NEW EQUIPMENT FOR THE PORTLAND, EUGENE & EASTERN RAILWAY ARRIVING

Two Modern Passenger Cars Now on the Way—Several Freight Cars Amongst the Rolling Stock Ordered.

That Eugene will have modern service and modern cars on the new extension of the Portland, Eugene and Eastern, was verified today by Manager O'Connor who stated that new modern cars would be used and a

schedule arranged satisfactory to the patrons of the line. Several new freight cars will be added to the equipment, made necessary by the large amount of gravel ballast to be used on the new line in putting the same in condition before fall rains commence. With the line completed and in operation as a modern system, a new factor in the growth of Eugene has sprung into prominence and an opportunity presented to all those who desire to become interested either as an investment or a home, take advantage of the College Crest

addition to Eugene which is now on the market at sacrificed prices. Lots right on the car line, \$100 to \$150 each at \$10 down and \$10 per month. Acreage \$250 an acre and up.
