## UNIVERSITY CLASS DOES PRACTICAL WORK

### Electrical Illuminating Students Design Big Chandelier for Villard Hall

The class in electric illumination under Professor Reid at the University has put itself to practical use by designing a big center chandelier for the assembly hall in Villard, and the machine shop under Professor Converse built it. It consisits of a large steel hoop suspended by ten chains from a point in the ceiling. About the big rung are hung incandescents with glass reflectors. This does away with the old arc lights and was previously calculated by the class perfectly lights the hall. The whole arrangement is very pretty.

The idea of having the classes and shop put to practical use is carried out to a large extent at the University and saves much money to the state, besides being of more value to the students. The economic classes last fall made computations and charts for the legislature. The draughting classes have done work for the city and also the civil engineers have surveyed on practical work. The machine shop repairs and overhauls its own machines, and even makes its own machinery. At present a turning lathe is being made in the shop and about a dozen large clamps that are needed and would cost over $100 are being made by the students. The machine shop also repairs anything that is broken about the University that comes in its line. Likewise the wood working department makes cases, blue print frames and anything needed in the various departments.

## MEDFORD REJECTS BIDS FOR PAVING FIVE MILES

Medford, Or., March 20.—All bids for the paving of ten miles of streets have been rejected by the council, all being considered too high. Five construction companies had submitted bids, and it is expected that there will be at least eight companies offer to do the work and that a lower price will be secured. Under the new call March 26 is the date fixed for opening bids. If the cost is satisfactory to the property owners, the prospect is good that at least five or more miles of streets will be signed up this year. Medford now has three miles of bitulithic paved streets.

# WANTS HER LETTER PUBLISHED

### For Benefit of Women who Suffer from Female Ills

Minneapolis, Minn.—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women I felt sure it would help me, and I must say it did help me wonderfully. My pains all left me, I grew stronger, and within three months I was a perfectly well woman.

"I want this letter made public to show the benefit women may derive from Lydia E. Pinkham's Vegetable Compound."—Mrs. JOHN G. MOLDAN, 2115 Second St., North, Minneapolis, Minn.

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound, which is made exclusively from roots and herbs.

Women who suffer from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

**If you want special advice write to Mrs. Pinkham, at Lynn, Mass. She will treat your letter as strictly confidential. For 20 years she has been helping sick women in this way, free of charge. Don't hesitate—write at once.**

## STREET LIGHTS FOR COBURG TOWN

H. F. Bucknum, assisted by Bill Johnson, has been installing the street lights at Coburg the past week or so, and eleven lights are in and working nicely, giving excellent light on the walks. The balance of the lights will be put in place this week and Coburg will be lighted well enough for the present, although it has been remarked that there really should be one at the J. D. Wigle corner.

Miss Belle VanDuyn is visiting friends at Oakland, Or., for a few days.

Mr. and Mrs. Milo Roach visited in Coburg Sunday last and made a pleasant call at Charles Poole's.

Lester Stacey has sold his residence in Coburg, the consideration being $650. Mr. Stacey says he has not yet decided to quit Coburg, at least for the present.—Journal.

### OBITUARY

John J. Eaton was born in Blount county, Tennessee, November 12, 1838. His parents took him to Missouri when a small boy. Came to Pleasant Hill, Oregon, in 1853. Became a resident of Junction City in 1880, where he resided until his death.

He was married to Miss M. Parket at Eugene, June 11, 1889. To this union were born four girls, of which only the youngest remains. Deceased has two brothers and one sister alive, while two sisters and three brothers have passed on before.

He worked in the mines before coming to Junction City. During his residence here he farmed and conducted a livery stable by turns.

He joined the Christian church about twenty years ago, when he was baptized by Rev. Kellems. He was the first deacon elected in that church. A few years ago he served as elder. He was always conscientious in the discharge of his duties.

He died at his residence in this city after an illness of several years' duration, March 11, 1910, aged 71 years, 3 months and 29 days. Funeral services were held at the Christian church Saturday afternoon at 2 o'clock by Rev. Hamm and the remains were interred in the Odd Fellows cemetery. — uunction City Times.

## MAYBRAY GANG IS CONVICTED

### Iowa Jury Finds Them Guilty of Whlesale Swindling

Council Bluffs, Iowa, March 20.—John C. Maybray and thirteen of his associates, who for ten days have been on trial in the United States district court, charged with illegal use of the mails, were found guilty today. The jury returned a verdict shortly before noon. The jury disagreed in the case of Robert L. Goddard, of San Antonio.

