

RAWN SUTTON INQUIRY CONCLUDES AT ANNAPOLIS

Aug. 13.—The session of the court of inquiry with of Lieutenant Sutton reached the concluding when Henry E. Davis, counsel for Mrs. Sutton, the dead officer, summed up his case. The announce- dge advocate, that he would present no argument, faced upon him (Davis) a burden he had not looked

EDDIE FOY AND HIS "ALL HOME" BASEBALL NINE.

Yes, there are nine of them, and they are all Foy's. There are others—two others, in fact, besides Mrs. Foy herself—but they are not yet large enough to play baseball. The famous comedian rigged eight of his tots up in baseball suits, and they appeared on the diamond at the newboys' benefit in New York not long ago. There is the keenest rivalry among the Foy kids as to who is the best player, and if some of the boys do not turn out to be stars it won't be "Pop" Foy's fault, for he is an ardent "fan."

ROSEBURG WILL HOLD A PAVING JUBILEE

Roseburg, Or., Aug. 13.—At the time of completion of the paving of 20 blocks of Roseburg's streets the city will hold a grand jubilee celebration and carnival. The exact date of the celebration has not been settled, but it will be the latter part of September. The city will then be lighted with a new system of street

TWO THOUSAND NAMES TO BE DRAWN TODAY

Spokane, Aug. 13.—The second day of the drawing for land in the Flathead Indian reservation produced no particular excitement. Two thousand names will be drawn today and with the drawing of a similar number tomorrow the work, so far as the Flathead reservation is concerned, will be completed.

ANNUAL APPROPRIATION FOR IRRIGATION ASKED FOR

Spokane, Aug. 13.—An annual appropriation of ten million dollars for a period of five years to aid in irrigation work is asked of congress in resolutions adopted by the National Irrigation Congress today. This perhaps most important recommendation in resolutions was adopted, of which the following is a synopsis:

That homesteaders under a government project shall not be required to establish residence before the government is prepared to furnish him with water; that the government take measures to drain swamp lands in aid of land reclamation and of public health; that the irrigation congress act with other conservation organizations to bring about waterway improvements; reforestation and other like projects; that there be brought about surveys and estimates of reclamation of submerged lands where the work is international in character (this refers to Northern Idaho more especially); that the reclamation act be extended to Hawaii, that the different states pass laws regulating the cutting of all public and private timber; that there should be no political lines with reference to the use of water for irrigation; that the Mississippi deep waterway be developed.

The committee turned down the resolution asking for a five million dollar bond issue after a severe debate, in which some of the Washington delegates upheld the measure. No hint of the Ballinger-Pinchot differences came up in committee. Professor W. D. Lyman spoke on the subject of "Deep Waterways for the Inland Empire."

BOYS HOLD UP BANK AND GET OVER \$7,000

But Are Captured and Money is All Recovered Very Quickly

San Francisco, Aug. 13.—Two young men, almost boys, today went into the Valley Bank of Santa Clara and held up the clerks, getting away with over \$7,000. They then rushed to a waiting automobile and thrusting a revolver under the chauffeur's nose, ordered him to "let her out." The alarm spread, and as the automobile had been rented at a San Jose garage, its number and make was known, and Sheriff Langford had no trouble following it. The machine was overtaken seven miles from the city and the robbers submitted to arrest without a fight. Every effort to establish the identity of the young men so far has failed, and it is believed they were strangers in San Jose, to which place they were taken. The money was all recovered.

SEVEN GREEKS ARRESTED FOR ROBBING SOUTHERN PACIFIC FREIGHT CARS

They Are Now in Jail and Will Have An Examination Perhaps Tomorrow

Seven Greek laborers employed on the Southern Pacific tracks about Cottage Grove, were brought to Eugene from that city last night by Joe Kelly, the company's detective, who arrested them on the charge of breaking into a freight car and stealing a quantity of merchandise. They were placed in the city jail, where they still remain, while Kelly has gone to Portland to get an interpreter. The examination before Justice of the Peace Bryson will take place some time tomorrow if Kelly gets back with the interpreter by that time.

There has been a good deal of petty thieving from box cars during the past year or two, and Detective Kelly has been instrumental in apprehending a good many of the thieves. In some instances he has found that trainmen are the guilty ones, and in

HAMPTON'S Where Cash Beats Credit

CLAIM BRAKE WAS NOT CAUSE OF ACCIDENT

That the Plank accident yesterday was not due to a poor brake, or to any fault of the rig, is the statement of Kompp Brothers, who sent out the vehicle. They say the accident was wholly due to the driver, who after he left the barn became intoxicated. The driver, Chamberlain, ran the wagon on a stump, and in his incapacity did not have the presence of mind to put his weight on the brake. A demonstration of the effectiveness of the brake was made this afternoon in front of the newspaper offices.

PRISONERS KILL THEMSELVES; SUICIDE PACT

Oakland Is the Scene of a Grewsome Tragedy in Jail

Oakland, Cal., Aug. 13.—With a handkerchief around his neck and surgeon's bandages for ropes, August Cousens, awaiting trial for murder, committed suicide in his cell in the county jail early today by hanging himself to the door. Mark Manchester, an art connoisseur, who killed himself in Berkeley Thursday, was a cellmate of Cousens one night he spent as a prisoner in the county jail. It is believed the two men formed a suicide pact.

SMOKE JUST SLASHINGS, NOT A FOREST FIRE

The dark gray smoke on the Mt. Kenzie today did not come from a forest fire, but from a slash. A blaze was started by the men working on the transmission line of the city power works.

SHOWERS TONIGHT

Oregon and Washington—Showers tonight, or Saturday in western portion; fair in eastern portion. Idaho—Fair tonight and Saturday.

While no overtures have yet been made to Dr. J. Whitcomb Brougher, pastor of the White Temple at Portland, to accept the pastorate of the Temple Baptist church of Los Angeles, which is vacant through the resignation of Dr. Robert J. Burdette, news dispatches say that it is probable the pulp of that church will be tendered to him.

Soundings made by the officials of the Port of Portland during the past week show that the Columbia river from the mouth of the Willamette to the ocean, is in better shape for navigation by deep vessels than has been the case for some time.

NEXT MEETING G. A. R. AT ATLANTIC CITY

♦ Salt Lake, Aug. 13.—At ♦ Atlantic City was chosen today ♦ as place of meeting for the ♦ 1910 G. A. R. Encampment. ♦

NEWS NOTES.

A famous Oregon pioneer, Dr. John McLaughlin, will be remembered on September 5 at Oregon City, when his old house, now restored and moved to a public park, will be dedicated.
A new Catholic church is soon to be built by the Roseburg congregation. The edifice will be of concrete and brick, 45x130 feet. The present structure will be converted into a school.
Wilbur H. Colter, a day laborer of Hood River, has received word that he has been one of the fortunate to land in the Spokane reservation. It is estimated that the property to which he will be entitled, being one of the first 50 allotted, will be worth from \$10,000 to \$15,000.
A fine outlook for crops through Western and Southern Oregon is evident, according to General Manager J. P. O'Brien, of the Harriman line, who has returned from a week's inspection trip over the West Side line, the Woodburn-Natron line and the Corvallis & Eastern.
