

**WELCOME WORDS TO WOMEN**

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases. It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.—take the advice received and be well.

**COBURG AGAIN ON SUNDAY**

Japs Have Cancelled Their Date and are Going East

Coburg will play here again Sunday, and endeavor to turn the tables on Eugene. A week ago Sunday the two nines played an eleven-inning game with the final score of 4 to 3. When Sid Smith learned that the Japs could not come at once he arranged for a date with Coburg. Wager and Bond will both appear in the box for Eugene. The remainder of the line-up will be approximately the same as last Sunday. On the Sunday after the Coburg game dates have been arranged with the Champions of Southern Oregon and Northern California, a team picked from the nines of Grants Pass and Medford. For August 15 a date with Corvallis has been signed up. The third motor car will run Sunday to the ball ground, which, with the trailer, gives four cars.

**ST. LOUIS TO BOSTON A FOOT**

Missouri Woman Will Attempt Weston's Feat

St. Louis, July 28.—Mrs. H. C. Schneider, of 5536 Swan avenue, was born and bred in Missouri, and she started out today to make a practical demonstration to Edward Payson Weston that women can walk. She left her home this morning for a quiet stroll which will last just 45 days, and will terminate at Boston, Mass. Mrs. Schneider is accompanied by her husband, who claims the championship of the world in walking contests, as a result of races at Kansas

**ONLY SIX LOTS UNSOLD IN ADDITION**

There are only six lots remaining unsold in the Blair street addition to Eugene. All the other lots and many of the acre tracts have been disposed of and many of them built upon. The owners would like to close all these lots out this month, and will make reasonable prices and terms to suit the purchaser in order to do so. You can pay down any reasonable sum as an evidence of good faith and the balance in small monthly payments. With every prospect of an electric line through this tract before the summer is over, this offers the best opportunity for home-seekers or small investors that can be found in Eugene. See any Eugene real estate dealer for prices and terms.

**GRAVEL IN SIGHT IS NOT IN THE CRUSHER**

Carson Mathews, the owner of the stone crusher near the pumping plant, has his troubles like all men. In order to get gravel from the bar across the river he built a staunch ferry boat to run by the current. But it won't run. He also constructed a drag bucket to be pulled across the river along the bottom. The drag came all right, but the bottom of the river is so rough that all the gravel was shaken from its maw. Now he is planning to fill the bottom of the river with gravel, so that it will be made level, but there is no assurance that the stream won't sweep the leveling substance away for the current there is swift.