Those found guilty are John C. Maybray, Leon Loser, Tom. S. Robinson, Willard Powell, Clarence Class, Edward Leach, Edward K. Morris (colored), Clarence Forbes, Harry Forbes, Frank Scott, Ed McCoy, Winford S. Harris, Bert R. Shores and William (Ole) March. The latter latter three entered a plea of nolle contendere when the trial opened, that in effect being a plea of guilty.

**Wife Not Consoled**

Judge McPherson announced that the prisoners would be sentenced on Monday morning at 10 o'clock. Maybray shook hands with several of the juroros after they were discharged.

Mrs. Maybray broke down when the verdict was read, and her husband attempted to console her. She left the room, however, still weeping.

Two years' imprisonment and a fine of $10,000 is the maximum penalty that would be invmbfwy zfifl alty that may be inflicted by the court.

Robert Goddard is under indictment in the Nebraska district of the federal court, and will be tried again when the other defendants are brought into that court.

**Minneapolis Man Will Escape**

Colonel Temple, the district attorney, said today that he would probably move for the dismissal of the case against Louis R. Stowe, the Minneapolis man, charged with being a member of the conspiracy.

## TWO ARE KILLED IN TRAIN WRECK

### Reckless Running of Engineer Said to Be Cause of Accident

Pendleton, Or., March 20.—Two men are dead, two engines demolished, an dfive loaded box cars, with their contents, are piled in a confused mass, as a result of a double wreck, the first in the history of the O. R. & N., which occurred eight miles east of Pendleton at 7:45 o'clock this morning. The dead are:

Fireman Edward Hopple, of LaGrande, Or.

Engineer S. L. Risk, of LaGrande, Or.

The scene of the disaster is three miles this side of Cayuse station and withi nfive miles of the Cayuse wreck of three years ago, which was the most disastrous in the history of the road, resulting in the death of four persons, and the injury of several others.

**Recklessness Probable Cause**

The present disaster is believed to have been caused by the reckless running of an engine without a train, and if this is the case, the two men responsible paid for their recklessness with their lives.

Engine No. 215, in charge of Engineer Risk and Fireman Hopple, was running "light" (without a train) from Meacham to Umatilla, after having helped extra freight No. 385 up the mountain from LaGrande. In rounding a nine degree curve at a point where the track skirts the Umatilla river on one side and runs under a high bluff on the other, the engine left the track and plunged into the bluff.

## HOW TO SUCCEED

### Depends Entirely Upon Superior Merit and Knowledge

During the last few years, conditions in all lines of business, even professional life, have changed so completely that every man is waking up to the fact that in order to win success he must specialize and learn to do some one thing and do it well.

So it is with an article that is sold to the people. It must have genuine merit or no amount of advertising will maintain the demand for the article.

For many years we have watched with much interest the remarkable record maintained by Swamp-Root, the great KKidney, Liver and Bladder Remedy. From the very beginning the proprietors had so much confidence in it that they invited every one to test it, free of cost, before purchasing. They have sent out millions of free sample bottles so that people could judge of its great curative properties, in even the most destresing cases of kidney, liver and bladder troubles.

It is a specialist's prescription.

They have on file thousands of letters received from former sufferers who are now enjoying good health as a result of its use.

In view of these facts we have no hesitancy in advising readers who may have symptoms of kidney, liver or bladder troubles, to give Dr. Kilmer's Swamp-Root a trial—at all drug stores in bottles of two sizes, fifty-cents and one-dollar.

However, if you wish first to try a sample bottle, address Dr. Kilmer & Co., Binghamton, N. Y., and gladly forward you a sample bottle by mail, absolutely free.

### STORAGE.

Storage warehouse on railroad track for hops, spuds, household goods, cement, lime, crockery or anything. Stone foundation and piped with water for fire pritection. Rates made on car lots. Inquire of Williams Transfer Company, Main 551 or Frasier's real estate office. Black 2861. tf

## The Fountain Head of Life Is The Stomach

A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished.

***Dr. PIERCE'S GOLDEN MEDICAL DISCOVERY makes the stomach strong, promotes the flow of digestive juices, restores the lost appetite, makes assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder and restorative nerve tonic. It makes men strong in body, active in mind and cool in judgment.***

This "Discovery" is a pure, glyceric extract of American medical roots, absolutely free from alcohol and all injurious, habit-forming drugs. All its ingredients are printed on its wrappers. It has no relationship with secret nostrums. Its every ingredient is endorsed by the leaders in all the schools of medicine. Don't accept a secret nostrum as a substitute for this time-proven remedy OF KNOWN COMPOSITION. ASK YOUR NEIGHBORS. They probably know of many cures made by it during past 40 years, right in your own neighborhood. World's Dispensary Medical Association, Dr. R.V. Pierce, Pres., Buffalo, N.Y.
