Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

Work and unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys most, because they do most and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.
 If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root. A trial will convince you of its great merit.
 The mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best.
 Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Rivington, N. Y. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

IT IS NOT NECESSARY

To Put Up With the inconvenience of poor sight these days—furthermore, it is foolish to neglect having your eyes properly attended to. If you suffer from headaches or nervousness you will find it will pay you to have your eyes examined, as in nine cases out of ten the trouble lies there.
 We can give you an expert examination and fit you with correct glasses if they are necessary.
