya water, which is expected will eventually develop into the larger end of the business.

are going to do until we are sure we are going to do it. But it's safe to make the announcement that the new line into Portland is coming soon. A good part of the right of way has already been secured.
McKenzie river heads in the neighborhood of the Three Sisters, and an inexhaustible supply of water is assured. The electric generating plants of the Willamette valley, now operated wholly or in part by steam at Eugene, Albany and Dallas, will be entirely supplied by power from the plant on the McKenzie after the dam has been completed.

The foregoing is in line with the statement made exclusively by The Guard Saturday that an additional mortgage had been given by the Willamette Valley Company to the Germantown Trust Company, of Philadelphia, to secure funds for the completion of the plans herein outlined. It has been known for several weeks by this paper that the company intended to begin building operations on a large scale this summer or fall, but by request the information has been kept private until now.

ONE WEAK SPOT.
Most Eugene People Have a Weak Part and Too Often It's The Back.

Everyone has a weak spot. Too often it's the back. Twinges follow every sudden twist. Dull aching keeps up day and night. Tells you the kidneys need help. For backache is really kidney-ache. A kidney cure is what you need. Doan's Kidney Pills cure sick kidneys. Cure backache and urinary ills. Eugene people recommend the remedy.

Samuel Cluer, 336 East Twelfth street, Eugene, Ore., says: "Backache pains in the region of the kidneys and other difficulties due to an inactive condition of these organs were dispelled with the most gratifying promptness by Doan's Kidney Pills in our family. We procured the remedy at Delano's drug store and it acted up to the representations made for it in such a thorough manner that we consider it a duty to let others know of its merit."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's—and take no other.

In sickness, if a certain hidden nerve goes wrong, then the organ that this nerve controls will also surely fail. It may be a stomach nerve, or it may have given strength and support to the heart or kidneys. It was Dr. Shoop that first pointed to this vital truth. Dr. Shoop's Restorative was not made to dose the stomach nor to temporarily stimulate the heart or kidneys. That old-fashioned method is all wrong. Dr. Shoop's Restorative goes directly to these failing inside nerves. The remarkable success of this prescription demonstrates the wisdom of treating the actual cause of these failing organs. And it is indeed easy to prove. A simple five or ten days test will surely tell. Try it once and see. Sold by all dealers.

Secretary Hallinger, of the interior department, is in Oregon on an inspection trip.
