THANKSGIVING

Corsets

The day of the Corset as "only a corset" is past. Time was (and not so very long ago) that a dollar corset was "good enough," and when a corset was purchased, little, if any, scrutiny was given its lines, the material of which it was made, the workmanship or finish. A corset of a certain size was asked for and if the suggestion had been made that \$2.50, \$3.00 or \$5.00 be paid for a really fine corset, to be as carefully fitted as would be a gown, it would have been met with a smile of incredulity and a shake of the head. But the spirit of the times, which says higher environments, better houses, automobiles, better furniture, fine pictures and clothes, is having its effect on corsetry.

To fit the new gowns and costumes, the suits and coats correctly, it is absolutely essential that you be properly corseted. We therefore desire to call your attention to the corsets carried in our stock, viz., the celebrated "C. B. a la Spirite," and to this end call your attention to the fact that for the purpose of introducing this corset more widely we will, during this sale, make the following special prices:
