

TWO WOMEN CURED AFTER OTHER TREAT- MENTS PROVED FAILURES

ONE HAD SUFFERED FOR YEARS AND ALL THE DOCTORS
HAD FAILED WITH HER—LIKE OTHERS TO KNOW IT

One of These Women Was in a Dangerous Condition, But Fer-
Don's Medical Experts Made Her Quite Well
After Treatment

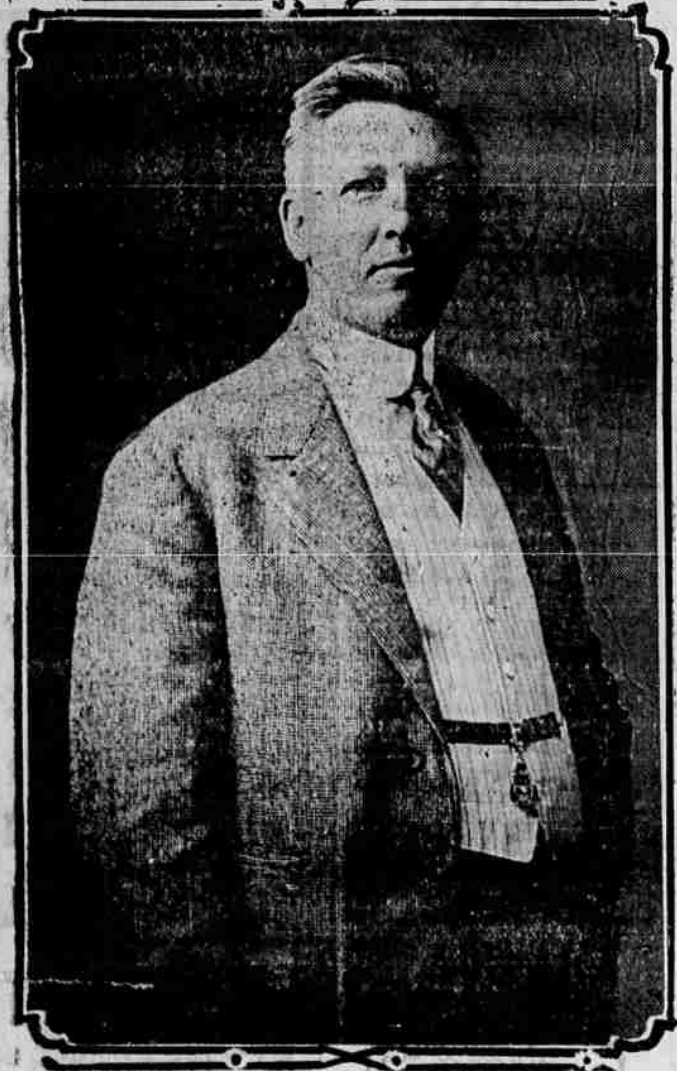

This is a testimonial for women who are sick and despondent, and deals with the cure of two women who are well known in Oroville and vicinity; it is well worth reading. As Ella Wheeler Wilcox says, it is a beautiful thing to die, but it is a terrible thing to be sick, poor and miserable while you live. In chronicling the results of Fer-Don's European Medical Experts' treatment, I do so in the cases of two women. I have not trusted anything to memory, but have made notes as to my observations, and investigations about Fer-Don and his bloodless surgeons, and I think it a duty to let the public know the full truth and details of Fer-Don's wonderful experts' treatment.

Asked for Two Cases.
The newspaper representative then asked Fer-Don if he would consent to give the names and addresses of two women whom his doctors have cured while there in Oroville. This Fer-Don gladly consented to do, and called my attention to the case of Mrs. M. Thomas, about three miles

necessitated immediate attention. A peculiar looking medicine was compounded by the expert, and only three doses given to Mrs. Thomas, and to the surprise of Mrs. Thomas, she was relieved of over one hundred gall stones. No knife, no pain was experienced. It would certainly do every suffering woman good to hear Mrs. Thomas tell her story. How quickly she got well through Fer-Don's Medical Experts, after other doctors had tried for years to cure her and failed. She does tell it, too, every chance she gets.

Glad To Tell About It.
When asked by her friends and neighbors what she thinks of Fer-Don's experts' treatment, she replies: "Fer-Don's experts' treatment is all right and I feel fine. I can sleep good, and eat good, too. My back is strong now and the terrible pain I suffered has left my body. Yes, the treatment has worked wonders for me, and I am glad I went and saw Fer-Don's European Doctors."

The Case of Mrs. M. Mahle.
The next case was that of Mrs. M.

JAMES M. FER-DON

Originator of European Medical Experts Who Are Now in Eugene, Oregon

out of Oroville. Mrs. Thomas was accompanied by her husband, and in the condition she was in she certainly needed some one to look after her every minute.

Was Extremely Nervous.
There was evidence of mental as well as physical suffering, and my heart went out to that poor woman when I saw what a state she was in. She was willing to grasp at anything promising cure, as a drowning man would grasp at a straw. It is almost useless to describe this woman's condition to women, as it is the same old story—dragging pains, constipation, torpid liver, backache, and worst of all nervousness.

Suffering Was Intense.
She described her symptoms and different treatments that other doctors had prescribed, and told of money spent without getting any relief; that she was discouraged and despondent, and that her suffering was almost unbearable. Pains across the back and kidneys; a feeling of complete exhaustion; tired and worn down at times, could hardly drag one foot after the other; pains across the liver.

Fer-Don's Medical Expert made a complete examination, and found the lady in a terrible condition, but soon discovered the cause of her sickness, and at once began treating her. Fer-Don's expert claimed that Mrs. Thompson's liver was enlarged and that it refused to eradicate the bile as nature intended; also that the gall duct became obstructed, which

Mahle, who lives out in the country 12 miles east of Oroville.

