OREGON MAN A CRACK SHOT

Wins Governor's Match At Camp Perry Yesterday

Camp Perry, Ohio, August 21.—The greatest sensation ever developed in connection with National rifle competition was created here yesterday when H. O. Roesch, an Oregon young man under 21, was bulletined a winner in the goveroner's match He beat the world-famous marksmen who have been firing for years in international contests and walked away with the $500 trophy cup offered. In addition he will receive a gold medal and $50 in cash, as well as jumping into prominence throughout the service.

Phenomenal scores were made by the Oregon youth in the match. At 800 yards he made a perfect score, 50 out of 50. At 1000 yards he lost but one point in 50. In the skirmish run his total was 98 out of 100, and at 200 yards rapid fire he made the most unusual total of 45, firing 10 shots in 40 seconds.

Young Roesch is a new man at the game. He is at Camp Perry with the United States Naval Academy team, and his home is at Pendleton, Or.

JOHNSON IN BOASTFUL MOOD

Black Champion Would Bet $1000 That Jeffries Renigs

Los Angeles, Aug. 21.—"I am anxious to bet $1000 that Jeffries will never get into a ring with me," is the way Jack Johnson, the champion heavyweight pugilist of the world, answered a question last night as to what he thought about the probability of a championship fight with the Los Angeles man.

"I will make this offer in Jeffries' home city in the hope that some one will take it up," Johnson added.

The black champion arrived here last night from Salt Lake City, and will leave tomorrow for San Francisco, where he says he will begin light training. He says he does not know exactly for what fight he will train. Johnson appears to be out of condition.

Frayne Defeats Hyland

San Francisco, Aug. 21.—Johnny Frayne, of San Francisco, earned a clean-cut decision over Dick Hyland last night, being awarded the decision at the end of the 20th round. Frayne outclassed his antagonist and had a lead in every round after the tenth. The fight up to that period was rather tame and uninteresting, with the advantage belonging to neither man.

Huston to Run at 'Frisco

Oliver will be under his old trainer, ... Hayward, and the latter expects him to round out again after a month's work.

Attell Still Champion

San Francisco, Aug. 21.—Monte Attell, of San Francisco, retained the bantam-weight championship by defeating last night Percy Cove, of Seattle, in the tenth round of a scheduled twenty-round bout. Attell made a chopping block of his opponent, and after the second round had things practically all his own way.

Junction won from the Halsey bunch of ball players at Junction last Sunday by the score of 9 to 5. The Junction team goes to Albany tomorrow to play the crack Alco Club team of that place.

NEW FOOTBALL RULES ARE OUT

That harbinger of fall, the official football rules, has made its appearance.

Changes in the rules have been few. Those who control the destinies of the game, realizing that the existing set has proven most satisfactory, have declined to make radical alterations, and it will be found that the tinkering was done more with an idea of clarifying the existing rules than with the intention of changing the style of play that proved so popular last autumn.

Opponents of the forward pass have been numerous, with the result that this much-mooted question occupied much time of the national committee, but after long deliberation the decision was to leave the rule practically as it has been in the past. The only change in the forward pass section was to better designate the particular players who are eligible to receive the ball when ... is thrown.

Next season a man must be clearly one yard back of the neutral zone or at the end of the scrimmage line before he will be qualified to participate in the play. This conservative treatment of the clause is considered quite a victory of the western delegation to the conference, which opposed the suggestion of some of the eastern men to change the play by tossing the ball directly over the line instead of five yards out from where the ball is snapped.

Only Three Points for Field Goal

During the coming campaign a goal from the field will count but three points. The reduction in the value of this particular play is likely to to meet with the unanimous approval of all coaches and players except those who are blessed with a player with a well-drilled toe upon whom the team depends for its scores.

With the premium on a goal from the field lessened, this form of scoring will probably be less popular and will encourage the rushing game. Had there been no tinkering with this rule it would still be possible for decidedly weak teams to trim much stronger rivals via the drop or place kick route, but as it now stands a well-balanced team is not at the mercy of an individual who can win games when his team is unable to get within 30 or 40 yards of the goal.

By this alteration the board did not intend to encourage the old concentration of attack, which proved so grueling in the old days, but simply to have matters so evened that a well-rounded team can win on its merit.

Touchback Rule Amended

Last fall it was mandatory for a defending side, after a touchback, to punt out from the 25-yard line, but in the future it will be optional with the defenders to either start with a scrimmage or a kick.

This is intended to discourage the practice on windy days to punt the ball over the goal line, forcing the opposing side to kick into a gale, and have a fair catch made, from which an attempt at goal from the field might be made within a reasonable distance.

For years the rule covering the putting of ball into play by a centre was that should any of the attacking side, except the snapper back, make a false move, there should be a penalty, but few saw the "joker" through which a centre, by a balk or false movement of the elbows, could pull all the opposing forwards off side and escape punishment, while the defensive side be set back five yards.

The play was particularly effective when the defense, in trying to block a punt or drop kick, was over-anxious to get through. All the linemen would be ready, and as soon as they saw the centre bow his elbows they would come tearing through, with the almost invariable result of an offside or interference penalty.

The other changes in the rules seem to be of minor importance. In addition to making a close study of the whole set of rules, the national board, through a special committee, has completely revised the list of officials who are recommended.

LINE-UP FOR TOMORROW

Manager Smith, of the Colts, Names Men Who Will Play

Everything is in readiness for the big game between the Portland Gun Club team and the Eugene Colts tomorrow afternoon at 2:30 o'clock. ... from the metropolis this evening so they can get a good night's rest before the big game. Manager Heales, of the visitors, realizes that the locals have a very strong team, and is therefore bringing his best line-up of the season for the game. Taylor, who is widely known as a spitball pitcher, will pitch for the visitors, while Schultz, an old-timer at the business, will do the backstopping. Hirsch Anderson, formerly with the Springfield Blues, will play centre field and is supposed to be their heaviest hitter, having already knocked three home runs this season. For the locals Baker will pitch and Lemley will catch. The other men that will play are Paine, Driver, Hobbs, Jewett, Hardesty, Smith, Coleman and Hill. The game will be called at 2:30 sharp—street cars running continuously to the grounds.
