

ALL of ALL the best Music

In Edison Standard Records you get all of the shorter selections in the purest, most lifelike rendering.
And on Amberol Records you get the same pure, lifelike reproduction on longer selections than it is possible to get with the ordinary record, without hurrying, without crowding or cutting out important parts—because Amberol Records play twice as long as Edison Standard Records.

The EDISON Phonograph

gives you not only all kinds of music but all of all kinds. There is an Edison Phonograph for you at whatever price you feel you ought to pay.

Does your Phonograph play Amberol Records? If not, ask your dealer about our money-saving combination offer on Amberol Records and the attachment to play them.

AMUSEMENTS

Alexander Salsavsky is one of Mr. Damrosch's two concertmasters and first solo violinists. Mr. Salsavsky is a Russian by birth, and obtained his musical education at the Imperial Conservatory, Vienna, under the famous teacher, Gruen. He came to this country about ten years ago, a very young man, and was accepted by Mr. Damrosch for his orchestra as one of the first violinists. He took his seat at the last stand and has since worked his way to the first stand, like his colleague, Mr. Mannes, by sheer merit. His solo playing is characterized by great fire and dash, and with all the Slav's innate sense of expression.

Subscription tickets are now on sale for the Damrosch concert at Eaton's book store. Call at once and help make up the \$1250 guarantee.

"Cousin Kate" was greeted by a fair sized audience at the Eugene theatre last night. Miss Jeanne Russell, in the title role, was all to the good with her part. She is a pleasing actress and carried her part well and naturally. She had good support, and the play throughout seemed to please.

WOMAN ESCAPES OPERATION

Was Cured by Lydia E. Pinkham's Vegetable Compound

Elwood, Ind.—"Your remedies have cured me and I have only taken six bottles of Lydia E. Pinkham's Vegetable Compound. I was sick three months and could not walk. I suffered all the time. The doctors said I could not get well without an operation, for I could hardly stand the pains in my sides, especially my right one, and down my right leg. I began to feel better when I had taken only one bottle of Compound, but kept on as I was afraid to stop too soon."—Mrs. SADIE MULLEN, 2738 N. B. St., Elwood, Ind.

Why will women take chances with an operation or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion, and nervous prostration.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Mrs. Pinkham at Lynn, Mass., for advice. Your letter will be absolutely confidential, and the advice free.

WHAT THE EDISON MAY RECORDS OFFER

Would you be amused by a clever vaudeville sketch, entertained with the latest song "hit," inspired by a patriotic band selection, enthralled by the reverential strains of a sacred hymn? Which ever you will you can find in the May lists of the Edison phonograph records, in pleasing profusion and variety. Variety and quality—that's the epitome of the lists, which comprise forty-four two and four-minute records. There are five records of well-known grand opera selections by such brilliant stars of the operatic stage as Carmen Me-

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so?

The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite." Any sick woman may consult Dr. Pierce by letter, free, or hold as sacredly confidential, and answered in a plain envelope.

World's Dispensary Medical Association, Dr. R. V. Pierce, Pres.

lis, Marguerita Sylva and Blanche Aral, sopranos; Riccardo Martin, tenor, and Gustave Huberdeau, basso. So much for the grand opera enthusiast that he may not be compelled to live only on pleasant memories now that the operatic season is at an end.

The him who revels in the popular stuff are offered such satisfying numbers as "Has Anybody Here Seen Kelly?" By the Light of the Silvery Moon," "The Cubanola Glide," and "Moon-Rag," by Sophie Tucker, the vaudeville star; and "Come to the Land of Bohemia" in the two-minute pieces—band selections by Sousa's and the National (London) Military bands, orchestra numbers by Victor Herbert's galaxy of musicians and the American Standard Orchestra, and a gem of melody and harmony by the internationally famous Vienna Instrumental Quartet. Sacred hymns

and sentimental ball vocal selections, recital sketches—in all and everything in the instrumental line and lists before the public.

Incidentally it should be noted that Edison dealers (makes it possible to minute and four-minute splendid special orders, at an advance over the original attachments. In other an Amberol attachment phonograph owner can \$5 worth of four-minute records of ex in respect to selection, coding, and which can ed except through the attachment.

These special Amberol records are not for sale to be listed. They have been made for this special purpose to us and hear them. Then you will realize what an attachment means to you.

STATE CLOSES

CASE AGAINST

CHAS. A. SMITH

Summary of Developments in the Trial Up to Date

Portland, Or., May 5.—United States Attorney McCourt closed the prosecution of the case against Charles A. Smith, the Minnesota millionaire, and the Linn-Lane Timber Company soon after noon yesterday.

The litigation involves recovery to the government of title to 8000 acres of timber, now valued at \$800,000.

It has been proved that the land was secured through a conspiracy between Horace G. McKinley and Stephen A. D. Pater.

The conspirators secured saloonmen, laborers and farmers to file on the lands under an agreement to pay them from \$50 to \$100 each. Pater testified that the "dummies" were representing him in the deal.

The entrymen testified that they took the lands for themselves and that they were at liberty to sell them to anyone who would purchase.

Sidney Scanlon and Samuel Pickins have been arrested, charged with perjury.

Pater arrived in Portland Monday night, was whisked from the train at the East Side depot and spent hours in the city before the government could find him.