Suffered Several Years.
"I have been sick for several years and I have doctored and doctored, before I tried Fer-Don's experts. Some of them gave me two or three different kinds of medicine, and then I tried patent medicines, but I got no better. I seemed to get worse all the time. I even tried physicians from San Francisco, but received no benefit until I went and consulted Fer-Don's European Medical Experts and Bloodless Surgeons. Well I can say this much, that they understood their profession, and I wasn't there three minutes before the expert discovered my disease and described my case better than I could myself. I have been under treatment of Fer-Don's experts only a few days, and I feel like a new woman. I am greatly improved. I eat and sleep just fine and am free from pains and blighly endorse Fer-Don's Experts."

Fer-Don in speaking of these wonderful cures, remarked that it was a very common occurrence, as many call every day at the office at 66 Williamette, between 6th and 7th, Eugene, Oregon, and give praise to the Medical Experts for what good they have derived. It was then asked in this the only disease our experts treat. No, he said, the experts treat all chronic diseases falling to all unfortunate people who are afflicted, and those who are suffering call and see these eminent spe-

IDAHO QUITS FIELD AND FORFEITS GAME TO OREGON TEAM

With the score 3 to 3 in the seventh inning of yesterday's game between Oregon and Idaho, Coach Grogan, of Idaho, took his men off the field when Umpire Bingham called Gabrielson safe on the latter's slide to the plate. The umpire then forfeited the game to Oregon by the score of 3 to 0.

What would have otherwise been a pretty game was marred by frequent wrangling at the umpire's decisions. In the second Taylor, of Oregon, was called safe at first when Curtis dropped the ball. Grogan declared the Oregon runner outside the three-foot lines and should be out. Again in the fourth, with Clarke, of Oregon, on first on a hit and run play Van Martre fouled at the catcher's feet. The batter failed to stay out of his box, and before Clarke had returned to first the Idaho twirler decried the ball, the catcher whipping it to the base, where Clarke was touched sliding. Umpire Bingham ruled that he had not had time to get back to the bag and was safe. Grogan declared he would protest the game on these decisions.

Umpire Bingham's Difficulties.

Nether counted in Oregon's run-getting, however. Idaho started with a rush in the first, when Slack worked Rhinehart for a walk, and Curtis' slam to right crumpled off a tree for two bases. Crom followed with a home run smash over the fence. Word took Rhinehart's place in the box and held Idaho safe thereafter, allowing only one hit and no runs.

Oregon scored twice in the sixth on an error and Clarke's line drive. In the seventh McIntosh's run tied the score, and Gabrielson slid under Catcher Williamson a moment later with the fourth run. Idaho then walked off the field.

Oregon's team left last night on a 10-day trip through Washington and Idaho, in which eight games will be played.

Summary
Base on balls—Off Rhinehart, 1; off Applegate, 3. Struck out—by Applegate, 5; by Word, 7. Wild pitch—Word. Passed balls—Taylor, Williams. Stolen bases—Curtis, Taylor, Fluarty. Dobie, Clarke, McIntosh. Two-base hits—Curtis, Van Martre. Home run—Crom. Left on bases—Oregon, 4; Idaho, 2. Hit by pitcher—Fluarty, Dobie. Umpire—Bingham. Time of game—1 hr.

JEFF DONS GLOVES FOR FIRST TIME

Ben Lomond, Cal., April 12.—For the first time since beginning training James J. Jeffries donned the gloves today in a fast three-round bout with Sam Berger. The bout was scheduled for a longer duration, but after planting his overworked face to the way of several smashing left hooks, officials, who are now here at Eugene, Oregon.

A charge of one dollar is made for consultation and examination. Office hours from 10 to 12 noon, 2 to 4 and 7 to 8 p. m. Sundays, 10 to 12 noon.

Berger decided that his charge was in danger of over-training and called the match off.

"I never felt better in my life," said Jeffries, as he playfully doubled Sam up with a wallop in the brisket, at the end of the second round.

"You seem to be coming on fine," replied Sam, smiling dolefully as he came back for more. The last round lasted but a minute and a half, as Berger recalled an important engagement. Jeffries completed the morning's exercises by a ten-mile run over the muddy roads to Boulder Creek.

During all the boxing, although the going was fast, Jeffries scarcely drew a long breath. He no longer appears muscle-bound, and his blows were delivered with the old smashing drive that made him champion. His footwork leaves much to be desired, although Jeffries never was especially fast in side-stepping and dodging.

CASEY PUT OUT OF GAME FOR MONTH

Sacramento, Cal., April 13.—Pearl Casey, the kingpin of the Portland infield, will be out of baseball for a month. Manager McCredie ordered Casey to return to Portland last night and the unfortunate captain and second baseman will probably arrive home early this week.

While it was thought that Casey had only strained a shoulder muscle in the game at Vernon Sunday, an X-ray demonstration has revealed the fact that the collarbone is fractured, and he will have to be out of the game for a month.

GORDON MOORES

CAPTAIN OF M. A. A. C.

Gordon Moores, one of the great-

est ends the University of Oregon ever produced, has been elected captain of the Multnomah Amateur Athletic club football team for 1910. Moores is the second Oregon man to be honored with that position. Jack Latourette, the former quarterback, is the retiring captain. Both men made the All-Northwest team in their college days.

In addition to electing Moores captain, the club has decided to have no more paid coaches, and will endeavor to have the Northwestern colleges substitute the graduate system of coaching instead of the present plan of hiring professionals.

Yesterday's Coast League Scores
Portland, 3; Sacramento, 2.
Vernon, 6; San Francisco, 3.
Los Angeles, 4; Oakland, 3.
