PLAY ON SUNDAY

Here Sunday Morning Into Both Contests.

The Eugene captain, Sunday, returning from Sunday morning, the outfield will be Coleman, Ball, and morning game, Palno's strengthen the nine as usual good form and cleared the hurdles close, without knocking over one. Huston showed great form when he reeled off the century dash in ten seconds flat. Running against Smithson he made a rather slow start, and Smithson was ahead for several yards. About half way down the course, however, he left Smithson in the rear and had the race all to himself. His only drawback is his slow start, but he is working hard to overcome this by the time of the races.

HUSTON MAKES TEN FLAT

Was Handicapped by His Slow Start—He May Win.

In the speed tryouts of members of the Multnomah track team yesterday Forrest Smithson and Oliver Huston ran their event in record time. Running over the high hurdles on a 125-yard course, Smithson made the distance yesterday in a fraction less than 14 seconds flat. Figuring off the extra six yards, this was equal to about a 5 2-5 clip for 120 yards. In view of the fact that the track was in poor condition and the last two hurdles were placed on a slightly uneven surface, Smithson's trial yesterday easily would have been good for 15 seconds flat on a firm track and a straight course. He displayed his usual good form and cleared the hurdles close, without knocking over one. Huston showed great form when he reeled off the century dash in ten seconds flat. Running against Smithson he made a rather slow start, and Smithson was ahead for several yards. About half way down the course, however, he left Smithson in the rear and had the race all to himself. His only drawback is his slow start, but he is working hard to overcome this by the time of the races.

ROLLER TACKLES TOO MUCH

Dr. B. F. Roller last night at Portland failed to throw Chas. O-

son of Minneapolis and Big Yousiff, the Turk, in 75 minutes of wrestling. Roller took the first fall from Yousiff in 54 minutes and 20 seconds on a head and wrist lock. Roller was exhausted after the first fall and in the bout with Olson was forced to take the defensive to prevent being thrown himself. Berg was not able to wrestle and Yousiff took his place.

Football season is but a month off.

The Y. M. C. A. and University gymnasia are in such form that young athletes can gain some idea of the playing floor. The days of the Army for basketball are over, and Eugene will be able to see fast games unhindered by a canvas floor.

FEATHERED PETS ON A LONG JOURNEY

Many Varieties of Birds on a Trip from California to Washington

A few days ago Mr. and Mrs. Solke passed through the city with a wagon load of birds of many varieties, having started from Oakland, California, last April, and since then visiting Nevada and Southeastern Oregon, and now on their way to Washington.

The birds are the remnants of their bird store at Oakland. The luxury of feathered songsters having been little in demand in that section since the earthquake depleted the purses of many. The collection embraces canaries, parrots, parakeets, cockatoos and many others. Their cages face the outside of the wagon, and while they seem to show no fear of strangers, they show the effects of the weeks of travel by ruffled plumage.

A small dog that has been trained to keep cats away from the birds rides in the wagon, and when he spies a cat at a local feed store yesterday he was at a local feed store yesterday from pursuing it.

U. OF O. BUYS LARGE

HERBARIUM COLLECTION

Professor A. R. Sweetser in behalf of the University has purchased an addition to the herbarium amounting to 10,000 mounted specimens, making the total in the herbarium 35,000. W. M. Cusick, of Union, Oregon, mounted and collected the recent acquisitions. He is a collector of some note, and sales to colleges is his specialty. Other plants and flowers will be acquired from the same source later. The plants and flowers are largely those found in the Northwest.
