HEARST ENDORSES PRESIDENT TAFT

Washington, April 20.—William Randolph Hearst, former aspirant for the Democratic nomination for the Presidency, tonight issued a remarkable statement over his own signature, in which he unqualifiedly endorsed Mr. Taft. In doing so he also criticized in severest terms the administration of President Roosevelt, and in so many words warns the American nation against a renewal of the political domination of the ex-president. Mr. Hearst called at the White House this afternoon. He spent half

an hour with the president. Upon leaving, Mr. Hearst said he had called merely to pay his respects to Mr. Taft, whom he said he admired. Later he issued his endorsement of the Taft administration.

"No one can talk with the president without appreciating and respecting his earnestness and sincerity," the statement says. "Personally I believe also in his efficiency. He has been one year in the office and he certainly has accomplished more in that year than Roosevelt did in his first year. "It is hardly fair to compare Taft's one year with Roosevelt's seven, and yet, I am not sure even with that, the comparison might not be to Taft's advantage. Taft's methods are not those of Roosevelt, but then Taft will probably not conclude his term with a panic. "On the whole, it seems to me a quiet, earnest gentleman who came into office when the country was in the slough of adversity and after one year in office has placed the country on the high road of prosperity, is quite as valuable a president as a more showy and spectacular person who found the country in the height of prosperity and left it in the depths of adversity."

Mr. Hearst admits he does not charge Mr. Roosevelt directly for the panic of 1907, nor does he undertake to give Mr. Taft the entire credit for the restoration of prosperity. He declares, however, that an administration which is producing more dividends for business men and finding work for the unemployed, "should not be too carpishly criticized for certain minor faults of commission or omission."

"Taft is carrying out Roosevelt's policies in the one way that they ought to be carried out. That is to say, he is doing things that Roosevelt should have done, but did not do. "Taft is making the railroad rate complete and effective. The Roosevelt railroad rate act has always been an utter farce, and everybody who knew anything about the subject knew when it passed that it was a farce and would be a failure. "At any rate, Mr. Hepburn, the gentleman who was selected by the Roosevelt administration to stand sponsor for that bill in the house, has been but lately hung in effigy by his constituents for too great friendliness to the railroads. "Would you have returned that kind of man, tagged with that kind of testimonials, to France that kind of a bill? And can you imagine Mr. Roosevelt, the Diogenes of politics, hunting through the house of congress, lantern in hand, to find an honest man, and selecting this executed effigy as the fittest one to frame the people's railroad bill?"

Acres Inside the City Limits of Eu- gene for \$650 to \$750 an Acre

Mathews Park will then be the only acreage for sale in acre tracts in the City Limits. These acre tracts do not cost any more than do city lots less than three blocks away, and an acre will make four regular sized lots. They are located on North Blair street and will be on the proposed Eugene Junction City Electric Line that is to be built this summer. The soil in Mathews Park is rich river loam—there is none better for truck gardening or for orchard.

Mr. Mathews is now in the East and may upon his return withdraw from the market that part which is not sold and plat it in city lots. Make an appointment with us to see Mathews Park. Call in person or by phone.
