

The Tenderfoot Farmer

It was one of these experimental farmers, who put green spectacles on a cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds his cow an experiment with a cow. He might almost as well eat shavings and get out of his food. The result is that the stomach action of the organs of digestion and nutrition are impaired and the diseases of dyspepsia and the agonies of nervousness.

When the stomach restores the activity of the organs of digestion and nutrition and braces up the nerves, the farmer will find that the confidence of physicians as to the power of thousands healed by its use.

"Golden Medical Discovery" is a temperance medicine. It contains no narcotics, and is as free from alcohol as water. It is a safe and reliable remedy for all ailments of the blood. There is no medicine for the blood "just as good" as "Golden Medical Discovery."

NEW EQUIPMENT FOR THE PORTLAND, EUGENE & EASTERN RAILWAY ARRIVING

Two Modern Passenger Cars Now on the Way—Several Freight Cars Amongst the Rolling Stock Ordered.

That Eugene will have modern service and modern cars on the new extension of the Portland, Eugene and Eastern, was verified today by Manager O'Connor who stated that new modern cars would be used and a schedule arranged satisfactory to the patrons of the line. Several new freight cars will be added to the equipment, made necessary by the large amount of gravel ballast to be used on the new line in putting the same in condition before fall rains commence. With the line completed and in operation as a modern system, a new factor in the growth of Eugene has sprung into prominence and an opportunity presented to all those who desire to become interested either as an investment or a home, take advantage of the College Crest addition to Eugene which is now on the market at sacrificed prices. Lots right on the car line, \$100 to \$150 each at \$10 down and \$10 per month. Acreage \$250 an acre and up. Car line passes directly through the property. For further information call or phone L.
