and the reports are therefore start- ing in hopes that the other young lad- ies of this district will become dis- couraged and stop their efforts. Such rumors should only be the goal to better things.

Pitch right in with the firm deter- mination to win out or give the one who does win the contest of her life. Nothing is ever gained by laying back and letting someone else pick up the prizes of life. Nothing like this offer will ever be given in Eu- gene again probably, and the oppor- tunity of winning such prizes should be grasped immediately and striven for earnestly.

Candidates should poll a few votes every day to let their friends know they are still in the race. But by all means keep a reserve for the last day. If no one knows how many votes you have it will be much harder to defeat you than if you have all your votes in the paper where every- one can see how you stand and know just what it takes to beat you.

Rivalry in Towns In the towns outside of Eugene there is plenty of that sort of rival- ry in the voting that will cut a big figure in the contest before it is over. Local pride is going to have a good deal to do with the size of the vote given favorite candidates. As yet the favorite daughters have not come so conspicuously to the front as to determine positively who will be there in the lineup for the race down the stretch and some of those who do not yet figure at the top of the poll in their districts, will undoubtedly come out strongly during the next week. There are indications, too, that the work that is being done by candidates and their friends will take on a broader scope presently. The contest is beginning an element in the various parties of the towns and various parties have been planned to promote soci- ality and bring out the vote. These social affairs will have a very import- ant part in determining the standing of the contestants toward the close of the campaign, and The Daily Guard will, if possible, give these affairs such attention as they war- rant.

Future Subscriptions Contestants may find in some cases friends who wish to help them in the contest by subscribing for the Daily Guard, but are already taking a local paper, which is paid in ad- vance, and not desiring to receive more than one local daily in their homes at the same time, the contest department has arranged to accept and issue votes on all such sub- scriptions, the paper to start at any future date that the subscriber may designate.

Second Payments A great many people do not under- stand, and for their information we wish to say that anyone starting to take the paper since the contest started will always be considered a new subscriber during the life of the contest and the paper now and pay something in advance and wish to pay more later during the contest they will still be considered a new subscriber and will be issued accordingly.

Small Payments Candidates that have taken sub- scriptions for one, two or three months at the beginning of the con- test should get these subscribers to pay the rest of the year, as they are still considered new.

For example, a person who sub- scribed for the paper and paid 50 cents received 1400 votes, by getting them to pay \$4.50 more you will be given 25,000 votes, less the 1400 votes you have already received on the 50 cent payment, or 23,600 votes on \$4.50 payment. This ruling also applies to any second payment you may secure, but in all cases six months or more must be added to entitle you to the second payment. When turning in such payments kindly mark your stub "second pay- ment." This ruling is also good on mail subscriptions taken at the \$3 rate, in fact, all subscriptions.

False Rumors Do not believe all you hear. Some one will try to discourage every good thing. False rumors of all sorts will be going around and the contestant should not allow anyone to discour- age her by telling different things they have heard. Kindly remember they are not in a position to judge the contest as well as you.

The contest manager has been through many contests and he knows what is most liable to happen in any big contest. Remember this, the girl who works will win.

Open Evenings For the benefit of those who are not able to get to this office during business hours, the contest depart- ment will be open every evening.

Saved at Death's Door

The door of death seemed ready to open for Murray W. Ayers, of Tran- sit Bridge, N. Y., when his life was wonderfully saved. "I was in a dreadful condition," he writes: "my skin was almost yellow; eyes sunk- en; tongue coated; emaciated from losing forty pounds growing weaker, daily. Violent liver trouble pulling me down to death in spite of doc- tors. Then that matchless medicine, Electric Bitters, cured me. I regained the 40 pounds lost and am now well and strong." For all stomach, liver and kidney troubles they're su- preme. 50c at W. A. Kuykendall's.

If your stomach, heart or kidneys are weak, try at least a few doses of Dr. Shoop's Restorative. In five or ten days the results will surprise you. And here is why help comes so quickly: Dr. Shoop doesn't drug the stomach, nor stimulate the heart or kidneys, but Dr. Shoop's Restorative goes directly to the weak and failing nerves. Each organ has its own con- trolling nerve. When these nerves fail the depending organs must of necessity falter. This plain, yet vi- tal truth, clearly tells why Dr. Shoop's Restorative is so universally successful. Its success is leading the druggists everywhere to give it un- versal preference. A test will surely tell. Sold by all dealers.

S.S.S. THE ONLY REMEDY FOR BLOOD POISON

The first symptom of Contagious Blood Poison is usually a little sore or ulcer, so insignificant that often no attention is given it. But when the blood becomes more fully infected with the virus the mouth and throat get sore, glands in the neck and groin swell, and sometimes ulcerate, forming sores and ulcers, the hair comes out, copper colored spots appear on the body, and where the disease is allowed to remain in the system the poison frequently penetrates deeper and attacks the bones. S.S.S. is the true antidote for Contagious Blood Poison—the only remedy that is able to get at the very root of the trouble and remove every particle of the virus from the circulation; at the same time S.S.S. acts with upbuilding and tonic effect on every portion of the system. As soon as the system gets under the influence of S.S.S. the symptoms begin to disappear and soon a perfect cure is made. S.S.S. can be used in the privacy of one's own home and a permanent cure effected. To aid those who wish to cure themselves at home we have prepared a special Home Treatment book which contains much valuable information to Contagious Blood Poison Sufferers. With the aid of this book and the use of S.S.S. a cure can be effected in every case. We will send this book, and also any medical advice desired free to all who write.
