

For what purpose do
YOU use Ivory Soap?
For the bath?
Good! But why not
for the toilet as well?
There is no purer or bet-

EUGENE CHAMPION OF VERY LARGE REGION

Northern California, Southern Oregon
and Middle Western Oregon is
the District It Can Rightfully Claim

Yesterday's Conclusions

First game—Grant's Pass, 6;
Eugene, 6.
Second game—Grants Pass,
0; Eugene, 7.

By fielding one game yesterday and winning the second, Eugene won the right to be called the champs of Northern California and Southern Oregon, as well as of Middle Western Oregon. The score in the first game was 6 to 6, of the second 7 to 0, the first shut-out the local team has played.

Hard batting at the end of the first game tied for Eugene yesterday morning. For the first six innings neither side scored a tally, and the ball was fast and clean. In the seventh Wager blew up for the first time this season, and out of a mass of eight hits the visitors netted 6 runs. Eugene came back hard, however, and located "Tamp" Osburn, making three in the seventh, two in the eighth and one in the ninth.

In the afternoon game the victory was due to Pitcher Ray Baker, of Cottage Grove, for he permitted only two hits, and pulled his team out of holes caused by five errors. The only two hits came in the first inning, when Grants Pass filled the bases without an out. The team rallied behind Baker, however, and not a man crossed the plate.

Eugene's rallies were partly due to hitting, but more to Pitcher Osburn, who was in the box both games. He was truly a wonder, however, for his ball was so swift that the catchers could not handle him when he was wild. The catcher that started the afternoon was knocked out by the hard thrower, and Ball, of Eugene, took his place. While the latter handled him, his hands were in miserable condition at the end of the game.

The whole Eugene team is to be congratulated on the games yesterday, the water boy no less than Manager Smith. The crowd was also worthy of the games, and gave it good support.

URGE COMMISSION

TO GO AHEAD WITH
SIUSLAW IMPROVEMENT

Siuslaw River Improvement
Club Adopts Memorial to
Port Commission

At a special meeting of the Siuslaw River Improvement Club, held on July 23, the legislative committee was instructed to draw up a memorial to the port commissioners requesting that body to go ahead with the work of building the south jetty at the mouth of the river.

Another special meeting of the club was held Wednesday evening, at which the report of the committee was presented and adopted.

The report, which was prepared by Chairman E. E. Benedict, of the committee, was received with applause, and a vote of thanks was given to the committee for its labor. The memorial requests the port commission to present the matter of harbor improvement to the board of U. S. engineers at Washington in the hope that they will recommend improving the Siuslaw harbor. It also requests the commissioners to go ahead with building the south jetty, and urges them to have Morton L. Tower take charge of the work.

The president and secretary were instructed to correspond with the vice presidents of the club, also the commercial clubs in Eugene, San Francisco and other cities, urging them to enlist what influence they can before the board of engineers at Washington in behalf of the Siuslaw harbor.—Florence West.

NATRON CONTRACTORS

MAKE HEADQUARTERS
NEAR THEIR WORK

The rivalry of headquarters for the contractors on the Natron extension has been won by Natron over Jealous Springfield and Eugene boosters. At least indications point that the contractors want to establish their offices at the little terminal town site, for yesterday they endeavored to make arrangements with Frank Kilpatrick, of LaGrande, owner of the only available buildings near Natron, to establish their headquarters.

Permission has not yet been received, but probably will be today.

COMPLETE NATRON

LINE IN 2 YEARS

Klamath Falls, Or., Aug. 8.—Following the announcement that the railroad is to be extended immediately from this city, comes word that H. P. Hovey is to have charge of all the work. Engineer Hovey was in charge of the California northeastern. Mr. Hovey states that it will be possible to complete the road to Natron in two years, but he does not say that it will be done in this length of time. There is no immediate demand for a road across the mountains, and it will likely be the policy of the Southern Pacific to build the road in a manner that will incur the least expense.

SPECIAL PULLMAN ACCOMMODATIONS ON NO'S. 18 AND 19.

Pullman observation sleeper "Aztec" containing 8 sections in body of car and 12 seats in observation end with an observation platform, is being operated on the local trains 19 and 18, leaving Portland 8:15 a. m., arriving at Eugene 1:55 p. m. Returning leave Eugene 5:35 p. m., arriving in Portland 10:40 p. m. Regular Pullman seat space charge will be made for privilege of riding in this car in addition to transportation tickets.
