

MONSTER PARASITE EX-PELLED FROM SYSTEM WAS FORTY FEET LONG

Mrs. W. E. Mills Tells of Her Experience With Horrible Monster
—Also Large Tumor Removed From Mr. F. W. Chatfield—Fer-Don's Medical Experts Did the Work

Since Fer-Don and his medical experts arrived in Eugene their offices at 466 Willamette street have been crowded with people all eager to see these eminent experts. Many remarkable cures have been performed since their arrival. The cripple has been made to walk and the deaf to hear. Many cases that were given up by other physicians have been cured right before the eyes of the public. Fer-Don's reputation in Oakland, San Francisco, Sacramento, Redding and Medford is of the best, and he and his medical experts come to Eugene highly recommended. All manner and form of diseases of men, women and children are now treated scientifically by new methods which are unknown to other physicians. Fer-Don's experts accomplished great work in Medford, Or., where he visited before coming to Eugene. We print below a clipping from one of the Reno, Nevada, papers, which reads as follows:

Monster Parasite Expelled
"Saturday afternoon an unusual occurrence took place at the offices of the experts. Mr. W. E. Mills, who lives at 227 Maple street, Reno, came rushing into the room holding in his hand a package, and exclaimed: 'I want to see Fer-Don's medical experts quick, as I have something here I want them to see.' The crowd that was also waiting to see the doctors became deeply interested and they began to gather closely around Mr. Mills, all eager to see what was the cause of so much excitement. Just then one of Fer-Don's experts appeared upon the scene. Mr. Mills said: 'I have something in this glass jar I wish to show you, doctor. I have hurried here as quickly as I could. You see, my wife called here to see you this morning about ten o'clock. She had been sick for a long time, and tried in every possible way to regain her health. She was very nervous, her appetite was irregular, her stomach would bloat, and she would belch gas; weak spells with hot and cold flashes would come over her, accompanied with headaches and dizzy spells. For twelve years my wife has doctored without any benefit whatever; ten different doctors treated my wife and couldn't cure her. Now just think of it, Fer-Don's experts treated my wife just one minute. They gave her one dose of a peculiar medicine, then sent her home, and in less than two hours time this awful thing you see in this glass jar passed from my wife's system.' The crowd in the room pressed up so closely that Mr. Mills was taken into another room, where the nature of the parasite was explained to him. Fer-Don said, in speaking of the matter: 'There is nothing remarkable about this occurrence, as hundreds of these things are brought to us.' Just then Mr. F. W. Chatfield, who lives at 331 N. Virginia street, came to have a tumor removed.

Bloodless Operation Performed
upon him. 'For sixteen years I have had a large tumor in my head. I heard of Fer-Don's bloodless surgeons and made up my mind to have it removed. The bloodless surgeons removed my tumor in five minutes' time—no pain whatever. In fact, I was surprised that it could be removed so easily. Fer-Don's medical experts are so wonderful,' exclaimed Mr. Chatfield, as he went out of the door back to his work at Nelson & Peterson's grocery store, where Mr. Chatfield has been employed for over two years.

CURED IN 48 HOURS
"I had been a sufferer from hemorrhages for months, experiencing the most intense pain and agony," says Mrs. R. W. Herman, living at 629 Twelfth street, Sacramento. "I was treated by a local physician for one entire month, but experienced no relief. One day in perusing a daily paper, I noticed an article about the Fer-Don medical experts, and concluded to call and see what they could do for me, as I had made a mistake in selecting my physician before I felt satisfied that as they had cured others, they certainly could cure me. 'I called at their offices, explained my condition to one of the experts, and after an examination, placed my self in their hands. After only forty-eight hours' treatment I was perfectly cured, and am today as hale, healthy and hearty as I ever was in my life. I cannot speak too loud in praise of their wonderful cure in my case, and can heartily recommend them to all who suffer as I was doing.'"

BETTMAN-KLINGENBURG TRIO SECURED FOR MUSICAL FESTIVAL

Mr. and Mrs. Gaskins, of Corvallis, and Mr. Belcher, of Portland, Also Secured

Professor Glen and all those taking part in the big musical festival that is to be put on by the students of the University May 13 and 14, are in high spirits over the success in securing the appearance of the famous Bettman-Klingenburg trio, of Portland, for both performances.

The Bettman-Klingenburg people sprang into prominence when they came west by giving a series of chamber concerts in Portland at the height of the musical season during April. A Portland critic of the Journal, April 16, has the following to say about them:

"The last of the Klingenburg-Bettman chamber concerts was given last night. The hall was not big enough to hold the crowd of music lovers who have learned to know the high quality of work given at these concerts. Henry Bettman, violinist, was the soloist, and played better than ever before in Portland. Fred Conrad, cellist, and Mr. Klingenburg, pianist, filled out the trio. These chamber music evenings have been a rare treat and given opportunity to hear the less hackneyed and best in ensemble music."

Professor Glen also announces that he has secured the services for those nights of Mr. and Mrs. Gaskins, of Corvallis, and Mr. Belcher, of Portland, both of whom are very well known in musical circles of the West.

What could be more convincing proof of the efficiency of Doan's Kidney Pills than the statements of nearly residents who have been permanently cured?

James Green Haight, 707 E. 5th st., Albany, Ore., says: "The public statement I gave in praise of Doan's Kidney Pills in 1906 still holds good. This remedy relieved me of an attack of kidney trouble. I am now in good health and in return for the benefit received I am pleased to give Doan's Kidney Pills my endorsement."

Eugene team for Saturday and Washington plays here on Friday and Saturday of next week. The boys are doing their best to determine that the northerners return defeated, for because of the limited number of games that Washington plays, two defeats would do more to damage its percentage than to Oregon's. The rest that the team is now having is good for it, for there will now be a week if the weather clears up at once in which to get into shape.

EUGENE AND NESMITH PLAY SUNDAY

What promises to be the best and most exciting league game pulled off so far this season will undoubtedly be the one next Sunday afternoon at Midway Park, when the fast Nesmith team of Cottage Grove, which is now in second place in the league race, will cross bats with the local Roberts Bros' team. Three weeks ago the Nesmith team defeated Roberts Bros. team in a whirlwind finish by the score of 6 to 5 and also the last Sunday the Grovites took the Albany team into camp by a 5 to 4 score. Johnny Tauscher, crack shortstop of the Tri-city league, is playing the same position for them, while Gray, recently from the California state league is behind the plate. The local team will be somewhat changed from Sunday's game. Catcher's position, the weak spot of the team last Sunday, will be filled by a first class man. A special excursion will be run from Cottage Grove and a big crowd promises to be in evidence to root for Nesmith county.
