Some men seem to think that if they get into a scrape and the editor mentions it in his paper he does it out of malice toward them. In nearly every case of this kind nothing could be further from the truth than such a belief. It is the editor's business to publish local happenings, good or bad, and if a man furnishes material for a bad item he has no one to blame should it appear.

AN OPEN LETTER.
I wish to say to the people who have not had the pleasure of meeting me that I have come among you with the intention of staying (and I am a stayer from 'way back), and I like Eugene so much better than any other place on earth, that I have acquired a little property here and expect to end my days in this busy place. I will not be here today and be gone next summer. Incidentally I may say that I am in the piano business. I will not advertise myself as headquarters or headquarters of anything. I do not boast that I am the oldest, largest, best, or most honest dealer in town, but I do say that I sold the Chickering piano now being used at the Tabernacle with such satisfaction, and let the public judge these points. Some make the claim that they can save you \$50 to \$100 on a piano, but do they do it? You just try me and see if I am not there with the goods. I have just demonstrated to all who have bought Trowbridge pianos in Eugene, that I have not only made the claim, but have actually sold a car load, lacking one, of the genuine Simon pure article, bran new and right from the factory, and as good as they turn out, at a saving to my customers of \$100 to \$225. If I can do that on one make of piano and furnish exactly the same kind that has been sold here, placed side by side and compared, does it seem unreasonable that I can do so on the others? My claim is that I can give you more piano value for your money than anyone else in town. Come in and I will tell you why. I have just received from the factory, (this is no joke, they were shipped January 27,) a full car load of the celebrated Miller piano, the equal of pianos sold in Lane county for a much higher price. My prices plainly marked on all these pianos.
Yours for business,
F. A. RANKIN

'What was probably the most enjoyable recital ever given in the Hotel Schenley chamber was given last night by Ernest Gamble, the basso. The concert room was crowded and the audience was so enthusiastic that after the last number not a soul left his seat, until the applause had continued several minutes and the young artist had returned repeatedly and bowed his acknowledgments.
The recital proved that Pittsburg has one artist at least who measures up with the great visiting artists. Mr. Gamble held his own last night with a program that might have been given by any of the half dozen singers who are reckoned the very best.

LADIES ARE MAKING ARRANGEMENTS FOR ROSE-PLANTING DAY

Meting to Be Held Wednesday Evening to Take Matter Up With Schools
Mrs. Durkheimer has called a meeting of the committee from the ladies' auxiliary for Wednesday night of this week to take up the matter of rose-planting day with Superintendent Stockton, of the public schools and to plan for the ceremonies to be held on that occasion in connection with the general planting of roses throughout the city. A full attendance is desired as the ladies are very anxious that full plans may be commenced. It is desired that as many volunteers as possible assist in helping make the day a success. The date has not been definitely set, but it will be about the middle of March. If the weather is good the ceremonies will be held out of doors, but if it is rainy, they will be held somewhere indoors.
The schools are urged to supply programs for the occasion and a number of addresses by prominent citizens will probably be made.
