

Remedies are Needed

Were we perfect, which we are not, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies are needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a glyceric compound, extracted from native medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other Intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature

W. B. Pierce

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

SPLENDID RECORD OF COTTAGE GROVE MILITIA COMPANY

Seventy-two Soldiers Crack Shots, Each Having Sharp-shooter's Average

Cottage Grove, Or., Jan. 31.—Company E, Oregon National Guard, by a comparison of records, holds a most remarkable place in the military ranks, either in the regular Army or National Guardsmen, the entire company of 72 men averaging sharpshooters.

Organized in April, 1907, the first year a record at target practice proved the men to be on an average considerably below the record of marksmen. The second year they advanced to a considerable extent, making an average record midway between that of marksmen and sharpshooters, and now, the third year, the record of their practice the whole company of 72 men on sharpshooters' average.

In order that this record may be better understood, it may be illustrated: Under battle conditions considerably more than half the shots fired, if fired at the enemy, would have been missed during the first year's practice. During the second year's practice a trifle over one-half of the shots would each have disabled an enemy, while during the third year over three-fourths of the shots fired would each find the mark fired at.

Report of Target Practice.

Captain J. C. Johnson has just completed and forwarded to the Adjutant-General's office the report of the target practice of Company E. The report shows that 14 members of the organization have gained the record of distinguished marksmen. They are as follows: Captain J. C. Johnson, Lieutenant Harry K. Metcalf, Lieutenant Harley H. Petrie, Sergeants Frank H. Snodgrass, James H. Potts, Fred J. Bartels, Privates Green Pitchard, Joel Palmer, Butte Mooney, William Buscher, William Ostrander, William Hughes and Scott Rose. A distinguished marksman is one who has made the record of expert marksman three years in succession.

The following named members of the organization made the record of expert marksmen: Sergeants Hutchinson, Cochran, Corporals Lewis and Cornet, Muscledan Sanford, and Privates Sherwood, Woodruff and Conner.

Eleven Sharpshooters. Of the other members of the company, 11 made the record of sharpshooters, 32 the record of marksmen, five the record of first-class riflemen, while three were excused from target practice during the entire season for various reasons. This record makes each man in the company average sharpshooters, a higher average record for a company than has ever been made by this or

any other company in the State of Oregon.

During this season the company team, consisting of Captain Johnson, Lieutenant Petrie, Sergeants Snodgrass and Potts and Private Mooney, participated in the state rifle contest at Clackamas, Or., in the month of July, again 22 other teams, and finished first, receiving as a reward therefore the state trophy, a silver cup. During this contest Sergeant Potts won a silver medal, making first place in slow fire; also a bronze medal, winning fourth place in collective fire. Private Mooney was awarded a silver medal, he winning second place in collective fire. In this match, in which the medals were awarded, there were 52 men who finished the match out of 115 who entered. All five of the men composing this team made places and were selected to compose a part of a team of 18 to go East to represent Oregon in the annual National rifle contest held at Camp Perry, O., but owing to urgent business obligations at home only Sergeant Potts and Private Mooney were able to avail themselves of this privilege.

In the regimental contest, Muscledan Sanford, Privates Pitchard, Conner and Palmer were chosen to represent Company E. In the with like teams from other companies of the Fourth Regiment for the regimental silver cup. They won over all other teams in the regiment. In this contest Private Horace T. Conner won glory for himself, making the highest individual record over all other men in the regiment.

Notice to Contractors

Eugene, Ore.

If your stomach, heart or kidneys are weak, try at least a few doses of Dr. Shoop's Restorative. In five or ten days the result will surprise you. And here is why help comes so quickly: Dr. Shoop doesn't drug the stomach, nor stimulate the heart or kidneys, but Dr. Shoop's Restorative goes directly to the weak and failing nerves. Each organ has its own controlling nerve. When these nerves fail the depending organs must of necessity falter. This plain, yet vi-
