IN THE
World of SportLONDON SAYS FIGHT
WILL BE LONGBy Jack London
Reno, Nev., June 30.—Of course, every fight fan believes he knows just how the fight is going to go. I find myself no exception to this, and I am filled with quite definite ideas, in a general way, as to how the big fight will open and move on towards its finish.

For in the first place, barring accidents, lucky punches and yellow streaks, it will not be a short fight. There is practically no chance at all that it will be over inside of 10 rounds. Twenty would be nearer the mark, though it may go to 30. Thirty-five rounds is the maximum I dare to suggest, beyond which it is unthinkable that the contest can continue.

Neither man is a knocker-out in the sense that Fitzsimmons was or

that Sullivan was. Neither carries the relative kick in his biceps and shoulder muscles that can put a man to sleep at any stage of the fight. Both men depend upon the cumulative effect of their blows, Jeffries with his ribs and Johnson with his right smashes. Their method has been to reduce an antagonist a blow at a time, piling up an account of weakness and distress.

Thus, when the end comes, if it must, one of three things will happen: The referee may stop the fight and award the decision, because one or the other man is in a bad way; one or the other man, or his seconds, may throw up the sponge, because he is in a bad way, or one or the other, being in a bad way from the cumulative effect of punches received, will go down for the count before a blow, not necessarily severe, but enough to do the work on his weakened condition.

Major Taylor, the famous colored bicycle rider and former national champion, will re-enter the game at a series of races to be held at Salt Lake City during the summer. Taylor will meet Jack Clarke and Iver Lawson in individual and three-cornered contests.

University of Chicago baseball team will go to Japan for a series of games this fall. They will sail September 15 and return about January 1. They will play Waseda University of Tokyo, five games and the same number with Keio University of the same city.

George W. Little, manager of Jack Johnson, who had a falling out with the big fighter some time since, has dropped his suit against the black man, saying that "all financial difficulties had been settled." Peace and quiet will now probably reign in the Johnson camp now that Little has been reinstated as Johnson's manager.

NEW EQUIPMENT FOR THE PORT

RAILWAY ARRIVING

Two Modern Passenger Cars Now on the Way—Several Freight Cars Amongst the Rolling Stock Ordered.

That Eugene will have modern service and modern cars on the new extension of the Portland, Eugene and Eastern, was verified today by Manager O'Connor who stated that new modern cars would be used and a schedule arranged satisfactory to the patrons of the line. Several new freight cars will be added to the equipment, made necessary by the large amount of gravel ballast to be used on the new line in putting the same in condition before fall rains commence. With the line completed and in operation as a modern system, a new factor in the growth of Eugene has sprung into prominence and an opportunity presented to all those who desire to become interested either as an investment or a home, take advantage of the College Crest addition to Eugene which is now on the market at sacrificed prices. Lots right on the car line, \$100 to \$150 each at \$10 down and \$10 per month. Acreage \$250 an acre and up. Car line passes directly through the property. For further information call or phone L. OPEN LETTER

TO I. H. BINGHAM

And Reply of Mr. Bingham to Mr. Bean

L. E. Bean, republican candidate for state senator from this county, has sent the following letter to I. H. Bingham, candidate for re-election, and has also given the letter to the local press for publication. It reads:

Dear Sir: I have definitely concluded to come before the republican assembly, July 2, as a candidate for the office of state senator, and in the interests of harmony and the success of the republican party, noting your public announcement as a candidate for the same office, subject to the will of the republican party, I take this means of conveying to you my wish and desire that you also come before the assembly that the matter of a choice between us and such others as may aspire may be finally settled there.

In which event, should a majority of the assembly favor your candidacy, I shall gladly withdraw and give to you my earnest and hearty support. Should I receive the assembly endorsement, I should expect as cordial support from you.

Trusting that you will give this matter your early and favorable consideration, I beg to remain, Yours truly,
L. E. BEAN.

Eugene, June 30.

I. H. Bingham's Reply

I. H. Bingham has replied to the letter of L. E. Bean on the senatorship as follows:

Hon. L. E. Bean, Eugene, Or.—

Dear Sir: Replying to your favor of this date relative to the candidacy for state senator for Lane county, I beg leave to say I fail to see where the interests, harmony and success of the republican party will be advanced by an assembly of republicans nominating a county ticket on Saturday next. In the first place, there is no two to four aspirants for the different county offices. Some of the candidates' petitions are already being circulated and will be filed with the county clerk before the assembly date, July 2, and furthermore, many of the precincts throughout the county will not be represented at the assembly meeting. In addition to this, our people are divided upon county division matters to be voted on at the coming general election and some of them will hold aloof from attending the assembly meeting for that reason.

I will make you this counter proposition: The primary law provides that the voters of Lane county shall be the assembly, before whom you and I and all other aspirants for the office of state senator shall submit our claims, and I suggest that we file our petitions in the regular way, submit the issue to the electorate and abide by their decision. If you are the successful candidate I promise to give you my unqualified support, and I shall expect nothing less from you if I am successful.

In my estimate this comes nearer meaning harmony and success for the republican party than pursuing the methods advocated by you.

Very truly yours,
I. H. BINGHAM.

Eugene, June 30.

Do You Get Up

With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N.Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N.Y., on every bottle.
