OTTO T. BANNARD
WILLIAM J. GAYNOR

RIVAL CANDIDATES FOR MAYOR OF NEW YORK.

Party lines seem about to be obliterated in the mayoralty race in New York city. Otto T. Bannard, the Republican nominee, has the fusion element behind him, which includes many thousands of Democrats, and Judge William J. Gaynor relies not only upon the Tammany element, but on a large independent following as well. After these regular candidates were in the field Wm. R. Hearst entered the race as an independent candidate and immediately injected new life and bitter personalities into the campaign. Mr. Bannard stands high in the financial world, and in his political activities commands the respect of his opponents as well as the rank and file of his own party. Judge Gaynor also holds a high position in the confidence of the public at large and has made a splendid record on the bench.

HOTEL ROBBER IS DEAD FROM PISTOL BLOW

Injuries Inflicted by One of
His Victims Prove
Fatal

Reno, Nev., Oct. 21.—Early today the lone highwayman who robbed the Vinton Hotel at Vinton, California, was found dead in a barn near the scene. His death is said to have been due to a fractured skull from the blow of a pistol wielded by Robert Canonica, while the latter engaged the robber in a struggle in one of the hotel rooms.

Bert Questa, the barkeeper, who was shot by the robber, will probably die. Robert Canonica and father, who were wounded, will recover.

The identity of the robber has not been ascertained.

SPANISH CABINET FALLS BEFORE UNITED OPPOSITION TO GOVERNMENT POLICY

Madrid, Oct. 21.—The Spanish cabinet, headed by Premier Maura, resigned this afternoon.

There have been five liberal ministers in eighteen months, religious issues being the rock on which these ministries have been wrecked, and the accession to power of Senor Maura, who has held the premiership, was regarded as a sweeping victory for the clericals, and one likely to arouse a revolutionary spirit. This proved to be the case, the opposition finally uniting against the government's furtherance of the war in Morocco, and the execution of Professor Ferrer brought matters to a crisis.

TO FORM NEW CABINET

Paris, Oct. 21.—A special dispatch to Liberte from Madrid states that Senor Moret, former premier, has been asked to form a new cabinet, and has consented to do so.

HELMUS W. THOMPSON
NAMED BY GOVERNOR

Popular Eugene Attorney Im-
mediately Takes Oath of Of-
fice and Assumes Duties

County Judge G. R. Chrisman today tendered to Governor Benson his resignation, and Attorney Helmus W. Thompson, of this city, was appointed in his place, receiving notice of his appointment by telegraph early this afternoon. Mr. Thompson was at once sworn in by County Clerk Lee, and assumed the duties of the office.

Judge Chrisman's resignation comes as a surprise to many, but not to a few of his friends and other county officials at the court house. It has been known for some time past that the judge contemplated going to Southern California to remain during the winter, and in order to do so he deemed it best to resign. He will leave for Los Angeles in about a month and will remain there with his wife and son, Chester, who has already preceded him and who spent last winter and spring there.

Judge Chrisman was elected county judge of Lane county in June, 1904, and served a full term of four years until the election in 1908, when he was re-elected, both times by large majorities. He has served the people well and has been responsible for a number of reforms inaugurated during his term of office. He has been an advocate for some time past of a larger courthouse, and in his farewell official letter to Commissioners Edwards and Price recommends that the court in making up the tax levy

TAFT'S VISIT WITH BROTHER ENDS FRIDAY

President Will Next Attend Wa-
terways Conven-
tion

Corpus Christi, Tex., Oct. 21.—President Taft's last day on the 120,000-acre ranch of his brother will be followed tomorrow by his arrival in this city and an address before the Interstate Inland Waterway Association. Preliminary meetings of the waterway promoters were held today and the city is already filling with visitors anxious to see and hear Mr. Taft. It is expected that the President will meet Governor Campbell during his stay here, as well as many other Texas officials and congressmen who will take part in the waterways meeting. Distinguished officials and citizens of Louisiana are also here.

Last year's convention of the waterways association was held in New Orleans, and as a survey of the entire interoceanic canal on the basis of a nine-foot depth and a 100-foot width was secured from the last Congress. The promoters of the scheme believe that the presence of the president and other prominent officials at the present convention will give the project a decided boom.

President Taft is scheduled to speak before the convention at 11

MURDERER TRAILED TO KANSAS CITY BY BLOODHOUNDS

Kansas City, Oct. 21.—Bloodhounds, fresh on the trail of the man suspected of the murder of Alonzo Van Royan, his wife, and sister-in-law, Miss Bessie McMahon, five miles west of Kansas City, Kan., are rapidly approaching this city. The motive of the robbery is shown by the fact that a trunk in the house was ransacked, and \$500 taken, and a diamond ring taken from the finger of Mrs. Van Royan.

The bloodhounds lost the scent a mile west of Kansas City, Kan. It is believed, however, the murderer is hiding in Kansas City, Kan.

next year to make provisions for an addition to the present courthouse. He has also done much toward the betterment of the county highways and bridges. It is with regret that the general public learns of his resignation.

LETTER OF RECOMMENDATIONS

The judge's letter to the commissioners is as follows:
Eugene, Or., Oct. 20, 1909.
H. D. Edwards and H. M. Price, Commissioners.
Gentlemen:—It is with regret that circumstances are such that it will be necessary for me to resign my office of county judge, and in doing so I wish to thank you for many courtesies shown me during our association as county officers. I had hoped to continue a member of the court long enough to assist in completing two important improvements, and I trust the court will make provision at the January term in making up the tax levy for 1909 for funds to construct an addition to the courthouse, and also that provision may be made for funds to improve the county road between Eugene and Springfield, by macadamizing or in some permanent way under the direction of the court as to the court in their better judgment may seem best, in order that a first-class thoroughfare may be had between the two places, and owing to the great number of strangers arriving in our county, I would most especially recommend that the court this winter prepare at least one hundred suitable signboards to be placed where in the most information to the public, the funds for this work to be taken from the general fund, and that the signboards be uniform, as this would be a great convenience to the traveling public, and that they should be placed as early as possible in the spring. I trust that my suc-