On the witness stand Tuesday

Pater repudiated his statement to President Roosevelt, Prosecutor Heney, Secretary of the Interior Hitchcock and District Attorney McCourt.

Yesterday Pater announced that he had used the government to collect a bill of \$10,645 from Smith, and that he intentionally misrepresented the facts to the president and court officers.

To gratify a spite against Smith, the witness announced that he had padded his story in order that the government might be induced to bring the suit.

WHAT MRS. W. D. PECKHAM, A PROMINENT MEDFORD LADY, HAS TO SAY ABOUT FER-DON MEDICAL EXPERTS

I take great pleasure in testifying to the successful results of the treatment of the Great Fer-Don. My son, Frank Schaffel, had been a victim of catarrh for a number of years, and had been treated by a number of physicians and taken nearly all remedies known to the public, and all without satisfactory results. He called on Fer-Don at Pasadena, Cal. and was told he could be cured. He had little faith, but was induced to make a last effort. Much to his, as well as to his friends' surprise, he was cured and has had no return of the catarrh for nearly two years. I earnestly suggest that any one suffering from chronic catarrh or any other chronic disease call on these doctors and place themselves under their treatment.

MRS. W. D. PECKHAM.
430 South Fir St., Medford, Or.
The reputation of the European medical experts is now established in Medford and Eugene.

THE NUMBER OF PROOFS GROW EVERY DAY.

European Medical Expert Effects Wonderful Cures—Testimony of Those Benefitted.

Reports concerning the wonderful success of the European Medical Experts in Eugene grow more encouraging every day. Testimonials from men, women and children whom the European doctor had treated during his stay in this city and vicinity are readily forthcoming. It is claimed, and those benefited and cured seem anxious to tell others of the good done by the European doctors.

The Great Fer-Don has written proofs of cures performed by the European Medical Experts in California and Oregon, and among them is that of Mr. J. G. Lowe, of Vallejo. Mr. Lowe suffered excruciatingly from stomach trouble and had gone to several physicians for treatment, but without relief.

Case of Mr. Lowe.
Mr. Lowe heard of the remarkable skill of the European Medical Ex-

perts, and attended the talks given nightly by the great Fer-Don. At first, like many others, he did not believe either in the Great Fer-Don or the European doctors, but when his friends told him of the benefits derived from treatment given by the latter, and when he saw with his own eyes the almost miraculous works of the European Medical Experts he became convinced. He then consulted the European doctors. He was given a dose of medicine for a tapeworm. In three hours' time he had the monster in his home.

"I think," said Mr. Lowe, "that the treatment received is the greatest in the world, and that the remedies of the Great Fer-Don are the best ever prepared for suffering mankind."

Mr. Lowe is a reputable man in the community and is ready to tell others of the benefit derived from the treatment of the European Medical Experts.

There is nothing so painful, so dreadful, it is said, as cancer. Mrs. J. L. Kitzick, of Coalinga, Cal., suffered for years with cancer of the mouth and nose, and tried many remedies, but failed to find relief from the agony she suffered. She is a young woman and has many acquaintances and friends in Coalinga.

She heard of the marvelous work of the European Medical Experts and submitted her case to them. Other physicians pronounced her ailment incurable, but with a few treatments at the hands of the European doctors and the Great Fer-Don she is ready and willing at all times to tell the suffering public about her case.

Daily the number of patients waiting for treatment by the European doctors grows.

A number of people from surrounding towns have come to Eugene to consult the European doctors. They offer treatment for a very small amount.

A few minutes spent in the waiting room of the European doctor at 466 Willamette street, Eugene, will prove to the most skeptical the true merits

and healing powers of this wonderful doctor.

The Great Fer-Don says: "What makes this European expert so much in demand is that he has cured and benefited so many. He has filed in his office testimonials from hundreds who have been treated and greatly benefited by him, and who are glad to let others know of the good done by him."

About Calamity Howlers.
"You see," continued the Great Fer-Don, "calamity always follows success, and there is always a certain class of humanity ready to cry 'bum-bug,' 'fake,' and 'quack,' but such characters are very seldom successful in any line of business, because they do not attend to their own."

"They are too busy sticking their noses into the affairs of others. For the benefit of some of these 'whistlers,' 'whippersnappers' and 'spitters,' I will give the names and addresses of certain citizens of Redding, Chico, Los Angeles, Oakland, Sacramento, Cal. and Medford, Or., cured and benefited by the European doctor."

"I stand ready to pay \$10,000 that these names and addresses are genuine. I want the howlers to go and see these people who have been suffering from stomach troubles, liver complaints, tapeworms, gall stones, tumors, cancers and other ailments and hear from their own lips what our doctor has done for them."

Why He Is Successful.
These are only a few names and addresses. But they will serve to open the eyes of the skeptical, of those who are crying 'fake.' Honesty is the best policy, and that is the way we are successful.

He will not accept an incurable case. He will not take a penny from persons he cannot cure or benefit. He makes false statements to no one, but deals honestly with all who consult him.

The Fer-Don Medical Experts can be consulted at 466 Willamette street, Eugene, Or., between the hours of 10 and 12 a. m., 2 to 4 and 7 to 8 p. m. He charges \$1 for consultation and examination.
