General and Mrs. Howe, Who Seek to Revive Army Socials

Photo by American Press Association

In the olden days—that is, during the pioneer period—social fuctions were numerous in army circles. But things quieted down and these functions were set aside as a thing of the past. General Howe, commander of the department in the east, stationed at Governors Island, is busily engaged in an endeavor to resurrect this old time custom. He and Mrs. Howe intend to entertain members of society folks extensively this season and will urge the example to be followed by other officers, which will assist in the move.

YOU NEED A SUMMER HOME

Now is the time to begin arranging for your summer vacation. You will need to get the wife and children away from the coming summer heat and dust and into pure and cool atmosphere. Why not take one of those ten-acre tracts in the suburbs of Florence, near the ocean, that you can now buy for $500? Keep it a few years and you will be able to sell it for $10,000 or more. The people of Los Angeles made millions out of the development of adjacent ocean beach property, and millions will be made out of the development of Lane county beach property, and you had just as well make a few thousand while you are providing pour family with wholesome summer recreation.

If you do not like going so far away as Florence, try one of those City View Park tracts lying within the suburbs of Eugene, close by the artesian well. These tracts are well wooded, shady retreats, elevated above the dust of street traffic, the full force of the ocean breeze making them ideal for summer homes. They are growing in value every year far more than the interest on the money required to pay for them.

You can make a summer camp here and double your investment at the same time. These tracts are only ten to fifteen minutes walk from the College Hill loop street car line now in operation and right on the Eugene-Siuslaw electric line right-of-way. You can make an ideal summer home here and come into the city for business every day. These tracts can be bought now for $200 an acre. They are just as close to the business center as some other land that now brings $2,000 per acre in city lots, and the law of "equal distance, equal value" will make one worth as much as the other in a very short time. See George Melvin Miller, owner of the Florence and City View tracts, at room 20, corner Eighth and Willamette, who will make terms to suit your pocketbook. tf

LONG FELT WANT IN EUGENE

While working in the largest dying and cleaning works on the coast and while there seeing lots of garments shipped from Eugene to be dye-cleaned or dyed, and after investigating and going over the ground thoroughly, we saw at once that there was a good opening for a first-class cleaning and dyeing works in Eugene, so we decided to put in a first-class plant, and are doing well from the start. We are the only experts in this line north of San Francisco, and have had over 12 years' experience and guarantee all work. All articles dyed by us are treated separately for sanitary purposes and done by hand. In this way we obtain good results as no machinery is used in our work that will tear or injure the fabric.

Everything possible in cleaning or dyeing. Eugene Dye Works, 115 E. Ninth street, Phone Main 122. C. Marx, manager.
