## DEBATE RESULTS IN DEADLOCK

### Eugene Wishes to Debate Jan. 24 to Settle Championship and Sends Challenge.

There is trouble in the air as a result of the tie in the Eugene-Salem-Albany division of the State High school debating league last Friday night. The difficulty is over the manner in which the championship may be decided. Albany says, by lottery, Salem wants to do anything except debate on the same question, but Eugene says the only fair thing to do is to debate again on the question. Eugene has sent a formal challenge to Albany and Salem to meet them here on any fair terms on executive committee.

It seems that after the debate here last week, Eugene proposed to Salem and Albany that the question be debated over again by the same teams, but have the negative teams stay at home and the affirmative go away. Albany said no, that they wanted to draw for the place and that they positively would not debate this question again if they had to back out of the league. Salem said that it should be left to the executive committee but that they preferred to debate on some other question and would not consider this one.

Ben Huntington, the coach of the Eugene team interviewed various members of the executive committee and the secretary of the league. They agreed with him that the only fair way to settle the deadlock would be to debate again on the same question by the same teams. As a result Tuesday, he sent for the Eugene teams, the following challenge to Salem, and a duplicate to Albany, neither of which has been answered: Jan. 18, 1910.

"Prin. Robert L. Kirk, Salem, Or.

"We the undersigned persons of the E. H. S., concerned in debate, challenge your school to debate on Monday, January 24, to decide the tie that occurred last Friday.

"Failure to accept the challenge or to give us an early answer will be considered by us as indicating that you hesitate to contest or compete with us, to determine the real winner of this triangle on the question.

"We are willing to meet you and Albany on any terms that are fair to all concerned. We concede nothing, we are ready to debate and consider that this is the only just way of determining the winner of the triangle. Accept our challenge or concede us the championship."

The fact that neither Salem nor Albany have answered, indicates that they wish to consider it a draw.

Basketball Team to Albany. The High school basketball team went to Albany this afternoon to play the Alco club there tonight.

The final examinations at the High school begin next Wednesday, January 26.

## STRIPPED MACHINERY NOVEL METHOD TO SHOW MACHINERY

The Mozech Garage has a novel method of displaying their machines by showing the working parts of a real machine just as they are assembled in the factory. A White Steamer has been stripped of its body and everything but just the frame and the working parts on the four wheels. The top has been removed from the gear case and nearly every working part is in plain sight. This is much better than a catalogue that shows fancy pictures of the parts that may be photographed and may not.

Their shipment of 1910 Whites, including a White gasoline car, left the coast some thirty days ago but has been held up somewhere in transit. The snow storms have delayed all freight from the east.

## GOVERNOR ENDORSES EVANGELIST OLIVER

Governor Hoch of Kansas, says of the evangelist who is coming to Eugene:

"Mr. French Oliver, the evangelist, is certainly a remarkable man. He is a striking personality. Tall, several inches over six feet, slender, but sinewy and athletic, black hair, which he parts in the middle, smooth face, a chin and mouth which denote firmness, piercing eyes, a magnificent voice and a great command of language—these are his personal characteristics. He is a natural orator. With apparent ease he passes from a conversational tone to a climax of thunder. He is a good story teller, investing his anecdotes, and pathetic recitals with a naturalness which makes them wonderfully attractive. He is a born commander. He is a master of the situation every moment of the time. He holds the reins himself and never lets anyone else drive. Preachers and people alike do his bidding. He preached every night for a month every Sunday three times, and about half the time twice a day. His addresses were always entertaining, searching, popular, eloquent and powerful."

Give it a good cat, then take Pape's Diapepsin to start the digestive juices working.
