LORANE VALLEY TO BE FAST FRUIT ORCHARD

Work to Begin Soon on Thous-
and Acre Tract to Be
Planted This Winter

Ruben Phillips, of Toronto, Canada, has been in Cottage Grove this week making arrangements to move his family hither, says the Sentinel. Mr. Phillips will have the management of the Churchill-Matthews fruit ranch, approximately one thousand acres, near Lorane, two miles from this city. He has had no inconsiderable experience in fruit culture. He will commence at the very foundation in this instance, ploughing the extensive tract and setting out the trees. The land has but recently come into the possession of the Churchill-Matthews company, and there is a large amount of profitable work to be done this fall and winter. Part of the acreage was under cultivation and there are a number of blue fences to be removed, some timber to cut, and brushing to be done before the entire tract can be utilized. This work will go on as rapidly as possible after October 15, and will be engaged throughout the winter months. When it is learned that these possessions extend three miles down the valley, one can more readily comprehend the magnitude of the work to be accomplished.

It is the purpose of the company to plant apple and pear trees, and dispose of the young orchards in five and ten acre tracts at \$350 per acre, the agreement stipulating that the company shall care for the trees for a period of five years. Payments may be made on the installment plan, and purchasers may occupy the land whenever they so elect. The acres in the geographical center of the thousand and acres will be reserved for a community settlement, and owners of the orchards may make their homes at this place in case they desire. Mr. A. C. Churchill and Mr. Phillips went over the land together the first of the week, and for the winter it was decided to have a boarding house at each end of the tract and prosecute the work of making ready and planting from either direction. Mr. Phillips will move his family, consisting of wife and daughter, here during the present month.

Mr. Phillips went to Portland yesterday afternoon to complete arrangements for the commencement of the work, and will be absent about a week. In the meantime the supplies and tools are being taken to the ground.

Money Comes in Bunches.
to A. A. Chisholm of Treadwell, Y. W. H. Reason is well worth reading: "For a long time I suffered from indigestion, torpid liver, constipation, nervousness, and general debility," he writes, "I couldn't sleep, had no appetite, nor ambition, grew weaker every day in spite of all medical treatment. Then used electric Bitters. Twelve bottles restored all my old time health and vigor. Now I can attend to business every day. It's a wonderful medicine." Infallible for stomach, liver, kidneys, blood and nerves. 50c at W. A. Kuykendall's.

NOW ON A STRIKE Millions of Stomachs Refuse to do Their Work Properly.

All over this broad land millions of stomach owners are being held in humiliating subjection just because they are so stubborn that they will not accept a fair, square and broad minded offer.

Life is short for all of us; it will be shorter for those who let their stomachs go from bad to worse.

The Red Cross Drug Co. has a famous prescription called the Mi-o-na and they believe so thoroughly in its remarkable curative power that they say to every owner of a distressed stomach that they will guarantee Mi-o-na tablets to cure acute or chronic indigestion and all stomach ailments or money back, and the price is only 50 cents a box.

And still there are stubborn people right in Eugene who won't accept this offer but continue to suffer from gas on the stomach, belching of sour food, stomach pains, foul breath, dizziness, biliousness and headaches just because—just because—that's all, there is no other reason.

Mi-o-na tablets stop dyspeptic agony in five minutes; they cure obstinate cases of indigestion and turn the old stomach into a new one in a few weeks—or money back.
