

Strong Healthy Women

If a woman is strong and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organism and are unfitted for motherhood. This can be remedied.

Dr. Pierce's Favorite Prescription

Cures the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them healthy, strong, vigorous, virile and elastic.

"Favorite Prescription" banishes the indispositions of the period of expectancy and makes baby's advent easy and almost painless. It quickens and vitalizes the feminine organs, and insures a healthy and robust baby. Thousands of women have testified to its marvelous merits.

It makes Weak Women Strong. It makes Sick Women Well. Honest druggists do not offer substitutes, and urge them upon you as "just as good." Accept no secret nostrum in place of this non-secret remedy. It contains not a drop of alcohol and not a grain of habit-forming or injurious drugs. Is a pure glyceric extract of healing, native American roots.

RUBLE HEALING PARLORS

Invites your attention that we are here to stay, and in addition to Mechano-Therapeutic treatments, I combine in the most scientific ways, as the disease may demand, earth, air, water, food, human magnetism and psychic measures.

Diaduction, which is but a part of my means to this end for the enrichment of the blood by oxygen, is lauded by Geo. P. Goodale, president of the Detroit Free Press. He says: "It is the most forward step in healing in 3000 years."

After having tried nearly all other means of cure, Marshall Field, America's greatest hardware king, says of Mechano-Therapy: "It is the best treatment I have ever found."

Cancers, gotters, tubercular, rheumatism and running sores are robbed of their poisonous toxins by my wonderful earth absorbents and permanently cured. Appendicitis, gastritis, weak eyes, piles, kidney, heart and lung disorders yield to my treatments when medicine fails. No pain, no drugs. Try us.

I am working some wonderful cures in Eugene and solicit your investigation. Examinations free.

OIL PROSPECTS IN WESTERN OREGON Government Will Make Examination of Coast Range Region

At the request of the chambers of commerce and other public organizations of western Oregon, the government has ordered an examination of the oil prospects of the coast range of Oregon. This is the same belt of mountains that contains the great oil fields of California, which in the last ten years have enriched that state over \$100,000,000 without materially affecting the total supply of oil in the ground. The California field alone produced oil valued at \$5,000,000 in 1909. Yet at the same rate of exhaustion, the field will last over 200 years according to the published estimates of the government geologist.

While such things in Oregon must still be considered only wild dreams, since almost nothing is known of the local prospects, nevertheless many people believe that the coast range of Oregon has as good indications of oil as the same range in California, and we certainly hope that the geological survey can find evidence on which to base a favorable report, and thereby encourage development of this possible addition to our resources.

The work is in charge of Mr. Chester W. Washburne, of the U. S. Geological Survey, Washington, D. C. Mr. Washburne is a former resident of Oregon and has already made preliminary studies in nearly every county in the state. He will soon examine this county, and all persons knowing of oil seeps, asphaltum, gas, salt, and sulphur water, and related phenomena, are urged to write a full description of the occurrence, including its location, and mail to Mr. Washburne, whose address is now Astoria.

This work is being done by the government primarily for the benefit of the people. The conclusions reached by the disinterested scientists of the geological survey will be impartial and unbiased. In order that this community may receive maximum benefit from the investigation, full co-operation is desirable between the residents of the county and the government geologist.

The escape of oils and gas at the surface of the ground rarely marks the spot at which commercial quantities have gathered underground, the location of oil pools being determined mainly by the structure and porosity of the rocks. Nevertheless, all indications are valuable in the estimation of the oil bearing character of a region, and it is therefore important that Mr. Washburne be informed of every indication. He is willing to examine as many indications as possible, and since the work is done by the government, there will be no charge for this service.

MISS FULLERTON WEDS Y. M. C. A. SECRETARY

Roseburg, Or., June 17.—Miss Kate Fullerton, one of the most popular of Roseburg's native daughters, and a graduate of the University of Oregon, last evening became the bride of Rev. Thomas Wesley Graham, of Minneapolis, Minn., at the home of the bride's parents, Judge and Mrs. J. C. Fullerton, in West Roseburg. Rev. John A. Townsend, of the Presbyterian church of Astoria, Or., an uncle of the groom, assisted by Revs. J. E. Burkhardt and W. A. Smick, of this city, officiated.

NEEDFUL KNOWLEDGE.

Eugene People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy, Bright's disease, or diabetes. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Eugene proof:

Mrs. H. P. Hendershott, 310 North Madison street, Eugene, Oregon, says: "Doan's Kidney Pills have been used in my family and have brought greater benefit than any other kidney medicine. It is a pleasure to tell how much this remedy has helped us."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agent for the United States.

RAILROAD BEING EXTENDED TO TIMBER

Construction Work on Extension of O. & S. E. Above Cottage Grove

Construction on the logging railroad from the terminus of the Oregon and Southeastern to the forest reserve, a distance of two miles and a quarter, was commenced and will be completed as rapidly as possible. The right-of-way has been cleared, the work having been finished last week, and men and teams are now engaged in grading and framing timbers for the bridges. Of the latter there will be several small structures and one about five hundred feet in length. Joe Darnewood is in charge of the bridge crew.

With the completion of the railroad, which is practically an extension of the O. & S. E. logging operations will begin in the forest reserve by the Fir Lumber Company of this city, recently organized and incorporated for the purchase of 75,000,000 feet of standing timber from the government. The company will not erect a sawmill this season, but will market its logs for the time being and construct a mill within the ensuing year.—Leader.
