

LIVER LUNGS

Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak chain of life which may snap at any time. Often this so-called weakness is caused by lack of nutrition, the result of weakness or disease of one or more of the organs of digestion and nutrition. Diseases of the stomach and its allied organs are cured by the use of Dr. Pierce's Medical Discovery. When the weak or diseased stomach is cured, the other organs which seem remote from the stomach but which are in a diseased condition of the stomach and which are cured also.

Dr. Pierce's Common Sense Medical Adviser, Edition, is sent free on receipt of stamps to pay for the book. Send 21 one-cent stamps for the book-bound volume, or 31 stamps for the cloth-bound volume. Dr. R. V. Pierce, Buffalo, N. Y.

YOUNG MAN AND WOMAN HAVE 16 CHILDREN

John Benjamin Brown, Aged 47,
and Wife, Aged 42, Have
Rooseveltian Family

A month ago The Guard reported the sixteenth child born to John B. Brown and wife, who live near Eugene. The Oregonian correspondent sends that paper the following story of the family:

Among the products of Lane county which have not been exploited by the press, is the family of John Benjamin Brown and wife, who live on Patterson's Island, a short distance from Eugene. Mr. and Mrs. Brown have sixteen children, all of whom with their parents attended the Independence Day celebration in Eugene this year. That no one may doubt the truthfulness of this statement a photograph is herewith submitted which was taken the other day during the family reunion.

John Benjamin Brown, the father, is 47 years old, and Margaret A. Brown, the mother, is 42. The children and their ages are as follows: John M., 25; Albert H., 23; Clara A., 22; Jacob A., 20; Paul B., 18; Elmer, 16; Robert E., 14; Mabel L., 12; Margaret M. (twins), 12; William, 10; Oren, 8; Marion, 7; Cecil, 6; Wallace, 4; Mildred, 1; Eugene, 2 months. The middle names are not given in full because the father did not recall them at the time of the interview.

But other details he did recall, as to their weights, heights, birthdays and different experiences. The family weighs on an average of a ton, or to be accurate, 2045 pounds was the weight at the time the photograph was taken. This will vary, increasing in winter and decreasing in summer time, when all are at hard labor. The combined heights at the present time is 84 feet and 3 inches, and the family ages will total 294 years and three months.

Mr. Brown states that in 27 years of married life his doctor bills have not exceeded a total of \$50; this he attributes to the fact that they live the simple life, raising most of the things they eat. He said that during one year of the hard times one side of bacon was all the meat that the family used. The children are all at work in the Willamette valley, three of them being employed away from home at the time this picture was taken.

DIED

At the home of his parents of cholera infantum, Clifton Arthur, only son of Clifton L. Inman, of Waterville, Or., aged two years and four months. "Suffer little children to come unto me and forbid them not, for of such is the kingdom of heaven."

At Gledley, Cal., August 9, 1909, Mrs. W. H. Miller, formerly of Eugene. The remains will arrive here tomorrow morning, accompanied by her son, Edwin C. Miller. The funeral will be held at Gordon's undertaking parlors at 2:30 o'clock in the afternoon.

CONDITION OF LANE COUNTY FRUIT CROP

A review of the Lane county fruit situation is given by the Eugene correspondent of the Oregonian as follows:

While the general outlook for the peach, pear and apple crops in Lane county is not as good as last year, as far as quantity is concerned, yet the quality is first-class.

The peach crop will not differ in output much from last year, the estimated output being 2000 boxes. The quality of the peaches will be first-class.

There will be about 50 tons of pears, as compared with 100 tons last year, but the quality will be No. 1. Prospects have never been better for quality in pears.

The apple crop will be seven or eight carloads, as compared with 14 carloads shipped out last year. The quality of the apples promises to be good.

What is lacking in quantity will be made up in quality, with a good deal of the fruit in this section. This will be especially true of pears, which will be the cleanest crop in years.

THEATRE WAR TO STOP SAYS FILM OWNERS

The electric theatre war in Eugene has had peace forced upon the contestants, or soon will have, though that does not signify that the breach between the sides has been healed. The Seattle film exchange, which was fighting with the Morton film exchange, of Portland, has reached an agreement and the two exchanges have formed a trust such as Standard Oil did in its younger days.

While the shows will be shortened to half what they were, the fact does not signify that the breach between the local theatres will be healed, and other attractions than moving pictures may be added to the daily program by one of the rivals. The Dreamland theatre opened this week, and will add more strenuously than ever to the fall theatre trade.

So it is if you are a youngster, and want to get double the worth of your nickel, just take in the theatre shows immediately. After that you won't get so much for your money.

TO PLAY MARBLES FOR KEEPS GAMBLING

Seattle, Wash., Aug. 9.—Boys who indulge the traditional pastime of playing marbles "for keeps" must hereafter eliminate it from their amusements or be subject to arrest by truant officers.

Prosecuting Attorney John H. Perry yesterday looked up the law for Seattle on the subject and found that not only is there a provision against the practice, but those who violate it may be imprisoned for a term not to exceed five years.
